## Communists and Nationalists Clash in Budapest

## PORT SAID IS JITTERY OVER WITHDRAWALS

## BULLETIN

London (AP)—Prime Minister Eden's chief deputy, R. A. Butler, told the House of Commons today the reins of the British government will be "handed back" to Eden immediately on his return from his Jamaican rest cure. Butler's statement, however, did nothing to lessen speculation that Eden soon may be forced to resign. Butler said Eden "would wish to face the music"—a reference to the controversy in Britain over his Suez invasion policies. The House votes tonight on a confidence motion which, if not carried, could force Eden's Cabinet to quit.

Port Said, Egypt (AP)—Another batch of British and French forces left Port Said today. The growing pace of the troop withdrawals caused near panic among the city's European communities.

Task force headquarters said 1,853 set sail aboard the troopship Diwara for England. More than 2,000 left yesterday. Another troopship is being loaded for departure within the next day or two, and three more troopships are expected in port shortly. (Turn to Page Eight)

## Large Shipment of Detonating Fuses Linked With Blast

New York (AP)—A Connecticut firm says almost seven tons of detonating fuses—which some officials contend may have caused the terrific blast during a Brooklyn pier fire—were shipped "in strict conformity with all regulatory requirements."

The blaze and explosion last Monday killed 10 persons, injured 246 and caused damage estimated by city officials at 15 million dollars. A probe of the disaster continues—including the cause of the fire.

The Ensign Bickford Co. of Simsbury, Conn., said last night it shipped 1,950 cases of "Primacord" fuses to its West Coast distributor.

Stoughton S. Ellsworth, a company vice president, said "Primacord" is designated by the Interstate Commerce Commission as a Class C or minimum-hazard explosive. He said the fuse also had been approved by the Federal Bureau of Aeronautics for shipment via air freight.

City Fire Commissioner Edward F. Cavanaugh Jr., however, said yesterday that shipment of such a quantity of this material was of a "hazardous character."

## The Ed Stokes Fund

ED STOKES FUND rose over the \$3,000 mark today as dozens of little contributors continued to accumulate large organizational donations.

Biggest to date came from Sylvania employees who, with their wonderful bundle of \$665.50 sent this note: "We, the undersigned employees of Sylvania Electric Products, wish to contribute to the Ed Stokes Fund that we might, in our own small way, be of some help in his rehabilitation."

Another generous \$75 came from employees of Warren Power Plant and the Load Dispatchers also employed at the plant.

Pennsylvania Gas Company employees from the Conewango Avenue plant chipped in for a grand \$31. Warren Chapter Eastern Star \$16, Win-One Class of Bethel EUB church sent \$5, Women of the Moose dispatched \$10 and Sheffield Democratic Women's Club sent another \$5.

The imposing total now is \$3,176. \$10 of that amount was sent along by Mr. and Mrs. Charles Donelson of Bradenton, Fla., who

## Today's Times-Mirror Comes in Two Sections

Today, in cooperation with the American Legion 40 et 8 we are pleased to present the Annual Times-Mirror Automobile Edition of 34 pages, which comes to you in two sections. The first consists of 20 page, carrying the usual run of daily news, including Topics, Obituaries, Society, Sport, Classified and other features. The second section consists pretty much of automobile advertising, along with news pertaining to the automotive field of special interest to motorists, particularly those who may be interested in the 1957 models which will be displayed at Beaty Cafeteria.

The exhibition will open at seven o'clock Friday evening and continue through until ten, and will be open to the public Saturday from two until ten. Complete details about the auto show will be found in a story on Page 22 of the second section.

The committee emphasized again today that the hours are from seven to ten on Friday evening, and Saturday from two in the afternoon until ten in the evening.

## French Classic Is Much Enjoyed By Queen Elizabeth II

## By EDDIE GILMORE

London (AP)—Queen Elizabeth II rode back to Buckingham Palace early today chuckling over a naughty French bedroom farce that her grandfather once called "the hottest show in town."

The play was "Ocoupe-Toi d'Amelia," "Occupy Yourself With Amelia," a between-the-sheets classic from across the channel which has kept Continental audiences laughing for years.

The Queen and her party of 20 smiled, giggled and laughed out loud for 3½ hours. Then she went backstage at the Palace Theater and congratulated the members of the visiting French repertoire company that Jean-Louis Barrault and his wife Madeleine Renaud had brought over from Paris.

The farce is about a Parisian ecote with no morals but a great many boy friends, including one visiting royal prince.

(Turn to Page Eight)

## BIG EXPENSE ACCOUNT

Pittsburgh (AP)—The Allegheny County Democratic organization spent \$180,571 during the campaign leading up to the general election last Nov. 6. The party's expense account was filed yesterday with the County Election Bureau. In 1952, the county Democrats spent \$143,636. President Eisenhower carried the Nov. 6 election by 65,000 votes. In 1952, Democrat Adlai Stevenson had an edge of 11,000 votes.

## 15 ARE JAILED IN TENNESSEE RACE DISPUTE

## BULLETIN

Clinton, Tenn. (AP)—Ten more of the 16 persons accused in racial violence which closed integrated Clinton High School Tuesday faced a federal judge today as officials made plans to reopen the school. U. S. Dist. Judge Robert L. Taylor of nearby Knoxville issued criminal contempt warrants for the 16 yesterday, charging them with violation of a court order forbidding interference with integration of the school. Fifteen of them—6 men and one woman—were in jail at Knoxville within a few hours.

## By DON BINKLEY

Clinton, Tenn. (AP)—Nine more of the 16 persons accused in racial violence which closed integrated Clinton High School Tuesday faced a federal judge today as officials made plans to reopen the school.

U. S. Dist. Judge Robert L. Taylor of nearby Knoxville issued criminal contempt warrants for the 16 yesterday, charging them with violation of a court order forbidding interference with integration of the school.

Fifteen of them—6 men and one woman—were in jail at Knoxville within a few hours. A 16th, reportedly a woman, was still being sought by federal marshals.

Six of the prisoners, including W. H. Till, chairman of the pro-segregation white Citizens Council here, were arraigned before Judge Taylor last night. All denied the charges. Other arraignments were postponed until today.

There also was a report that steps have been taken to see if bail can be revoked for John Kasper, 26, who has appealed Taylor's one-year sentence on a similar charge in previous disorders at school opening last August.

The Anderson County School Board, which had ordered the school closed Tuesday "until further notice," decided after the 15 arrests last night to reopen the school next Monday if possible.

The closing followed a series of increasingly numerous racial incidents climaxed Tuesday by the beating of a Baptist minister, the Rev. Paul Turner, after he had escorted six Negro pupils to school past jeering bystanders.

The school admitted 12 Negroes among 800 white pupils Aug. 27 under Taylor's orders, after five years of litigation. Resulting disorders during the first week

## Three Blown To Bits In Chemical Plant Blast

East Alton, Ill. (AP)—All three men working in a storage shed for nitroglycerin solvent apparently were blown to bits at the Olin Mathieson Chemical Corp. yesterday.

Parts of two bodies were found. A third man was listed as missing and presumed dead.

A few hours later one employee was killed and four others were injured in an explosion at the firm's chemical plant in Niagara Falls, N. Y.

The East Alton blast demolished three buildings and damaged three others. It erupted a ball of fire which set several buildings ablaze.

Twenty-seven persons were hurt four seriously.

## New Car for Driver Training Class

Four pupils from Warren High School driver education class were at Dan's Chevrolet on Wednesday morning as Dan himself turned over the keys of the 11th dual control car to student Mark Peterson. Behind the wheel of the "tomato" red and white vehicle is Karlene Bartsch, with Ann Loding and Cindy Dick holding down the back seat. Driver instructor Jim Springer reports that approximately 700 students have received driver training since the program was begun in the fall of 1948. Timesphoto.

## "In-Law" Doesn't Think Much of Ike's Cooking

Seattle (AP)—One of President Eisenhower's close relatives says he is "all bluff." About cooking, that is.

The relative is Mrs. Edgar Eisenhower of Tacoma, Wash., the President's sister-in-law at whose home the President stayed while campaigning this fall.

"Being married to an Eisenhower," the sister-in-law told the Women's University Club yesterday, "I know the President's cooking is all bluff. He turns the knob on high, burns it to a crisp and that's all."

## Democratic State Committee Reports Spending \$105,324

Harrisburg, (AP)—The Democratic State Committee today reported it spent \$105,324 in the 1956 election campaign while receiving \$112,212 in contributions.

This compared with more than a half million dollars in campaign expenses reported by the Republican State Committee yesterday.

The finance committee of each party were expected to make their reports to the State Elections Bureau before today's deadline expires.

Individual contributions to the Democrats included \$3,000 each from Sen. Barr, Democratic state chairman; H. K. Hochschild, Mrs. Mary Lasker, L. K. Christie and Ruth and Marshall Field.

Mayor David L. Lawrence, Pittsburgh, was listed for a \$2,000 contribution; R. J. Reynolds for \$2,999, and A. E. Obolock, \$1,500.

Donations of \$1,000 each were reported from Gov. Leader, L. L. Gov. Roy E. Furman, Internal Affairs Secretary Genevieve Blatt, Joseph F. Spatola, John C. Hoffer and Judge Philip Carr of the State Superior Court.

Sen. James H. Duff, defeated Republican candidate for re-election, filed a report showing receipts of \$9,444 and expenses of \$8,075.

G. Harold Watkins, Republican, elected to the State Superior Court, filed contributions of \$215 and expenses of \$454.

The Pennsylvania Volunteers for Stevenson-Kefauver, reported receipts of \$12,395 and expenses of \$14,731.

## KILLED ON B. &amp; O.

Connellsville (AP)—A Baltimore & Ohio Railroad train yesterday killed 61-year-old Frank Yost of Van Meter, Westmoreland County, at Bradford, three miles west of Connellsville.

## Pleasant Township Directors Protest Costs for Access To Proposed Site for New School

A representative of Pleasant Township School Board has gone on record with the statement that costs for an access to the proposed Swick site for a new high school is a matter worthy of more than "petty debate."

L. M. Schaeffer, one of two Joint Committee members who voted against a Swick site recommendation to the full board on Nov. 10th, has stated in a letter to the Pleasant School Board that in his estimation eventual overall costs resulting from the inaccessibility of the Swick site could amount to close to \$1,000,000, all coming from taxpayers' pockets.

Broken into its components this figure includes: Approximately \$375,000 for school bus service over 50 years. Stating that school bus rental is \$3,000 a year and that a minimum of five such vehicles would be required each year, Mr. Schaeffer estimates that total costs of such transportation for 50 years would cost the area \$750,000, half of which would be returned by state aid.

(School bus service is required for students living more than a mile and a half away, says Schaeffer. The board member then states that this would mean complete bus service for areas beyond Conewango and Third, Fifth and East streets.)

The next figure mentioned by Mr. Schaeffer is \$300,000 for access roads. This would include \$60,000 for developing a Glade Avenue approach and a figure five times that great for improving the Fifth Avenue access, both approaches desirable according to the statement.

Mr. Schaeffer's final component figure is an "astronomical figure of \$565,000 for developing an access from Lookout Street. Refer-

## "Deplaning Bullfrogs" Delay Plane's Takeoff

Bluefield, W. Va. (AP)—Two bullfrogs which should have hopped off the plane at Huntington, W. Va., were still leaping around in the baggage compartment of a Piedmont Airlines plane when it arrived here. The plane's departure was held up while crew members trapped the critters. The pilot listed the delay as due to "deplaning bullfrogs."

## Testimony Ends in Month-Old Trial of New York Kidnaper

Mineola, N. Y. (AP)—Testimony ended today in the month-old trial of Angelo LaMarca for the July 4 kidnap-slaying of 32-day-old Peter Weinberger. The trial was adjourned until tomorrow.

Judge Mario Pittoni told the all-male jury that they would receive the case after both sides have summed up their arguments and he has charged the panel.

Since the trial began Nov. 5 in Nassau County Court, the state called 26 witnesses, the defense 3. LaMarca admitted taking the Weinberger baby from its Westbury, N. Y., home on Independence Day and almost immediately abandoning it to die of suffocation in a nearby Long Island honeysuckle thicket.

He made several vain attempts to collect a \$2,000 ransom. The baby's body was not found until the day after LaMarca's arrest.

LaMarca is pleading innocent to murder and kidnap charges on the ground he was driven by personal financial problems. He faces death in the electric chair if convicted.

## Two Hunters Gun-Shy Because of Oversight

Two hunters are gun-shy today as a result of an oversight while hunting Tuesday on Morrison Hill southeast of Tidouss.

The men had leaned the guns against their truck while having lunch. When they finished eating the pair of nimrods drove off to hunt another valley forgetting about the rifles.

The men were reminded of the forgotten guns when they passed a car coming along the road in the opposite direction. Driving back to the spot they found the guns had already been picked up.

The finder is asked to return to Warren State Trooper barracks the 30-40 Krag and Winchester.

## SUPPORTERS OF PREMIER KADAR BATTLE OPPONENTS IN BOULEVARD OF CAPITAL

Budapest (AP)—Progovernment and nationalist demonstrators clashed in Budapest today and eyewitnesses said at least two men were killed and several were wounded.

The clash started when a group of about 100 demonstrators siding with Premier Janos Kadar and carrying Red flags met another group of about the same size bearing nationalist flags on Budapest's great boulevard shortly after noon.

The nationalists tried to wrest the Red flag from the hands of the Communists and a general fist fight got under way.

The Communists were escorted protectively by Russian armored cars. Some unidentified person fired a pistol and the Russians fired a volley above the heads of the demonstrators.

The whole boulevard was emptied in a minute. Russian tanks and armored cars rumbled up and down the street, apparently to frighten residents of the city.

Members of the Hungarian officer corps stood at the corners with tommyguns ready for action.

They said a sniper was shooting from a window, but they could not find him.

Farther down the boulevard, toward the Danube and on Marx Square the crowd refused to disperse and packed the sidewalks in a challenging mood.

Earlier, workers had struck spontaneously in several Budapest factories in protest against the rough handling of demonstrators yesterday by Soviet troops and Hungarian police. The Budapest Workers Council had advised against a general strike.

The huge factories in the industrial complex on Csepel Island where workers made their stubborn stand against the Russians during the recent revolution, were working as usual. Ten large Russian tanks stood near the factory gates.

Most buses and street cars were in operation in Budapest. New posters throughout the city called for an "hour of silence" from 2 p. m. to 3 p. m. Residents were requested not to go out on the streets during this period.

Strikes were called largely in factories where members of the worker councils had been arrested yesterday on orders of the Russians. About 50 such arrests were made.

Warren Ambulance Service is expanding its operations once again.

Keith Nulph, manager, announced today that effective midnight, Dec. 10 services would begin operation in St. Marys.

That will bring the number of emergency vehicles operating under the name Warren Ambulance Service to six, two each in Warren, Kane and St. Marys.

Mr. Nulph began operating in Warren Oct. 1 when funeral directors dropped the ambulance service. He stepped into Kane and St. Marys also when funeral directors there stopped money-losing operations. St. Marys' number is 41-500.

Lately, ambulance calls in Warren have been averaging two a day for WAS.

Union at Hammonds Signs Supplement Labor Agreement

The following statement was released today by an official of Local 659 of the International Brotherhood of Boilermakers, Iron Ship-Builders, Blacksmiths, Forgers and Helpers, AFL-CIO:

Negotiations between Hammond Iron Works of Warren and Local No. 659 of the International Brotherhood of Boilermakers, Iron Ship-Builders, Blacksmiths, Forgers and Helpers, AFL-CIO, on a wage and vacation reopener, were concluded with the signing of a supplement to the Agreement on December 5th.

Main provisions of the settlement include: wage increases averaging approximately 13.5c, effective December 1, 1956; improved Group Insurance, Hospitalization, Sick and Accident coverage, and an improved vacation schedule giving the 7 year employee an additional day of vacation, the 9 year employee 2 additional days, the 11 year employee 3 additional days and the 13 year employee 4 additional days.

In addition, a cost-of-living clause was inserted into the agreement, to be effective from December 1, 1956. The cost-of-living provision is based on the Consumer Price Index October 15th figure of 117.7, and makes allowance for automatic semi-annual increases in the negotiated wage rates in the event cost of living continues to climb, but prohibits a decrease lower than the negotiated rates in the event the index drops.

The current 2-year Agreement, which was to have expired December 1, 1957, is extended for a period of 11 months, until November 1, 1958, and an additional 10 cent general and uniform increase in rates becomes effective December 1, 1957. The extended Agreement can, however, be opened on December 1, 1957, for additional negotiations.

Hammond Iron Works was represented during the negotiations by R. Y. Kopf, President, while the International and Local unions were represented by International Representative Graham, Lodge No. 659 President William Wholeben, Committeemen Duane Bliss and Merle Passenger.

DeSoto Offers Greater Safety

SUGAR GROVE

Sugar Grove — Mrs. F. A. Schoonover entertained Bridge Club Monday evening, with honors for two tables going to Mrs. J. A. McIntosh, and Mrs. William Lester was a guest. The hostess served a two course lunch from a dining table which was centered with a birthday cake honoring Mrs. Conrad Youngberg.

Mrs. Catherine Carr was hostess for a Sunday dinner party honoring the 26th wedding anniversary of her daughter, Mrs. Laurence Saxon, and husband; also the 13th anniversary of Mr. and Mrs. Charles Johnson, Youngsville.

Burt Schoonover returned Wednesday with a six-point buck after a few days' hunting at a camp near Driftwood.

Among hunters getting deer on the opening day of the season were Richard and Ray Sanders, Guy J. Sammerson, Carl Allen, Stuart L. Andersen, Jack Thorpe, with a number of others successful since.

IDEAL CHRISTMAS GIFT KETTLINGER'S ARCHERY SUPPLIES 78 McKinley Av., Pleasant Twp. Open every day and evening except Sundays.

1957 March of Dimes Is Being Sponsored by Zonta 15th Year

Members of the local Zonta Club are busier than the average Warren County woman in these busy days by reason of the fact they are engaged in organizing their 15th annual campaign on behalf of the March of Dimes to fight Polio.

The Salk Vaccine has dramatically cut the incidence of polio during the past year, but there are today about 80,000 children and adults who urgently need a helping hand in their long, difficult struggle.

Doing all we can to give them the care they need is just as important a part of the March of Dimes victory over polio as the Salk Vaccine. That is why we have

LOW-COST!  
African Hardwood Paneling

WELDWOOD®  
SAMARA™  
WALL PANELS

Now... you can finish off your attic or basement... or panel the walls of any room in your home with real African hardwood paneling—at about half the price you'd expect to pay!

Weldwood SAMARA is such a handsome paneling, too! Made with genuine African veneers, it has the lovely grain pattern and color of light-pink mahogany. Makes the perfect background for any interior. The big panel sizes are easy to handle—help speed installation, 1/4" thick. Can be finished in a variety of interesting ways. It's guaranteed, too!

**SAVE! Install It Yourself!**  
You can put up these "real wood" panels—yourself! Then, finish them off with Weldwood's SATINLAC. It's easy! We'll show you how! Stop in today. See SAMARA—the bargain-priced African hardwood paneling!

Phone 920

chosen as our 1957 March of Dimes slogan, "Let's Finish the Job."

Last year Warren County contributed more than \$17,000 to the March of Dimes. This excellent showing was realized by outstanding cooperation from Mothers Clubs in connection with the annual Mothers on the March, the V. F. W. on Blue Crutch Sales, organizations throughout the Borough and County sponsoring benefits, individuals who assist year after year in many different capacities, and the press and radio keeping the campaign news and dates before the public. Also local clubs and businesses have given substantial help by prominently displaying coin card collectors and promoting their use by special offers.

Assignments for the 1957 March of Dimes campaign from the Zonta membership include: Mrs. Leota Clark and Miss Estelle Roswell, Co-Chairmen Warren County March of Dimes; Miss Claire Elliott, Warren Borough Chairman, Mothers on the March; Mrs. Lena Schaeffer, Warren County Chairman, Mothers on the March; Mrs. Marguerite Painter and Mrs. Eleanor Schultheis, Co-Chairmen Warren Borough Coin Cards; Miss Dorothy Belknap, Special advance gifts; Mrs. Georgia Coyle, radio publicity.

The VFW and Ladies Auxiliary under the co-chairmanship of Edward Nasman, Warren and Mrs. Virginia Sauter, of Sheffield, will conduct the Blue Crutch sales on January 4 and 5.

A number of other workers have been secured and will be announced next week when it is hoped the assignments will be complete.

Pupils Say Extra-Curricular Work Is Most Popular

University Park — Extra-curricular activities are among the most popular part of the program in our elementary schools and high schools in the opinion of the students.

Dr. David W. Russell, professor of education at the Pennsylvania State University, made a study among students in education on "What I Liked and Disliked about My Elementary and Secondary Education."

The extra-curricular program topped the list of "like" for both elementary and secondary schools and their lack in some schools headed the "dislike" column. Other enrichments of the high school

THE ANIMALS' CHRISTMAS

BY WALT SCOTT

MAN! AM I TIRED! SEEMS LIKE I'VE WALKED A HUNDRED MILES, BROON!

ME TOO, GUFFY, BUT WE JUST GOTTA KEEP GOING!

I CAN'T UNDERSTAND HOW THAT MOUSE COULD GET SO LOST!

LET'S GO THROUGH THAT PATCH OF BIRCHES ONCE MORE-- WILL YOU LOOK AT THAT?

LOOK AT HIM! EVERYBODY'S OUT HUNTING FOR SNIFFER AND HE SKATES!

WILMOT WEASEL WOULDN'T TURN HIS HAND TO HELP ANYONE. HE WOULDN'T! WELL, IT TAKES ALL KINDS!

academic program, such as field trips, excursions, library facilities, and opportunities for creative work in art, music, and shop also were praised.

The elementary school "likes" included sports, games, field trips, spelling bees, story hours, and "nice" teachers. Several high school students also list good memories as among their happiest memories and cited their good influence.

Some students cited the poor grounding they received in mathematics and English, key subjects in preparation for college. Several criticized their teachers for not showing interest in preparing students for college.

Among other dislikes mentioned were overcrowded classrooms, too-short lunch periods, and both over-emphasis of athletics and inadequate facilities for sports.

Discussing the results of the study, a panel of students concluded that the main purpose of the American school should be to aid in the development of the academic, social, and physical growth of youth and that schools should be geared to meet the needs of youth.

**Army Private Who Detected Raiders "Only Doing Duty"**

Williamsport (P) — The Army private, who detected and vainly warned of the approach of Japanese planes at Pearl Harbor on Dec. 7, 1941 says the nation "should remember what happened

15 years ago in view of what might happen today."

Joseph L. Lockard, now 35, working as a draftsman, talked reluctantly about his experience that day at Pearl Harbor.

"My Pearl Harbor memories are not particularly happy," he told a reporter. "I wish only that it had happened to somebody else. All that fuss got to be a bit wearing and I prefer to be known as just another veteran of the second world war."

"I'm no hero," he went on. "Something I've never been able to make clear to reporters and the public is that I just happened to be stationed at an Army radar screen when those Japanese planes passed within its range. I spotted them and did my duty reporting their presence. I did not even know they were Japanese planes."

TODAY is pay day for all who have classified ads.

**Less Workers Are Idled by Stoppages Department Says**

Washington (P) — The Labor Department says fewer workers were idled by work stoppages beginning in October than in any corresponding month since 1948.

The department's statistics bureau also said that preliminary estimates showed a marked improvement in the situation over October a year ago.

The bureau said 325 stoppages beginning this October idled 130,000 workers compared with 431 new stoppages in October 1955 directly affecting 214,000 workers.

Including stoppages that began earlier, there were 525 in effect in October, idling 190,000 workers for an estimated one million man-days. In October 1955, the department said, there were 654 stoppages in effect, idling 292,000 workers for 2,470,000 man-days.

AUTO SHOW TO AID NEEDY GROUPS

Even as the Annual Warren Auto Show is designed to present an all-on-one floor view of the latest creations of America's gigantic automotive industry, it also means a great deal to several local groups.

Boys and girls living at the Hoffman Children's Home or the Ruth M. Smith Home in Sheffield, anxiously await news of financial success at the auto show's conclusion. They know that the 40 at 8 has big plans to make their lives happier with the monies received. Christmas, Easter and summer vacation are made brightly eventful as Voyageurs look after these kids.

At Warren State Hospital, veterans, too watch for news of the Auto Show, because, they realize that their fellow ex-soldiers will never forget them or what they did for their country. These patients anticipate some fine entertainment and plenty of cigarettes, magazines and such, when the 40 at 8 of The American Legion takes hold for another year of philanthropic effort.

Let's all support this big yearly spectacular. Forward! March to Beaty cafeteria on Friday and Saturday!

BRITAIN'S PLEA FOR HELP

In the opinion of feature writers in Washington Britain's plea for permission to pass up payment of nearly \$82,000,000 due to this country at year's end has drawn promises of sympathetic consideration from key senators.

As Associated Press writer Milton Kelly says the reaction at the State Department was similar, but officials indicated the Eisenhower administration will ask Congress to rule on the British request. Doubt is expressed that the executive agencies had authority to take final action.

Congress does not convene until Jan. 3. The payment is due Dec. 31, but it appeared that the question would be left hanging fire until Congress has had time to consider it.

The London appeal, coming on the heels of British-French invasion of Egypt, in effect amounted to a request to this country to share the cost of that U. S.-opposed venture.

Britain's chancellor of the exchequer, Harold Macmillan, told Parliament this week his country's gold and dollar reserves have shrunk. He says the request to the United States was a step essential to protect the stability of the British pound sterling and save it from devaluation which would have repercussions around the world.

The \$82,000,000 is an interest payment—71 million due on a U. S. postwar loan of 3½ billion dollars and 11 millions on a 600-million-dollar sum agreed to as settlement of Britain's World War II lend-lease account with the United States.

Also due Dec. 31 are payments of 57 million dollars in the principal of these two accounts. This sum is not affected by the British request.

"If the British can't pay, they can't pay," Chairman Hayden (D-Ariz.) of the Senate Appropriations Committee told a reporter. Hayden said he would go along with an emergency "waiver" of the interest payment—the term used by Macmillan in describing the request.

Sen. George (D-Ga.), retiring chairman of the Senate Foreign Relations Committee, says, "I anticipate sympathetic consideration of a modification or postponement" of the interest payment.

Sen. Wiley (R-Wis.), the Foreign Relations Committee's senior Republican member, says he feared failure to grant the request might set off "a harmful economic chain reaction" from which the whole free world would suffer.

THOUGHTS FOR TODAY

Of his own will begat he us with the word of truth, that we should be a kind of first fruits of his creatures—James 1:18.

God's creature is one. He makes man, not men. His true creature is unitary and infinite, revealing himself, indeed, in every finite form, but compromised by none.—Henry James.

Here and There

A cousin of Mrs. Michael Papavero, 407 Conewango avenue, Michael J. Crosetto, chairman of the Pennsylvania Labor Relations Board, was signally honored last month when he was invited to address the convention of the International Association of Governmental Labor Officials at the Hotel di Lido, Miami Beach, Fla. Long active in labor-management affairs, Chairman Crosetto spoke on the subject "Overall Objectives to Conciliators Assigned." He also participated in a panel for the Mediation and Conciliation Committee. Participating on the panel with Mr. Crosetto were Renato E. Ricciuti, Commissioner, Connecticut Department of Labor; Louis Fine, Chief Conciliation Officer, Ontario Department of Labor; Arthur Stark, executive director, New York State Board of Mediation.

An item of local interest that appeared this week in the "Round About Town" column of the Jamestown Post-Journal, says: A catastrophe was averted one dark night several weeks ago in Warren, Pa., by Dr. Clayton L. Akun, director of Education, Bemus Point Central School District. Dr. Akun who resides at 29 Sunnyside Avenue, Bemus Point, was enroute to Washington, D. C., on business. The Post-Journal was told the incident occurred after the driver of the Greyhound Strato-cruiser bus had parked at the Greyhound Terminal. A moment or two after he left the bus to go into the station, the vehicle, which was on an incline, started to roll backward. A soldier, seated on the lower level, attempted to stop the bus, but apparently in his attempt, stepped onto the right pedal, which turned out to be the accelerator. Dr. Akun, seated in his seat on the sight-seeing deck, the level above, saw the soldier's plight and went to his aid. The educator sat into the driver's seat and stepped onto the left pedal. That was the brake and the ve-

hicle came to a stop. But, before the bus was halted, it had traveled backward for a distance between 100 and 150 feet. Later the few passengers, who remained calm, discovered that the bus came to a stop a few feet from the top of a bank. Below the bank, they discovered the waters of the Conewango Creek were flowing by at its usual rapid pace.

When planning what to do with your Saturday nights, don't forget the series of round and square dances the North Warren Fire Department Auxiliary is holding in the Community House to raise more than \$400 for the purchase of a peneolator. This energetic group has already made the down payment of \$175 on the equipment and has six months to raise the remaining \$263.95. You'll not only be fixing yourself up for a good time but you'll be helping a most worthy cause.

## Nurse Aides and Gray Ladies Given Red Cross Recognition

A very pleasant Recognition Party was staged in Red Cross headquarters, 404 Market street, as an expression of appreciation for the service given by the Nurse Aides and Gray Ladies groups of Warren County Chapter.

Mrs. Paul Harrington, chairman of Gray Lady Service, commended this group for its untiring service at Warren General Hospital, the Blood Bank, in the March flood, and wherever their cooperation and help has been needed.

Gray Ladies were then awarded bars and chevrons earned during the year. A bar is given for 50 hours of service during each year, until the volunteer has received three bars. It is then replaced by a chevron representing four years of service. Many Gray Ladies have exceeded the minimum requirements. These volunteers have also accepted the responsibility of recruiting new Gray Ladies. Mrs. Norton Harris has charge of

#### Parents Must Help Child Combat Weight Problem

IT is a grave injustice to a child for parents to let him turn into a "fatty."

Fortunately the writer of this letter recognizes that and wants to do something about it.

She asks, "How can I help my 12-year-old daughter, who is overweight, attain a normal figure so that she can wear clothes suitable for her age?"

"This year she started junior high school and for the first time is interested in how she looks. In fact, she has developed an inferiority complex about her size."

The thing to do, of course, is to take your daughter to a doctor and let him give her a physical checkup and prescribe a diet for her.

Then see that she gets all the encouragement she needs for sticking to it.

**EATING CAN BECOME A SYMBOL**

If you let the matter go, she will continue to gain. And as she grows fatter she will feel more and more left out. Then she'll eat more and more to compensate for her loneliness. It's a vicious circle, so the sooner you break it, the better.

You are right in being worried enough to want to do something about your daughter's problem.

A young girl who is overweight, who can't wear the kind of clothes other girls wear and is overlooked by the boys her age, has a hard time.

A planned regimen and encouragement from her family will help her realize the importance of sticking with a diet until she "looks like the other girls."

It is a crime to let a child set herself apart by a wall of fat.

(All rights reserved, NEA Service, Inc.)

of services of both in the community. She also explained the difference in the bars and chevrons given to the Gray Ladies and the stripes and chevrons awarded to the Nurse's Aides.

Mrs. Harold Baker, chairman of the Nurse's Aide Service, gave an impressive talk, praising the Nurse's Aides who have given their services so willingly during all the years since this service was organized during World War II. She also commended the Aides for help during the Warren flood disaster and the regular work at both the hospital and the Blood Bank.

### PRACTICAL NURSES ELECT OFFICERS

The regular meeting of the Practical Nurses' Association was held Wednesday evening at the YMCA, with 17 members present. Following a Bible verse read by the chaplain, Nina Haight, the president, Mrs. Erickson, conducted the business session. Reports from various committees were followed by election of the following officers:

President, Mrs. Annie Erickson; vice president, Mrs. Veronica Wert; secretary, Margaret Gisselbrecht; treasurer, Mrs. Eunice Brooker; second vice president, Mary Saylor; third vice president, Mary Lee Dyke.

The social hour was in the form of a Christmas party, with an exchange of gifts, and refreshments served by the hostesses, Mrs. Mather and Mrs. Elder.

### DAR MEETING

General Joseph Warren Chapter, Daughters of the American Revolution, will enjoy a dinner-meeting in the YMCA activities building at 8:00 p. m. next Wednesday, December 12. Dinner reservations are to be made on or before Monday by calling Mrs. A. F. Dunham, 740.

Following dinner, Mrs. Robert Sandblade will present a musical program featuring a string trio; Sallie Weiler, Community Ambassador, will relate her summer experiences in Holland.

Members are reminded to bring copies of the 1935 by-laws to this meeting.

### KANE SPEAKERS AT LUDLOW PTA

Ludlow-Rosanne Eckman and Annabelle Woods, Kane, presented an interesting program at Hamilton Township PTA meeting Tuesday night in Ludlow School, showing films and lecturing concerning their last summer's trip to Europe.

During the business session, plans were made for a Christmas party to be given for the children Thursday afternoon, December 20, at which time a regular PTA meeting will be held. Pre-school children are invited to be present and all children are asked to bring a gift for the grab-bag. A program will be given and lunch will be served. Mrs. Alan Ross conducted the meeting and a membership total of 64 was reported.

Coffee was served by the hostesses, Mrs. John Kulka, Mrs. David Shaffer, Mrs. Lenus Gillespie, and Mrs. Andrew Okruch.

### BIRTHDAY GUESTS

Sugar Grove—John Russell was honored with open house Sunday afternoon in observance of his 81st birthday anniversary. The nice affair was planned by his children, Charles and Everett Russell, and their lives, assisted by Mr. and Mrs. James John Moore.

Mrs. Walter Warner was given a pleasant surprise birthday supper Sunday night, those present including Mr. and Mrs. George Morrison and son, Brian, Mr. and Mrs. Neil Scott and daughter, Ruth Anne, Mr. and Mrs. Wendell Warner.

### CIRCLES COMBINE

Three more circles of First Methodist church, Robert Strawbridge, John Stewart and Barbara Heck groups, will hold a combined meeting and Christmas party at the church at 8:00 p. m. Monday. One of the program features will be a film, "Christmas Around the World."

### ELKS' DINNER-DANCE PLANS ARE PERFECTED

Entertainment committee members of Warren Lodge of Elks report arrangements are all set for the dinner-dance at 6:30 p. m. Saturday in the clubhouse George Johnson and his orchestra will be the musical attraction and a full

house is anticipated. Those who have made reservations are urged to pick up their tickets no later than this evening.

### INDUCTEE IS GUEST AT FAREWELL PARTY

Fifty-six relatives and friends attended a farewell party for Kenneth Strickland, son of Mr. and Mrs. Maurice Strickland, Miller Hill, given Saturday at the home of Mr. and Mrs. Walter Carlson by Mr. and Mrs. Charles Lawson.

Mr. and Mrs. Don Burch, Mr. and Mrs. Bryce Hanson.

Guests were in attendance from Buffalo, Jamestown, Russell, Akela, Lander, Sugar Grove and Warren to honor the young man, who left December 4 for Army induction at New Cumberland. Among other nice remembrances received was a purse of money from the group.

**CLASSIFIED ADS accepted until 11 a. m. on day of publication.**

### QUAINTANCE CLASS CHRISTMAS PARTY

Quaintance Class of First Baptist church will hold its Christmas party at the church at 8:00 p. m. Saturday, when adult members of the church and Sunday school are invited to be guests.

Mrs. Alexander C. Flick, Jr., will present The Christmas Story, there will be special music, and the program will be followed by a baked goods and Christmas gift sale, and serving of refreshments.

## Warren Players Get "Rainmaker" On Road Tonight

"The Rainmaker", three-act romantic comedy by N. Richard Nash, opens tonight at 8:30 o'clock on the Warren Players' second dramatic production for the 1956-57 season.

The cast and crew are all ready for the first showing, ready, it is stated, because many kind people of the community have helped in various ways.

The Bell Telephone Company has loaned the two telephones used on the triple-set stage; when the need arose for guns to be toted by Robert Fey and John Swick, the prop girls got these required articles from Don Finley.

More than two weeks ago, Jim Blomquist opened his store on a Sunday afternoon so that stage prop seekers might pick and choose their rugs and furnishings, both old and new.

The need for long hair for the heroine, Eugenia Price, was met by Rose Palmer, who operates a beauty salon in Jamestown and graciously loaned enough switches to do the trick.

Rex Biekarck, who gave turntables and records for use in the show, deserves a vote of thanks; newspapers and radio, along with Steins, have done much to get the show on the road. The cast, director, producers and crew join in acknowledging the efforts of all who have lent a hand.

In the cast for "The Rainmaker", which will be repeated on Friday night, are Fred Plummer as H. C. Curry, Paul Myers as Neph; David Swanson as Jim; Eugenia Price as Lizzie; John Swick as Sheriff Thomas; Robert Fey as Deputy Fife; and William Campbell, as Starbuck.

## Sisterhood Has Meeting And Plans Future Events

The Sisterhood of Tiphereth Israel congregation held its monthly meeting Monday evening in the social hall of the synagogue, members discussing important business and planning future activities.

A report was made on the very successful Chanukah party sponsored by the group on Saturday and credit for an enjoyable evening was accorded the program chairman, Mrs. Bernard Gofberg and Mrs. Fred Greenwald, with the food chairman, Mrs. Hershel Hanovsky and Mrs. David Demel, and their respective committees.

Mrs. Norman Gross and Mrs. Joseph Sugerman will be hostesses for the annual Dopor Luncheon to be held at 1:00 p. m. Saturday, December 8, at the home of Mrs. Gross and all members are cordially invited.

During the month of January, a rick bake sale will be held and each member is asked to bring her contribution to the next meeting.

The program for the evening was centered around the holiday of Chanukah, its history, tradition, customs, food and present day meaning, points ably and entertainingly narrated by Mrs. Harry Segel, Mrs. Ray Stern and Mrs. Jake Levinson.

Concluding, delicious refreshments were served by Mrs. Morris Shulman, Mrs. Michel Siegel and Mrs. Charles Punskey.

CLASSIFIED ADS accepted until 11 a. m. on day of publication.

## Dinner and Party For Sugar Grove Choristers

Sugar Grove—The Presbyterian Try Company entertained the 25 girls of the choir, their directors, Dorothy Fisher and Mrs. Paul Cariberg; their pianist, Mrs. Kenneth Frank; and mothers of the choristers for a delightful dinner and party at the church Tuesday evening.

Since this was the occasion of the annual Christmas party for the group, gifts were presented the choir members and leaders. Dinner was served at tables made attractive with Christmas decorations, and the holiday theme was continued in the program presented by Mrs. James M. Fisher.

Mrs. J. A. McIntosh read the Christmas Story; Mrs. Fisher added other Christmas stories; the group sang carols; remarks were heard from Mrs. Norman Abbott, Try Company president, Mrs. Cariberg, Miss Fisher and Mrs. Frank; Mrs. Scott Stuart, Sr., gave a Christmas reading; Mrs. Fisher spoke of the appreciation of the minister and membership for the service of choir and directors; and the program concluded with a Christmas prayer.

Later in the evening, class members held their regular business meeting, with reports and other data. It was stated candy sale results were very good, and members were reminded there will be no January meeting. The evening closed with a gift exchange.

Those working on committees for the very pleasing event were Program, Mrs. Fisher; gifts, Mrs. Conrad Youngberg, Mrs. Eugene Anderson; dining room, Mrs. Abbott; Mrs. Arthur Cody, Mrs. Donald Barrett, Mrs. Lloyd Williams; kitchen, Mrs. Gerald Youngie, Mrs. Ralph Abbott, Mrs. McIntosh and Mrs. Stuart.

### HOLIDAY EVENT FOR CATHOLIC DAUGHTERS

There was an unusually large attendance last evening for the meeting and Christmas party of Count Warren, Catholic Daughters of America, held in St. Joseph's school hall.

In addition to the usual business and plans for holiday charity projects, announcement was made of the Day of Recollection on February 10, and the next regular meeting of the group January 2.

Holiday decorations on tables and throughout the hall set a festive mood, Carroll Fowler presented his Warren High School Chorales in a program of Christmas folk tunes and Santa and his aides, four charming elves, distributed gifts.

### MIRIAM SOCIETY

All members and friends are urged to be on hand at eight o'clock this evening for the annual meeting and election of officers of Miriam Missionary Society of St. Paul's Lutheran church. Hostesses will be Mrs. Carl Lundahl, Miss Thresa Swanson and Miss Gust Uhr, with a program planned and refreshments to be served.

## Betrothals

Mr. and Mrs. Leo D. Gibson, 304 East street, announce the engagement of their daughter, JoAnne, to Edward Shanshale, son of Mr. and Mrs. John Shanshale, 20 Locust street. The wedding will take place in January.

## Gathered From The Party Line

Sam Rohde, Louisville, Ky., was in town Wednesday to visit his grandmother, Mrs. Gertrude Mohl, Pennsylvania avenue, east. Mr. Rohde has been visiting his family in Erie and was accompanied to Warren by his father, Ted Rohde.

Mr. and Mrs. Robert E. Gager and family, 81 Buchanan street, were in Elmira, N. Y., Wednesday to bring back their nephew, Steven Wellington, who will visit them while his parents, Mr. and Mrs. A. W. Wellington, enjoy a couple weeks' Florida vacation.

Among Christmas greetings arriving early from overseas is a beautiful Japanese print from T/Sgt John F. Angil, former Marine Corps recruiter here and now serving in the Asiatic Theatre. Friends who would like to write him may do so at the following address: Hq Co., Hq Bn, 3rd Marine Div (REINF) FMF, c/o Fleet Post Office, San Francisco, Calif.

### WARREN GRANGE MAKES PLANS FOR CHRISTMAS

Warren Grange No. 1025 met Monday evening with Master Harold Farrell in the chair and 35 members attending. The meeting opened with prayer by the chaplain, followed by group singing of "Star Spangled Banner" and "When You and I Were Young Maggie".

Two members were voted on for initiation and accepted, to be given the first degree at a later session. Ten dollars was voted for Grange appeals. A short literary program was given by Lucille Johnson, consisting of several very interesting readings.

It was announced because of the death of a relative, Mrs. Gladys Simones could not have the home economic meeting as planned, but it will be held instead Tuesday, December 11, at 10:30 a. m. followed by a twelve dinner at 12:30. This will be a Christmas party, each to bring a twelve and 50-cent grab bag gift. The meeting closed with prayer by the chaplain.

The next meeting will be held Monday, December 17, at 8:00 p.

## Combination Mailing Privilege Is Explained

Many inquiries are coming into the Post Office regarding the combination mailing privilege which was placed in effect recently and is available this year for Christmas mailing for the first time.

A pamphlet describing this service has been distributed to principal mailers and may be obtained at the mailing windows. In simple terms, however, "combination mailing" allows you to place a letter inside a package provided you indicate on the outside of the package that a letter is enclosed and that you pay first-class postage for this letter in addition to the postage for the package.

APPOINTED AT ERIE  
Dr. James T. Googe, 66, director of the Lincoln-Lancaster Health Department at Lincoln, Neb., is the newly-appointed director of the recently created Erie County Health Department. The appointment was made yesterday.

Dr. Googe, who has held the Nebraska job for four years, is expected to assume his new duties February 1st. The post will pay \$14,000 a year.

PUBLISHED CRITICAL  
E. T. Stevenson, publisher of The Titusville Herald, is in critical condition in St. Vincent's Hospital, Erie, following minor surgery Monday. His recovery from the operation, according to The Herald, is at this time far below expectations. He is in room 325.

NEW OIL CITY INDUSTRY  
Plans to bring a new industry, the Pittsburgh Pipe Cleaner Co., of Pittsburgh, and its subsidiary, Pantech, Inc., to Oil City, are under consideration. According to William S. Perry, of Oliver Manoir, president of both companies, efforts are being made to secure the S. Y. Ramage house at the corner of West Third and Petroleum Sts. which will be used as headquarters for the executive and administrative offices and professional engineering personnel. Pantech, Inc. is a general consulting and engineering company. Fifteen to 20 families would be brought to Oil City.

A representative of the Bell Telephone Company was at the school at 2:00 today, to speak to girls interested in that field of work.

Senior name cards have arrived and are being distributed.

Senior name cards have arrived and are being distributed.

Until the 1300s, rings commonly were worn on the thumb.

**AFTER 18 YEARS**—Dave Schreffler of Venturatown, at left, waited 18 long years before he bagged this beauty shortly before 8 a. m. on opening day in the Chapel Fork area. Dave said he had almost been "run down" by does before but for 18 years he had not seen a buck in season. This lad had seven points, weighed in the neighborhood of 145 pounds. Dave said he fired one shot as the animal stopped running and whirled to bolt in the opposite direction. The buck then ran off after the shot and the hunter, luckless for 18 years, thought he had missed his first chance. Following the tracks he kept on the trail until it disappeared. Knowing that "deer can't fly," Dave said he looked around and spotted the animal lying dead under a hemlock tree nearby. It had been shot in the heart. Helping hold the animal is Fred Greenwald, a next-door neighbor. Timesphoto was taken at the Don Finley Sports Goods Store in Times Square where deer was displayed.

**UNUSUAL DOUBLE KILL**—Curtis Sorensen of Cobham Park, at left, and Dick Zampogna of 20 1-2 North South Street made their kills almost simultaneously on Monday. At 10 a. m. they were stalking on the ridge behind Cobham Castle when a buck roared down the woods toward them. Curt said he had only one shot and dropped the animal with a .32 slug. Seconds later a second buck came charging through, almost in the same vicinity, and Dick lowered him with a single 30-30 shell. Both deer had 8 points. Timesphoto.

## Forest Co. Woman Loses Her Life in Fire That Razes Home

Marienville (P) — Mrs. George Cochran, 69, burned to death yesterday as flames razed her two-story frame home at Gilfoyle three miles south of this Forest County community.

Mrs. Cochran's body was found in the ruins seven hours after the fire. She lived alone. Firemen said the blaze apparently was caused by an electric heater in her bedroom.

The Titusville Herald says the woman, a partial invalid, perished in the fire of undetermined origin, despite the efforts of her son.

It was the second tragedy in the family in slightly over two years. Her husband, George F. Cochran, drowned when he fell in his own well on Aug. 9, 1951.

County Coroner Maurice V. Rhodes of Titusville issued a verdict of accidental death.

Following is what occurred, according to Coroner Rhodes:

Fire broke out in the house around 5 a. m. The building is set back from Route 68 and a hunting camp is located across from it. Northbound hunters diving on Route 68 spotted the fire about 5:30 a. m. They drove up to the hunting camp, Trawing Camp and notified the owner, William R. Harriger of Pittsburgh, who had been asleep.

Mr. Harriger told them Mrs. Cochran's son, Charles, lived nearby and the unidentified hunters roused him. The son and the hunters ran to the home and knocked on the bedroom window downstairs where the son knew his mother slept. Flames belled out the windows and he was helpless to enter the burning building. The interior was a mass of flames.

The Marienville Fire Department was summoned but the blaze was out of control and they were plagued with water shortages. There were no nearby ponds. Firemen had to refill their tanks in Marienville after water had been spent on the fire.

The loss to the eight-room building where she died was not immediately known.

The first successful incandescent lamp was tested on Oct. 1, 1879.

The house, a vicinity landmark, burned to the ground by 11 a. m. and workers still had not recovered the body. It was finally located at 1:15 p. m. in the basement where the first floor debris had fallen. It was found in the front part of the house, midway between her bedroom and the other two rooms in front.

Mrs. Cochran's son, Marion, of Vowinkle, said he was with her until shortly after midnight last night. Before he left, he said, he banked the furnace and there was only a small fire in it. The son discounted the possibility of the blaze starting from it.

The other son, Charles, told the coroner his mother used a little electric stove and an electric heating pad. He said he was dubious about the stove Mrs. Cochran used an old coat around the bedroom door near the stove to keep out drafts. The coal may have fallen on it.

In addition to the two sons, she is survived by a third son, Roy, of Ludlow, and two daughters, Mrs. Lillie Rodgers of Sheffield and Mrs. Hazel Cochran of Fredonia, N. Y.

The funeral arrangements are incomplete.

The loss to the eight-room building where she died was not immediately known.

## Obituaries

Funeral Information Will Be Found Under Another Heading

### MABEL J. WHALEY

Mrs. Mabel J. Whaley, 66 year old resident of High street, Youngsville, died at Warren General Hospital at 2:45 p. m. Wednesday, after having been in poor health for some time.

Mrs. Whaley was born January 27, 1890, at Enterprise and had been a resident of Warren county all her life. She was a member of Saron Lutheran church in Youngsville.

The widow of Rolla Whaley, she leaves one daughter, Mrs. Walter Dale, of Youngsville; three grand-children and one great-grandchild; also a brother, Harry Fairchilds, Corry.

Funeral services in Youngsville at 2:00 p. m. Saturday will be followed by interment in Warren County Memorial Park at Starbrick.

### MRS. VIOLA E. FOX

Funeral services for Mrs. Viola E. Fox, Frewsburg, were held at that place at 1:00 p. m. Wednesday, conducted by the Rev. Ira Livingston, of Jamestown. Serving as bearers for interment in Pine Grove cemetery at Russell were John Myers, Robert Tabone, Lee Washburn, Floyd Proper, Albert Eckman and Walter Thurston.

Relatives and friends were in attendance from Fredonia, Bradford, Erie, Silver Creek, Warren, Jamestown, Russell and Youngsville.

### MRS. LULU CONKLIN

Funeral services were held at Youngsville at 3:30 p. m. Sunday for Mrs. Lulu Conklin, 107 East Second street, Jamestown, former resident of this area. The Rev. Frank Kehrl, of Warren, officiated and the following served as bearers for interment in the Methodist cemetery at Garland: Leonard Eastman, Virgil Bailey, Allen Laverne, Lee and Clarence Benedict.

Relatives and friends were in attendance from Warren, Clymer, Sherman, Columbus, Jamestown, Garland, Torpedo, and Youngsville.

### CLARENCE O. CARLSON

Final rites were held in Jamestown last Saturday for Clarence O. Carlson, 68, of 11 East Terrace avenue, Lakewood, who died in WCA Hospital at 2:05 a. m. November 29.

Better known to his many friends as "Cooper", Mr. Carlson was born in Youngsville, the son of Charles and Ida Olson Carlson, and spent his childhood in that community. He moved to Jamestown in 1910 and had lived in Lakewood for the past five years.

Surviving are his wife, Judith Dahlberg Carlson; a daughter, Mrs. Wilber North, Lakewood; three grandchildren, Judy and Nancy North of Lakewood and Lyle B. Carlson, Greenville, S. C.; a brother and two sisters, Arvid C. Carlson and Mrs. Dora Carlson, Jamestown; and Mrs. Esther Fleming, Youngsville. A son, Lyle E. Carlson, was killed in action in World War II, while serving in Company E, U. S. Army.

## Funerals

### MABEL J. WHALEY

Friends will be received at the Young Funeral Home in Youngsville, starting at 7:00 p. m. today, and services will be held there at 2:00 p. m. Saturday. The Rev. Carl J. Franzen, of Saron Lutheran church, will officiate and interment will be made in Warren County Memorial Park at Starbrick.

## 15 Are Jailed

(From Page One)

brought in National Guardsmen Sept. 2.

The other five who were arraigned along with Till last night were: Lawrence J. Brantley, unemployed former grocer; the Rev. Alonzo Bullock, an unemployed preacher; William Brakebill, service station operator; Clifford Carter, unemployed laborer; and Jimmy Pierce, a teenager who dropped out of Clinton High in October.

Their bonds were set at sums ranging from \$2,500 for Carter to \$12,000 for Till.

## Rip Van Winkle Couldn't Sleep with Nagging Backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restlessness and miserable tired-out feelings. When these discomforts come on with exertion or stress and strain - you want relief - want it fast! Another disturbance may be mild bladder irritation followed by a restless uncomfortable feeling.

For quick relief get Doan's Pills. They work fast in 3 separate ways: 1. by speedy soothing action to ease torment of nagging backache, headache, muscular aches and pains. 2. by their soothing effect on bladder irritation. 3. by their mild diuretic action tending to increase output of the kidneys.

Find out how quick this 3-way medicine goes to work. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Ask for new, large size and save money. Get Doan's Pills today!

## Pleasant Township

(From Page One)

ring to statements that a person could climb to the top of the Swick site without loss of wind. Schaeffer says this "feat could be accomplished by the average person if a gradual slope could be made available. Again for this development I would suggest using the location from Lookout. If we are to do this much cutting and grading, let us add a roadway for bus and motor travel, as well as make a walkway. The width of the two should not be less than 60 feet. The slope has been determined not to exceed seven degrees. Where this approach goes through the gravel pit and up through the site? banks would be sloped upward at a 30-degree angle. But what does this undertaking mean? First, if the starting point of the slope is 100 feet from the center of Lookout, the top would be 1,525 feet away. The area encompassed by the road and walks and the top of the embankments would be equal to approximately 14 acres. The earth to be removed from this area would be approximately 565,000 cubic yards. If the removal cost is \$1 per yard—you figure it out.

Mr. Schaeffer ends his statement:—"I sincerely hope that we can come up with a more satisfactory solution to the problem of access. If not, rather than bury this amount of money, let's spend it where it will do more good. I would suggest a larger and better equipped Industrial Arts section, and a larger auditorium accessible to all."

## Port Said

(From Page One)

The Italian and Greek consuls here sent urgent appeals to their governments for evacuation ships to take away jittery civilian families before the bulk of the British-French military force departs.

Paris (AP)—The Suez fiasco and the unending Algerian war have brought French Premier Guy Mollet under increasing political attack, but most political observers agree the government is not in danger—yet.

The trouble might come when the bills roll in and the budget must be voted in January. By then, if he makes it, Mollet will have been 12 months in office, a postwar rarity in France. Until now he has weathered the Suez crisis with far less difficulty than British Prime Minister Sir Anthony Eden.

London (AP)—Prime Minister Eden's government was expected to win a House of Commons vote tonight keeping it in office, but Britain's big newspapers split about even on Eden's chances of holding his own job.

Three nationally distributed dailies said Eden is finished and will have to make way for another Conservative prime minister to give the party a new lease on political life.

Three other papers thought Eden would hold on. One said maybe he could, and another—the Times of London—voiced no opinion.

As Commons went into the closing round of debate on the Suez invasion, the Conservatives closed ranks in preparation for the vote of confidence on the wisdom of the military venture and the current withdrawal from the Suez Canal zone.

Eden's continuing in office was opposed for a variety of reasons by varying groups in his own party.

## Santa Pays

(From Page One)

whom Hungarian youngsters consider their special protector.

While the children were nestled all snug in their beds, volunteer workers from the Red Cross quietly delivered the packages last night to Hungarian refugee parents billeted here.

The gifts, all new, were donated by various organizations through the Red Cross.

The symbolic switches—another part of the tradition that calls for the youngsters to shine their shoes and set them out for gifts—were "pulled off some trees around here," a Red Cross spokesman said.

## U. N. Incensed

(From Page One)

Hungarian government about his proposed visit. Until such word came, he had no comment.

The reported refusal gave impetus to the move to revoke the Hungarian delegation's credentials if it does not accept other U. N. observers by Dec. 7. The Assembly fixed that deadline early yesterday when it adopted a U. S. backed resolution calling again for entry of observers to make a general survey of conditions in the revolt-wrecked country.

Some diplomats expressed puzzlement over Budapest's claims it had received no official request for Hungarian observers. Foreign Minister Imre Horvath himself had suggested the date after consulting at length with Hammarshjold.

## Times Topics

### FIRST TWINS IN FAMILY HISTORY

First twins in the history of either family were born early this morning to Robert and Jean MacLaren Gibb, Jr., 9 Main street. The little boy Gibb, always a gentleman, stepped aside to let his twin sister be born first at 12:13 a. m., weighing 4 pounds, 3½ ounces. At 12:17 a. m. came little brother, weighing 6 pounds, 9½ ounces. Mother and twins are doing fine. Jean is the granddaughter of Mrs. Grace Siggins, 4 Second avenue. Robert is the son of Dr. and Mrs. Robert S. Gibb, 14 Crescent Park.

### SUGAR GROVE J. P.

At Harrisburg yesterday Gov. George Leader appointed Mrs. Louis P. Nobbs as justice of the peace for the borough to serve until January, 1958. She succeeds Frank T. Gorman, resigned.

### TWO EMERGENCY CASES

Treated for a lacerated finger at Warren General Hospital emergency ward Wednesday was Richard Johnson, of RD Russell. Also treated was James Gentilman, 4 South Irvine street, for a laceration of his right hand.

### LICENSE SUSPENDED

Among licenses suspended by the State Liquor Control Board at Harrisburg yesterday was that of Clair M. Reinhardt, of Tuffy's Tavern, Titusville, 30 days; sales to intoxicated persons; permitting gambling.

### BALMY DAY

The remaining snow disappeared Wednesday in the face of mild temperature which rose between 55 and 60 degrees in this area. A trace of rain was also recorded. Tomorrow is expected to be mostly cloudy with scattered showers and light freezing rain.

### BOOSTS DRIVER TRAINING

Pennsylvania Driver training program in high schools is an important factor in traffic safety, according to E. W. Parkinson, assistant manager of the Pennsylvania Automotive Association. He told a seminar for new car dealers at Pittsburgh yesterday: "Pennsylvania's new car dealers feel support of the driver training program in the state's high schools is a vital public service and constitutes an important contribution to traffic safety."

## Aviation News

Our airport manager, who is a Civil Air Patrol pilot, was requested by the State Police last Tuesday to search the area between Tiona and Kinzua for an aircraft that was suspected to have crashed and caught fire. The area was very thoroughly searched and no fire or downed aircraft was spotted. Mr. Everett Stokes, local flying enthusiast and private plane owner, generously donated the use of his airplane for the search mission.

The Civil Air Patrol is an auxiliary of the Air Force and is a volunteer organization. One of its important functions is search and rescue missions. This is the month that the C. A. P. starts enrolling members for 1957. The airport manager would like to talk to anyone interested in joining and has application blanks available for signing up in this worthwhile organization. A local squadron could be of great service to Warren in such cases as the flood that Warren experienced last spring.

Several members of the Warren Aviation Club have failed to show up for the last two meetings so they may not know that the Club has completed the purchase of its first airplane. For the information of all members the airplane is now available and the rate has been set at \$3.50 per hour. Sherman VanPelt, private pilot, had the honor of being the first club member to fly the airplane. Emory Mahan, student pilot, accompanied him as his passenger. It is urged that all club members make an effort to attend next Wednesday's meeting after which time the frequency of the meetings are to be reduced to twice a month.

## For a Christmas Belle

Dainty pink dotted swiss bath mitt, filled with bath powder and decorated with heart charm, is ready to go under a little girl's Christmas tree. It's part of a series designed for small girls.

BY ALICIA HART, NEA Beauty Editor

GIVING a little girl a beauty gift for Christmas means that you're giving her a start in the right direction. The direction, that is, of the important habits of cleanliness and good grooming that will serve her a lifetime.

You may give her a single bottle of toilet water, a box of bubble bath or a pink bath mitt. Or, you may give her a whole set from a series designed especially for little girls and ready in time for Christmas giving this year.

This new series offers pink soap bonbons, and hand lotion as

well. With each individual gift, there's a different gold-plated charm ready to be placed on a bracelet. The future beauty may collect a whole set of charms, if she likes, or use several of them on her present charm bracelet.

Give her a place to keep her own "toilettries" if she has no dressing table. Perhaps she'd like her possessions collected on a small plastic tray to be kept on your dressing-table or on a low shelf in the bathroom. Grouped all together, it will be simpler for her to use them at bath time and after.

## French Classic

(From Page One)

"Occupe-Toi d'Amelie" was staged in London years ago, a watered-down version which Edward's son George V. saw and called a hot affair. Last night's presentation was just as the show is played for audiences in Paris. Most of the action takes place in bed, with the casa dressed for the occasion.

"Dream car" design for driving today is offered by Mercury in its completely new line for 1957. Representing one of the most extensive model changes in history, the 1957 Mercury has a unique styling theme highlighted by graceful, sculptured side projectiles topping low rear fenders and terminating in massive V-angle tail-lights. Entirely new, bigger bodies designed especially for Mercury are wider and longer and roomier, giving more passenger comfort. Overall height has been reduced four inches, yet head room has been increased two inches. A softer ride, better handling and roadability result from newly engineered chassis features, which include the industry's first air-cushion rear suspension on many models. A choice of a 255 hp. or 290 hp. V-8 engine is offered in Mercury's 15 new models in Monterey, Montclair and station wagon series. Pictured is the Mercury Montclair four-door sedan.

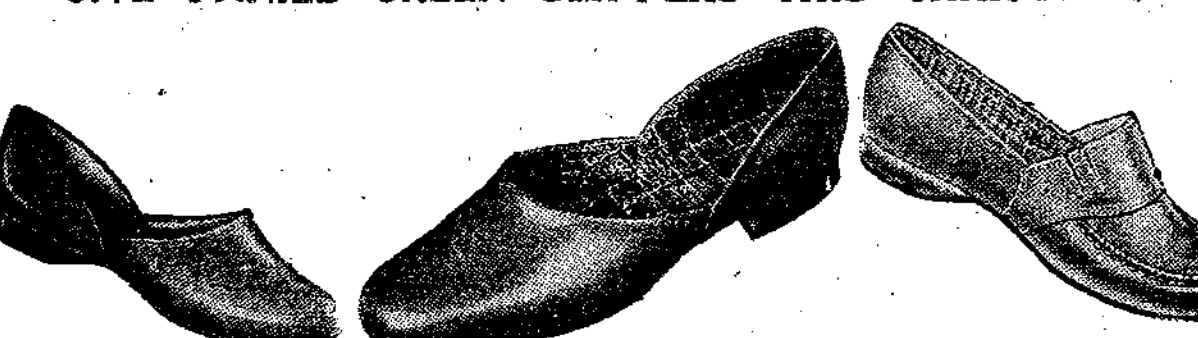

PONTIAC CUSTOM CATALINA SEDAN—Longer, lower Star Flight styling of the luxurious 1957 custom Catalina sedan combines with the powerful new V-8 engine and the more responsive Strato-Flight Hydra-Matic transmission to make the new car the most exciting ever offered by Pontiac. Body finish of Lucite lacquer in "dream car" colors and upholstery of fine hand-buffed leather are featured on the Star Chief series. The sleek Catalina four-door hard-top-model is also offered in the Super Chief and Chieftain series in 1957.

## Carter Shoe Store

106 Liberty St.

Warren, Pa.

**COMING HOME** — A British policeman escorts American turncoats Arlie Tate, left, of Carbondale, Ill., and Aaron Wilson, Urania, La., from the Sino-Hong Kong border to turn them over to an American Red Cross representative in Hong Kong. They were among the 21 American prisoners of war who refused repatriation at the end of the Korean War, choosing to live under communism in Red China. Peiping radio said that Tate, 26, and Wilson, 23, were leaving China "at their own request." Their return from behind the Bamboo Curtain left 14 former American soldiers still in Communist China.

## Sen. Dent Would Take Position On Pike Commission

Harrisburg (AP)—Senator Dent, Vestmoreland, Democratic floor leader, was reported today ready to quit the Legislature, should Governor Leader appoint him to a vacancy on the Pennsylvania Turnpike Commission.

Otherwise, Dent was in line for re-election to lead Democratic forces on the Senate floor during the 1957 session of the Legislature.

Senator Barr, Democratic state chairman, has called a caucus of the minority members of the House and Senate for December 17 to organize for the session. Governor Leader is expected to appear at both meetings.

Should Dent remove himself from the leadership post, the way would be open for Senator Lane (Washington) to make a bid for it. Senator Ruth (Berks) appears favored for assistant floor leader although nothing definite is set.

Rep. Readinger (Berks) appeared to be certain for re-election as House Democratic floor leader. Rep. Andrews (Cambria), who served as speaker in 1955 and as floor leader in prior sessions, has said he wouldn't oppose Readinger for the job.

Andrews, 80, can have the assistant floor leader's post if he wants it but he is expected to resign the role of "elder statesman" on the Democratic side.

In the case, Rep. Lovett (Westmoreland) would be expected to take over the whip's job. He is the senior Democrat in the House.

## The Mature Parent

### Best Course in Family Crisis Is Always Emotional Honesty

BY MRS. MURIEL LAWRENCE

BECAUSE a friend's kitchen clock was slow, Fred was nearly an hour late for supper. His father was angrily sarcastic. He said, "If a slow clock is the best alibi you can think of, don't bother with one."

The next day Fred told his mother he was thinking of running away. She told his father, who decided to handle the threat as a similar one of his own childhood had been handled. Calling Fred to him, he said, "I hear you're thinking of leaving home. Well, just let us know when you plan to go—and we'll help you pack your things."

The emotional dishonesty of this response to Fred's threat makes it a foolish one.

If a child runs away, we become frantic, not just with fear for his safety, but that we have failed him in some way. Were Fred to make good on his threat, the father who has pretended disinterest would pay for his falsehood in suffering.

If ever there's a time for emotional honesty from us, it's when a youngster tells us he's going to run away. It's the time for base-rock feeling put into words like this, "No, we aren't going to let you run away. It's a dangerous thing for a child to do. So we have to keep you here at home, not just for your sake, but for ours, too. We'd be miserable without you and want you right here with us."

The situation demands our true feeling because the child himself has expressed untrue feeling. Fred does not want to run away from home. If he wanted to, he would not warn us of his intention to do it, but would work out his getaway in secret. Fred's threat is really a disguised plea that we make home happier for him.

If, like his father, we allow his insincere threat to provoke double-talk from us, too, neither discovers anything true about the other. Though the child may not run away from us physically, we can remain as distant from him as though he had.

The answer lies in always speaking out the simple truth of our affectionate and responsible feeling for the child. What happens is that he instantly recognizes our reality—and responds to it with his own. Usually, he bursts into tears, crying out, "Why did you say I was lying about the clock yesterday? I WASN'T lying, daddy! It was the truth I told you..."

But he can't discard falsehood until we have discarded it.

### HAL BOYLE'S COLUMN

By HAL BOYLE

New York (AP)—The girl who wears the pants at the Metropolitan Opera is Mildred Miller, a young singer with a double attraction.

She not only is gifted with a fine mezzo-soprano voice. Nature also endowed her with a pair of trim limbs as graceful as those on most Hollywood cheesecake stars.

Because she has "the most beautiful legs at the Met," pretty Miss Miller—who happens to be married to an Air Force major and is the mother of two children—gets most of the young boy roles in opera here.

"I enjoy singing them," she said. "But at least once a year I like to sing a woman's part; and I tell the management, 'Please, let me show my versatility.'"

It is supposed to be a matter of complete indifference to opera fans whether singers move on feet or wheels. They are supposed to be above any lowbrow interest in leg art.

But the truth is that "cheesecake"—the display of a well-turned feminine leg—has had a prominent place in opera for more than two centuries.

There are numerous boy's roles in opera—such as Cherubino in "Marriage of Figaro," Octavian in "Der Rosenkavalier," the page in "Salome" and Orlofsky in "Fledermaus."

As the voices of boys usually are changing at the age at which they would play these roles, they are usually sung by young women.

It was a real thrill for gaffers of the 18th and 19th Century to go to the opera and see a girl wearing knee-breeches and long silken hose. Those happened to be good centuries for bosom watchers, but poor ones for leg men. The only way some men all their lives ever could view feminine underpinning was to attend an opera.

That old sense of daring, of course, is long gone, but because of the voice demands girls still often must be boys in opera.

"When it comes to trousers, by the end of the season I've had it," said Miss Miller, who is dark-haired and has green eyes "I throw every pair of slacks, shorts, pedal pushers and lounging pajamas out of my wardrobe."

Miss Miller first met her husband, Maj. Wesley Posvar, while attending a Cleveland high school. He courted her in Europe while he was a Rhodes scholar and she was studying music. They live now in Arlington, Va., with their children, Wesley, 6, and Mariana, 2½.

#### PACK MEETING

East Street Cub Pack 48 met at the school Tuesday evening. In keeping with the December theme, Puerto Rico, S. W. Blackman showed interesting colored slides of a Naval cruise to that country. After a period of songs and games, the following awards were presented: Jeffrey Sweet, John Schneek, Steven Puleo, James Bobelak, Douglas Foust and Charles Schmidt, Bobcat badges; Douglas Walters, silver arrow on Bear badge. The meeting closed with the usual "living circle".

#### CPA ELECTION

Victor E. Gustafson, Jr., associated with the firm of Swanson and Company, has been elected a member of the American Institute of Accountants, national professional society of certified public accountants.

#### COLE HILL

Cole Hill—School students of the Brokenstraw Valley jointure enjoyed a two-day vacation Monday and Tuesday for deer hunting. Two lads of this area, Larry Eastman, 13 year old son of Mr. and Mrs. Earl Eastman, and Lewis Eastman, 12 year old son of Mr. and Mrs. Orrin Eastman, brought home their first kills from the nearby woods Monday morning. Others killing deer in the area were hunters from Clarion county, who visited their local camps.

Laverne Dey was substituting on the mail route this week for John Zolko.

Mr. and Mrs. Willis J. Wentworth and daughters, Sarah, Wilma and Doris, were Warren shoppers Monday.

# Woman Wills House To Her Sister Until Canine Pet Passes

Winston Salem, N. C. (AP)—Miss Hattie Steelman knows she'll have a roof over her head as long as a perky little dog called Lady lives. Mrs. Rose Anna Dorse, 83, a widow who died Nov. 11, owned Lady, a house, and all the furnishings in it. Miss Steelman, 39-year-old half-sister, lived with her. Under the terms of Mrs. Dorse's will (Miss Steelman gets the home, but only "during the life of Lady." After the dog dies, the house and all the furnishings are to be sold. Mrs. Dorse's will specifies several small bequests be made with the money from the sale, including \$50 to Miss Steelman. "Any surplus or balance remaining shall be used by Hattie Steelman as she may see fit for the benefit of herself or other members of our family," the will reads. In 1948, Mrs. Dorse made out a will with similar provisions for a dog called Skeet. But Skeet died before Mrs. Dorse. Miss Steelman, who cared for Mrs. Dorse several months before she died, said, "She might have known I would look after the dog after she died." Miss Steelman, promising to "I take Lady just about everywhere I go when I'm not working, take good care of Lady, observed, What will folks say now when I go downtown to shop?"

# Contract Awarded For Seaway Bridge Structure

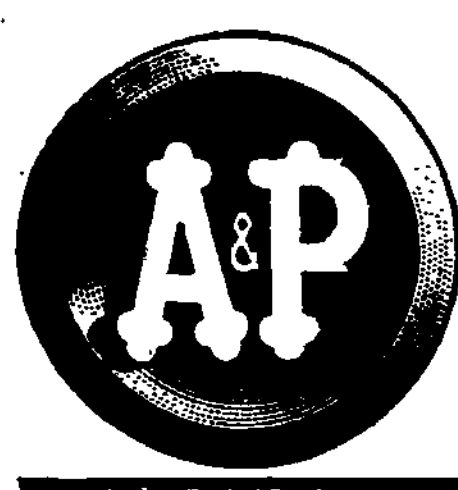

Washington (AP)—A \$4,759,045 contract for construction of the superstructure of a St. Lawrence Seaway high level bridge has been awarded to the U. S. Steel Co., Cleveland, Ohio. Announcement of the award was made by Lewis G. Castle, administrator of the St. Lawrence Seaway Corporation. This is the agency building the U.S. part of the 27-foot-deep International waterway. The bridge, completion of which is required before Nov. 30, 1958, will span the South Cornwall channel of the St. Lawrence River. The structure will be eight miles north-east of Massena, N. Y. The suspension type bridge will consist of one main span 900 feet long and two end spans, each 450 feet long. Also involved is the construction of 2,145 feet of viaduct spans, 600 feet on the New York State side of the channel and 1,455 feet in Ontario. Work is scheduled to start next month, Castle said.

## Beef, Pork and Chickens Lead Week's Food Store Bargains

By The Associated Press  
Housewives will find bargains aplenty in the nation's food markets this weekend with beef, pork and chicken leading the parade.  
Chicken is far and away the outstanding buy. One big chain has slashed its price of dressed, oven-ready broilers and fryers to the lowest level since this type of poultry has been pre-packaged for the retail trade. The New York retail price: 29 cents a pound.  
Beef prices are down from last week and considerably below the high levels which prevailed as recently as September. One major food chain operating across the country has trimmed the price of its round roast top or bottom to 69 cents a pound for the coming weekend, a reduction of 20 cents. If you crave sirloin steak, you'll find prices anywhere from 4 to 6 cents a pound lower in many parts of the country.  
Generally speaking, beef prices are still somewhat higher than they were at this time last year. But by and large, they're indications are that they'll go still lower in the next few weeks.  
Pork prices are down, too. In many of the larger cities you'll find center cut pork chops anywhere from 4 to 10 cents a pound lower than they were last weekend. Lamb and veal are unchanged in some cities, lower in others.  
Best buy in vegetables this week, according to the U. S. Department of Agriculture, is canned sweet corn. Supplies are at a record high.  
If you prefer fresh vegetables at a rock bottom price, you can take

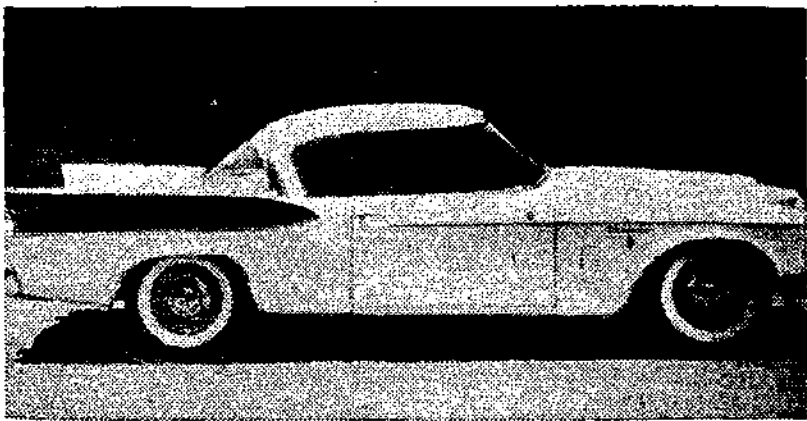

NEW LOOK in the Thunderbird for 1957 is achieved with sculptured metal treatment of the rear deck and rear quarter panels, and a new front end design. The car has 15 per cent more luggage space, and five inches greater body length. Ride and handling are improved with a lower center of gravity, new design of springs and shock absorbers, plus redistribution of the car's weight. Bigger brakes and up to 20 per cent more horsepower are offered. The 1957 Thunderbird is available now through Ford dealers.

your pick of cabbage, potatoes, radishes, onions and assorted greens.  
Broccoli from California is reaching big city markets in some volume now and prices are moderate. Another California product showing up on produce counters right now is Cauliflower. It's still a little on the high side, however.  
Texas peppers are rated as a good buy, along with squash, pascal celery, tomatoes, lettuce and carrots. Rutabaga and white turnips from Canada are reasonably priced this week.  
Lower prices are reported by market specialists for the more popular Florida citrus fruits—oranges, tangerines and grapefruit.

James Watt was only the improver, not the inventor, of the steam engine.

CHRISTMAS SEALS

By CHARLES MERCER  
New York (AP) — Danny Kaye, a man who hurls language barriers with the greatest of ease, has given television one of its neatest 90 minutes. The occasion was "The Secret Life of Danny Kaye" on See It Now (CBS-TV) Sunday. Kaye's secret life turned out to be most uncomplicated. He loves children. He also happens to be one of the merriest and most imaginative pantomimists alive. So he took his love and his talent on a 50,000-mile tour of 10 foreign countries, accompanied by a camera crew, as an unsalaried and undignified representative of the United Nations International Children's Emergency Fund.  
The result, as viewed by the television audience on Edward R. Murrow's See It Now, was an extraordinarily moving dramatization of an often forgotten fact. The only great international language is laughter. Children speak it most eloquently. More than half convinced that most adults are idiots, they'll go more than half way to laugh at one who purposely makes an idiot of himself.  
Superior photography furnished striking evidence of what UNICEF is doing in such diverse places as Nigeria and Yugoslavia and Morocco. Had See It Now belabored the purpose and nature of UNICEF further, the result would have been tedious. As it was, Kaye has made many millions of Americans receptive to the purposes of that most worthy organization.  
For Kaye and the cameras demonstrated another often forgotten fact. Children are alike everywhere. In faces and reactions they cannot be separated into nations and creeds. Often during the program it was impossible to tell in what country Kaye was performing as the cameras searched the rapt faces of his audiences.  
One wishes, of course, that Kaye would consent to embrace television as a constant medium. But it might be even better for the world if he were sent abroad into it to organize all its children to laugh down all the adult idiots who are trying to run it these days.

## Bar Association Is Planning Contest For Service Award

Harrisburg—The Pennsylvania Bar Association today issued a "last call" for nominations for its 1957 Distinguished Service Award.

Harry L. Siegel, Lewistown, chairman of the Bar Association's special award committee, emphasizing that the committee is just as eager to receive nominations of laymen as of lawyers, said the closing date for the receipt of suggestions will be December 15.

That will give the committee ample time to evaluate the nominations and prepare a recommendation for the executive committee at the annual meeting of the Bar Association to be held in late January in Pittsburgh.

Under the terms of the resolution which created it, the award is to go to that "individual, body or institution which has rendered for the Commonwealth of Pennsylvania conspicuous service in the field of jurisprudence, in the improvement of the administration of justice, or has rendered distinguished service to the Pennsylvania Bar."

"That means the award is in no sense limited to members of the legal profession," Siegel noted. "Any individual, body or institution, lay or legal, meeting the requirements, is eligible."

Suggestions may be forwarded to any member of the Committee: Harry L. Siegel, 17 North Main Street, Lewistown; Joseph A. Rieser, 1400 Seventh Avenue, Beaver Falls; or Judge Frank L. Pinola, Court House, Wilkes-Barre, or to Mrs. Barbara Lutz, executive secretary of the Pennsylvania Bar Association, 401 North Front Street, Harrisburg, Penna.

be most uncomplicated. He loves children. He also happens to be one of the merriest and most imaginative pantomimists alive. So he took his love and his talent on a 50,000-mile tour of 10 foreign countries, accompanied by a camera crew, as an unsalaried and undignified representative of the United Nations International Children's Emergency Fund.  
The result, as viewed by the television audience on Edward R. Murrow's See It Now, was an extraordinarily moving dramatization of an often forgotten fact. The only great international language is laughter. Children speak it most eloquently. More than half convinced that most adults are idiots, they'll go more than half way to laugh at one who purposely makes an idiot of himself.  
Superior photography furnished striking evidence of what UNICEF is doing in such diverse places as Nigeria and Yugoslavia and Morocco. Had See It Now belabored the purpose and nature of UNICEF further, the result would have been tedious. As it was, Kaye has made many millions of Americans receptive to the purposes of that most worthy organization.  
For Kaye and the cameras demonstrated another often forgotten fact. Children are alike everywhere. In faces and reactions they cannot be separated into nations and creeds. Often during the program it was impossible to tell in what country Kaye was performing as the cameras searched the rapt faces of his audiences.  
One wishes, of course, that Kaye would consent to embrace television as a constant medium. But it might be even better for the world if he were sent abroad into it to organize all its children to laugh down all the adult idiots who are trying to run it these days.

## Pleasant Twp. PTA Discusses Plans To Enlarge School

At the December meeting of Pleasant PTA, held at the school Tuesday evening, Mrs. Doris Gnage brought a report from the board of education concerning the possibility of enlarging the school building.

Following discussion of the matter, President Eleanor Slick, Mrs. Gnage, Mrs. Hendrickson and Mrs. Schumann were named as a delegation to meet with school board next month.

Sallie Weiler, 1956 Community Ambassador to Europe, presented a very interesting story on Life in Holland for the evening's program.

Also during the business session, routine reports were approved; Mrs. Nobles was appointed publicity chairman; a \$15 donation was voted for a Christmas party for Pleasant Cub Scouts, who are sponsored by the unit. President Slick reported latest information on the new high school situation. Mrs. Corryne Schumann reported on calendar sales by Girl Scouts; approval was given purchase of Dixie cups as a treat on the day prior to vacation.

Miss Stanford's room won the attendance award and fourth grade mothers, with Mrs. Brown as general chairman, served refreshments.

A vote taken during the evening will eliminate refreshments at future meetings of the group.

## Increase Noted in Number Claims For Unemployment Pay

Continued claims for unemployment compensation benefits filed by construction and apparel workers who experienced seasonal layoffs, and by primary metal workers idled by a work stoppage on a connecting railroad increased the number of continued claims for the week ending November 23 by some 4,200 to a total of 107,283 for the period. Secretary of Labor and Industry John R. Torguato announced today.

He stated that the same cause contributed to an 8 per cent increase in first claims for the same period bringing the total to 20,800. A few first claims were received from unemployed workers in the food processing, leather, and stone-clay-glass, fabricated metals and machinery industries.

Federal workers filed 73 initial and 1,082 continued claims during the week, while 16 initial and 1301 continued claims were filed under the Veterans' Unemployment Compensation program.

During the week a total of 69,206 unemployment compensation benefit checks amounting to \$1,808,907 were issued to claimants. In addition, 925 Federal workers' checks amounting to \$27,699, and 1209 veterans' checks amounting to \$27,280 were issued. All check volumes were low because of the two-day Thanksgiving holiday.

CLASSIFIED ADS accepted until 11 a. m. on day of publication.

## Breth Declared Winner In Clearfield By Eight Votes

Clearfield (P)—Harris G. Breth, Democrat, has been declared the official winner in his race for reelection in Clearfield County's 1st Legislative District.

The County Board of Elections certified a final tabulation giving Breth 7,855 votes compared with 7,847 for his Republican opponent, William C. Chase.

Breth's victory was announced following the recounting of ballots in five of the district's 57 precincts.

On the basis of unofficial returns after the Nov. 6 election, Breth was the apparent winner by a margin of 41 votes.

Breth will be serving his sixth term in the Legislature. Chase is a Clearfield attorney.

Some flowers have a disagreeable odor to attract pollen-carrying insects that feed on decaying matter.

## Accident Prevention Is Theme Of Gas Company Safety School

Twenty-eight natural gas company supervisors from Western Pennsylvania and Southern New York attended the American Gas Association two-day safety school, "Accident Prevention Through Improved Supervision," at the Potomac City Hotel, Coudersport, November 28 and 29.

The school was sponsored by the Pennsylvania Natural Gas Men's Association, and was under the direct supervision of R. N. Papich, Safety Director of the AGA, from New York City. Using all modern visual aids and the technique of open forum discussion by the participants, the school emphasizes the fact that "safety is no accident" but rather the result of preventive planning at management and supervisory employee levels. The school has been staged all over the country, during the last two years, always before, how-

ever, in large cities only.

Other instructors working with Mr. Papich were Leo R. Nuhfer, Pittsburgh, safety director of the Peoples Natural Gas Co., A. R. "Gus" Kelliher, Pittsburgh, safety director of The Manufacturers Light & Heat Co. and Darwin K. Whipkey, Pittsburgh, safety director of New York State Natural Gas Co.

Those attending the school were: From New York State Natural Gas Corp.: John Holder, Enell Rayle, Nelson Ingersoll and William Jameson; from Bradley Producing Corp.: George K. Lampman and Martin McQueen; from Empire Gas and Fuel Co.: John H. Stewart, Robert Cady, Carroll W. Wallace and Truman R. Burrell; from Pennsylvania Gas Co., Warren: M. A. Peterson, C. A. Fitzgerald, E. O. Nelson, M. S. Durnell and I. A. Rankin; from Kane Gas

Light & Heat Co.: Dwight L. Magnuson; from Manufacturers Light & Heat Co.: David E. Callahan and Homer Ferring; from Home Gas Co.: Loren Short, Ray Carr and Harold Houghton; and from United Natural Gas Co., Oil City: H. A. Adams, C. R. Benninger, G. C. Klungenmith, A. W. Harriger, W. E. Huggler, J. L. Mills and P. H. Montgomery.

School District of Warren Borough will receive bids for a super-visory fire alarm system at McClintock School up to December 20, 1956. Specifications may be secured at office of Superintendent of Schools.

/s/ F. E. Kleshauser, Secretary

## Suggestions For Preparing Cards For the Post Office

Here's another release from the Post Office Department on the subject of "Preparing your Cards for Mailing—read it and heed it:

1. Use zone numbers for large city addresses. Zone directories are available in the Post Office lobby, at the Warren County Motor Club, and at the Chamber of Commerce office. Be sure to indicate Street, Avenue, Boulevard, etc., whichever is correct.
2. After you've got your cards all addressed and stamped, and before you bundle them, go through them carefully, checking addresses and making sure each one has a stamp. You'd be surprised at the number of cards mailed to "Chicago, Pa.," "Warren, Ill.," etc. and the number we get without stamps if they have no return address, they are lost, of course. Incidentally, don't abbreviate cities, states, etc. (Where is Pgh., Pa.?)
3. Separate and tie into IN-TOWN and OUT-OF-TOWN bundles and label them with the conspicuous red and white labels we furnish free.
4. If you do mail any 2c cards, despite the chances called to your attention above, tie them separately from your first-class cards; also in IN-TOWN and OUT-OF-TOWN bundles. And if you are mailing other letters or business mail at the same time, tie them separately. Business mail, in rush periods, is given preferential handling.
5. If you want any undeliverable first-class (8c) cards returned, be sure your return address is shown on the envelope or that an identifying name appears inside. The dead letter office cannot identify the sender of a card signed, "Auntie Mame."
6. Don't enclose money or any other valuables with a greeting card unless you register it; and don't try to stuff anything bulky, such as a handkerchief, in an envelope. It will most likely be torn open by the canceling machine and the contents damaged or lost.

# Blue & White Matmen Open Season Tonight at Beatty

## DuBois GROANERS WILL FACE DRAGON GRUNTERS AT 7:30

The 1956-57 edition of Warren High School wrestling squad will meet its first foes at 7:30 p. m. tonight when they host the groaners from DuBois at Beatty gym. It will be the first match for the charges of new coach Hal Miller.

With only three returning lettermen to form a nucleus, Coach Miller reports the other members of the squad have performed well in practice sessions, show great potential ability.

Leading the returning veterans are Don Brian, a 3-year letterman and past winner of the sectional and district tournaments. Other lettermen are Harry Brooker and Iver Stenberg, each with a year's competitive experience.

The following is a list of weight classes and contenders: Kurt Lester is the "big" man in the 88-pound class with Ed Sleeman giving him some tough competition. Larry Campbell is having an easy time in 95-pound class but with a little more seasoning, Tom Sleeman and Terry Bant could be possible contenders.

In the 103-pound class, Gall Page holds a substantial lead over all contenders.

Steve Pearson and Bruno Zafino are still battling for the 112-pound slot but due to eligibility reasons Steve may take the edge.

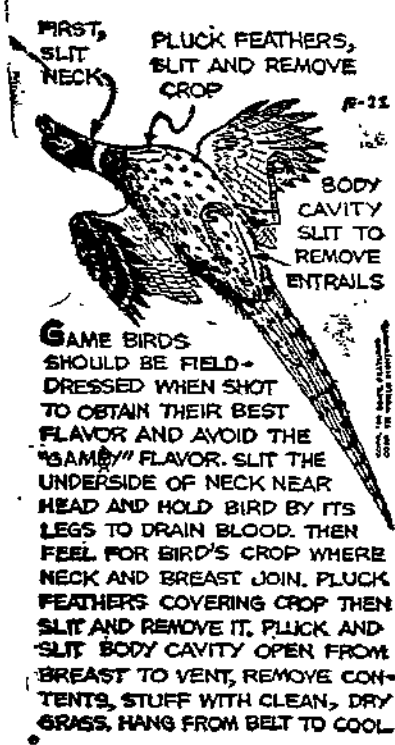

Mike Kondak is not experiencing any difficulty and should be number one man in the 120-pound class.

John Colvin, a freshman, holds a slight edge over Jim Tinelli in the 127-pound class, but it's a toss-up who starts.

Bruce Trevenen and Dick Kells

### FIELD-DRESSING GAME BIRDS

LOGAN'S CLOTHING FOR ALL THE MEN

## Machen's Showing With Sumerlin Is Big Stepping Stone

Syracuse, N. Y. (AP)—Undeclared heavyweight Eddie Machen today was offered a bout with Tommy (Hurricane) Jackson as a stepping stone to a title match with new heavy king Floyd Patterson.

Billy Brown, matchmaker for the International Boxing Club, said after Machen's 10-round unanimous decision over sixth-ranked Johnny Sumerlin last night: "We have offered Machen a bout with Jackson and we would like to put the winner of that fight in with Patterson."

Brown said, however, that Sid Flaherty, Machen's manager, "wants to wait a couple of days before he gives us an answer."

There were no indications that Flaherty would refuse the offer. Machen's ability as a counter-puncher as displayed in last night's triumph might make him a very capable foe for the new champion.

Machen failed to record his 15th knockout in winning 19 bouts, but Sumerlin withstood the heavy pounding much to the amazement of his shorter opponent and the 1915 spectators.

Machen was in command throughout. Judges Richie Fazio and Dick Albino scored it 7-3 for the winner and Referee Joe Palmer called it 6-4. The AP had it 7-2-1.

## NBA AT A GLANCE

New York at St. Louis.  
Minneapolis at Boston.

## American Olympic Official Concedes Russia Good Chance

Melbourne (AP)—A leading American Olympic official today conceded that Russia might beat the U.S.A. in gold medals and points in the Melbourne Olympics.

He said the only way to top the Soviets in the future was "for us to get better in other sports than the main ones."

"The Russians have the depth," said Lyman Bingham, executive director of the U. S. Olympic Committee. "If we lose we will have no alibi."

"Our strength is in main sports like track and field, swimming, rowing and basketball—sports which are featured in the colleges. There the boys get the best coaching and equipment and the competition you need to be at your best."

"We'll have to get better in the other sports like gymnastics and field hockey where there isn't too much interest. How we'll do that I don't know yet."

"It's simpler for the Russians. With them sports is a great propaganda weapon. With us it's a pastime except maybe for college football."

## Pitt Coaches Concerned Over Two Quarterbacks

Pittsburgh (AP)—The Pitt coaching staff expressed concern today over the physical condition of two quarterbacks as the Panthers prepared to fly to Miami where they'll wind up their football season, Saturday.

Corny Salvaterra, the No. 1 signal caller, is suffering from a knee injury and second string quarterback Darrell Lewis has re-injured his right ankle.

There is a possibility that sophomore Bill Kaliden will either start against Miami or see considerable action if Salvaterra does not respond to treatment.

Kaliden had an unhappy experience against Minnesota when he called a fourth-down running play deep in his own territory and fumbled. Minnesota went on to kick the winning field goal.

## A.P. Little All America Team Includes Number of Holdovers

New York (AP)—Four holdovers, and a kid so popular with the home folks he recently drew 15 write-in votes for sheriff are among eleven seniors named to The Associated Press' Little All-America football team for 1956.

The lineup also includes the top passer among small college players, a fullback who averaged nearly nine yards a carry during a matchless four-year career, and an accompanying group of linemen averaging 6-3 and 215 pounds.

The repeaters from last year's Little All-America are end Charles Schultz of unbeaten, untied Alfred; guard Steve Myhra of North Dakota; tackle Vince Vidas of Drexel Tech, and Nate Clark, an all-purpose halfback for Hillsdale, Mich.

With Clark in the backfield are Jimmy Stehlin of Brandeis, who led the little schools in passing with 116 completions in 206 attempts for 1,155 yards; Bill Rhoades of Western Colo. State, who gained 327 yards in one game this fall, totalling 4,294 yards in his varsity career and averaged 8.49 yards per carry since his first game as a freshman four years ago; and Larry Houdek, Kansas Wesleyan's tailback who ran for 1,432 yards, led the nation in scoring with 114 points and pleased the folks around Salina so much 15 of them made him their write-in candidate for sheriff last month.

The remainder of the choice team includes end Milton Robichaux of Trinity, Tex., 6-6 tackle Don Owens of Mississippi Southern, guard Bob Mitchell of the College of Puget Sound, and center Bill Earp of Emory and Henry.

Others named include: Second team: William Whizzer White, Westminster, Pa. College, back.

Third team: Albert Hill, Penna. Military, end.

## Player Cutdown Is Included in Minor League Proposals

Jacksonville, Fla. (AP)—A player cutdown proposal, a kind of share-the-talent plan for grassroots baseball, appeared to have a good chance of passing today as minor leagues prepared to vote on 29 amendments to the major-minor agreement.

Recommended by both Baseball Commissioner Ford Frick and minor league boss George Trautman, the proposal would require major league clubs to cut their rosters to 28 players by opening day. The majors in the past have kept from 30 to 32 players until the May 15 cutdown time.

Adoption of the proposal by both the minors, currently in session here, and the majors, which meet in Chicago next week, would free at least 32 players—two from each of the 16 big league clubs—for immediate service in the higher minors.

The Pacific Coast League and triple-A clubs then could lop off some of their players, setting off a chain reaction which would reach all the way down to the Class D circuits.

Trautman has complained that under the present plan, the minors are unable to get their lineups set for the first month or two of the season.

The cutdown plan would be another step in the majors' program to aid the minors, this time with earlier player help. The majors already have set up a \$500,000 fund to assist financially troubled minor league clubs.

In addition to the legislative session on amendments, Class B and C leagues were set to hold their draft. Minors from Class A drafted 26 players yesterday at a total cost of \$156,750.

## Illinois Opens the Season With 98-81 Victory Over Butler

Champaign, Ill. (AP)—Basketball Coach Harry Combes admits he had "a pretty good team" at Illinois but there are a lot of "ifs" connected with it.

Some of the "ifs" may have been answered last night when the Illini opened their season with a 98-81 victory over Butler.

"If Don Ohl improves as much from his sophomore year to his junior year as Harv Schmidt did it will do much to help," Combes had said in listing his "ifs."

Well, Ohl, a 6-3 guard, rattled in 20 points against Butler. Schmidt, a 6-6 senior, contributed 2.

But the big man, as everybody expected, was George Bon Salle, a 6-8 senior center who, perhaps, is the Midwest's No. 1 All America candidate. He slammed in 28 points.

This combined scoring punch offset a brilliant performance by Butler's Ted Guzek, who took scoring honors with 37 points.

In another Midwest struggle, Bob Walczak's one-handed jump shot with five seconds remaining gave Marquette a 61-60 overtime victory over DePaul. Jim McCoy, Marquette sophomore who finished with 29 points, sent the game into overtime with a basket just as the buzzer sounded.

Other Pennsylvania teams fared this way:

Penn. 100, Swarthmore 85; Princeton 64, Lafayette 55; Temple 78, Muhlenberg 64; St. Joseph's 93, West Chester 43; Canisius 66, Villanova 62; LaSalle 75, Albright 52; Moravian 98, PMC 80; Pittsburgh 64, Westminster 54; Lycoming 75, Lock Haven Teachers 55; East Stroudsburg 74, Kutztown 64; Kings 80, Bloomsburg 58; Penn State 90, Rutgers 58; Wilkes 83, Dickinson 53.

## Bisons In First Place Tie With Providence

Buffalo, sparked by a fine net minding performance by goalie Harry Lumley, boosted the Bisons into a first place tie in the American Hockey League.

In the only game played last night the Bisons scored five times in the first two periods and then held off a final period rally by Providence to defeat the Red 5-3.

The victory enabled Buffalo to move into the league lead along with Providence. Both teams have 25 points.

Lumley, guarding the goal superbly through the first two sessions, was hard pressed in the final period when the Red's attack produced three goals. Lumley had 34 saves.

## SPORTS IN BRIEF

By The Associated Press

Los Angeles — Dr. Emmett B. Moore of Washington State was elected to a third term as president of the Pacific Coast Conference.

Miami, Fla. — I Geegee \$16.30 scored by a head over Little Jed in the feature at Tropical Park.

New Orleans — Storm Cloud \$13.40 caught the favored Seven O'Hearts in the stretch to win top event at the Fair Grounds.

Baltimore — Cool Stream \$5.80 gained a head decision over Golden East in Montgomery County purse at Pimlico.

San Mateo, Calif. — Paul's Diamond \$10.60 captured the feature at Bay Meadows.

Miami Beach, Fla. — Swaps, holder of five world records, was named 1956 champion among older colts and horses by the TRA.

Echard, was hunting near Jumonville Monday when he spotted a six-point, 175-pound buck. He brought it down from 40 yards with a frontier model Colt pistol.

### Business Briefs

New York (AP) — O. Lester Pplegate, chief engineer of Standard Brands, Inc., has been elected vice president of the firm and will continue in charge of engineering. It was announced today by Joel S. Adams, president of the company, that Pplegate has been with Standard Brands since 1942.

Pleasantville, N. Y. (AP) — General Precision Laboratory, Inc., has announced it had been awarded three subcontracts aggregating 1 1/2 million dollars by the Glenn L. Martin Co. for airborne electronic equipment. The firm is a subsidiary of General Precision Equipment Corp.

New York (AP) — John F. Connelly has been elected a vice president of Crown Cork and Seal Co., it was announced today by John J. Nagle, chairman of the board. Connelly, president of Connelly Containers, Inc., of Philadelphia, takes the post vacated by George W. Crabtree, resigned.

Pittsburgh (AP) — Pittsburgh Screw & Bolt Corp. plans to move its three plants here to Westmoreland County.

D. D. Greenfields, president, yesterday announced purchase of 75 acres of land in the Mt. Pleasant-Scottsdale area where a modern plant will be built to replace the Pittsburgh facilities.

The one-floor plant will contain about 600,000 square feet of space for the manufacture of industrial fasteners of all types, bolts, nuts, rivets, rods and special fasteners. The firm operates other plants in Gary, Ind.; Longview, Tex.; Monaca and Norristown, Pa.

## 86,000 Are Enrolled In Instructional Classes at State

University Park — The Pennsylvania State University during the year ending June 30, 1956, enrolled more than 86,000 persons in instructional programs of one type or another.

These included 15,300 regular students studying on the campus at University Park or at Penn State centers, more than 7,000 enrolled for the summer sessions, and nearly 20,000 students completing work by correspondence. More than 12,000 of the correspondence course students were enrolled for agricultural correspondence work.

Another 15,000 were enrolled at Penn State Centers for night classes and other programs offered by the General Extension Services of the University.

On the campus, nearly 29,000 were registered for educational conferences, meetings, workshops, and seminars while more than 1,000 completed one of the various agricultural short courses.

County agricultural agents, extension home economists, and other extension personnel made personal contacts with well over a million persons during the year.

Additional millions of Pennsylvanians were reached during the year by agricultural and home economics extension personnel who presented more than 12,200 radio and television programs and provided hundreds of Pennsylvania newspapers with information helpful to the farmer and homemaker. They also assisted 38,500 4-H Club members in their club programs.

## Ludlow Cub Scouts And Parents Enjoy Christmas Event

Ludlow — Local Cub Scouts enjoyed a Christmas party in the Ludlow School Tuesday evening. Proceeding from the balcony, with lighted candles, and singing "Silent Night", the youngsters created an impressive scene.

A short business meeting was held under the leadership of Cubmaster Leland Engman, followed by a grab-bag for adults and Scouts and the serving of refreshments.

Mrs. Melvin McCleary, Study Group president, entertained at her home Monday evening, with most of the membership present. Mrs. Albert Carlson was program chairman, using various books for reference in her discussion of "The Celebration of Christmas". She produced several articles concerning the commercialism of the holiday, which brought about immediate discussion. Barbara Begeny, as news item chairman, outlined the Hungarian problem and led a forum discussion. Coffee was served in late evening.

Susan Fetzack celebrated her eighth birthday Monday with seven guests present to enjoy games and a birthday luncheon. Guests were Mary Cox, Debbie and Becky Anderson, Mary Shaffer, Sharrine and Laurie Olson, and Diane Zampogna.

Mrs. Walter Cox entertained Bridge Club at dinner at her home Tuesday evening, with prizes awarded to Mrs. Eugene Huber and Mrs. Melvin McCleary.

## Nat "King" Cole Has a "Relaxed" 15-Minute Show

By CHARLES MERCER

New York (AP) — When you ask Nat "King" Cole what he's trying to do with his new show, he says:

"Have a relaxed 15 minutes. Sing some songs. Lay off a lot of talk. Don't have any guests. Move into the show fast and keep it moving—and relaxed."

Because he's succeeding so admirably, 15 minutes seems all too short a time and once a week too seldom for his program.

Nat "King" Cole not only is one of America's best-known musicians; he is one of the best ambassadors of American music abroad. You hear his records everywhere, even in remote Italian fishing villages with a single phonograph in the only bar. Sales of his recordings are approaching the \$9 million mark, which is pressing close to the old master himself, Bing Crosby.

So it's pleasant to see such talent recognized by giving Cole his own weekly program. It's doubly pleasant because Cole, a Negro, is among the first of the many talented members of his race to have his own program.

You often hear there is racial prejudice in television.

Cole, a clergyman's son, was born in Montgomery, Ala., and grew up in Chicago. He hasn't been able to resist a piano since he picked out "Yes, We Have No Bananas" at the age of four. His only teacher was his mother, an accomplished musician.

Remember... you'll get  
better results if you use my  
**JACK FROST SUGAR!**

Yes, Jack Frost Super-X Sugar is super-soft,  
super-fine—it blends quickly, completely  
with your other ingredients.

### VELVET CHOCOLATE SAUCE

1 cup butter or margarine  
1 1/2 cups sifted Jack Frost Confectioners Super-X Sugar  
1 egg + 3 tablespoons hot water  
1 square unsweetened chocolate, melted  
Dash of salt + 1 teaspoon vanilla

Cream butter and add Jack Frost Confectioners Super-X Sugar gradually. You'll notice the sugar blends double-quick—that's a special talent of Jack Frost Super-X.

Beat in egg, mixing well. Slowly add hot water. Stir in melted chocolate. Cook over boiling water, stirring constantly until mixture thickens slightly. Add salt and vanilla. Serve on ice cream, plain cake or pudding. Makes about 1 1/2 cups sauce.

P.S. You'll like the convenience of the new Jack Frost Super-X package. The long inner liner makes measuring extra-easy. And there's a handy tuck-in flap on top.

Now bowing onto the scene are the dramatically different cars of 1957. See them all . . . see them now . . . come to the Show and eye-witness the dawn of a bright new era in automotive engineering, design and styling!

# Third Annual Auto Show Ready for Opening Friday Evening

## Several Deserving Groups To Benefit Through Exhibition Sponsored by Legion 40 et 8

Interested and prospective new car owners are ready to avail themselves of the big opportunity to view 1957 automobiles when the third annual Auto Show opens tomorrow afternoon at 2 p. m. at Beatty school building.

In addition to enjoying the fine display, these area people will be lending financial assistance to several groups slated to receive benefits from the show's proceeds.

The great affair is staged by the 40 et 8 of The American Legion, whose work locally deserves considerable praise and recognition.

For instance, during 1955-56, under Child Welfare chairman, Robert Hunzinger, Warren County Voiture activities included Christmas parties for youngsters at both the Hoffman Home and the Ruth M. Smith Home in Sheffield. Easter parties and a gigantic picnic at Midway Park on Lake Chautauqua were also given by the Voyageurs for the kids. In addition, skates were presented the Hoffman Home and a Happiness Fund maintained throughout the year.

Such worthwhile projects aimed to bring fun and frolic into the lives of boys and girls deprived of families, will continue during this coming year, with Dr. Gabriel Chimenti named as 1957 child welfare chairman.

Veteran's activities also are a prime concern of the 40 et 8 and men who have served their country in the past, now patients at the Warren State Hospital, look forward to the entertainment provided by the local Voiture. The

organization also recently purchased a wheel chair for one whose entire outlook is changed since receiving a new lease on life. Anthony Lucia served as chairman last year, Gregg Borger will be 1957 chairman.

Due to the efforts of the 40 et 8 and proceeds from last year's Auto Show, one boy has graduated from George Junior school and plans are being considered to participate in a Nurses' Training program sponsored by the Grand Voiture.

There can be little doubt that attendance at the Auto Show gives an opportunity for everyone to join an outstanding organization's heart-warming work in the community.

The show is open to the public from 2 p. m. till 10 p. m. tomorrow and from 2 p. m. till 5 p. m. on Saturday.

ension, a new 277-h.p. "Rocket" engine.

Four new body styles have been added to the 1957 Oldsmobile line—three Fiesta station wagon models and an economy priced "88" convertible.

Front end styling is entirely new; there's a new hood ornament and a "span-a-ramic" windshield that is deeper and wider.

More new features and design changes have gone into the 1957 Oldsmobile than any of its predecessors in at least the past two decades.

Carlson Motors invites you to view the Oldsmobile for '57 at the Auto Show.

### USE OLD METHOD

Wild rice still is harvested by Minnesota Indians in the same manner as before the white man came. A squaw bends the rice over a boat and knocks the ripened kernels into the craft.

**TAKES DESOTO AGENCY—**"Nick" Tassone, associated in local automobile circles for over five years, has been granted the DeSoto dealer franchise for this area just in time for the big annual Auto Show. Operating as NAT Motors, located at 710 Pennsylvania Avenue, Mr. Tassone is proud to present the all new DeSoto for '57. Combining a host of styling, mechanical and performance features, engineers have provided the public with truly "the most exciting car in the world today." Chrysler Corporation's "Forward Look" is personified in the low, sleek DeSotos.

## 40 et 8 Voyageurs Sponsor Numerous Helpful Projects

A broader picture of 40 et 8 activities is painted in a report from the Grand Voiture, and such projects are also supported, in part, by local voyageurs.

Every voiture reported annual Christmas Easter or Halloween parties with some engaged in making possible such outings as picnics and rodeo shows with all the trimmings. All were free to children in respective communities.

The following were given, by a Voiture or a Voyageur—27 pairs of shoes; 52 pairs of eyeglasses; 14 tons of coal; milk was provided for 55 children and 47 pints of blood were donated to refill blood banks for children.

From the records, 19 young ladies are in Nurses Training (the local 40 et 8 plans to send a candidate if this year's auto show funds provide the wherewithal):

Dental treatments, plus fluorine prophylaxis were given to 864 children, and medical treatments were given to 9,642 children by 40 et 8 physicians.

Dues to YMCA were paid for 75 youngsters and two voitures ran Soap Box derbies. Playgrounds and equipment were provided by some and many voitures assisted in Flood Relief where needed. 17 boys were sent to Keystone Boys State Camp and folding wheelchairs were presented to Children's Hospitals.

Child Welfare Activities are numerous and more than worthwhile as the 40 et 8 of The American Legion takes strides toward giving help where it is needed the most.

## Barbershop Chorus To Be Feature At Annual Auto Show

As a remarkable gesture of appreciation to the Warren automobile dealers who will display at the fourth annual Auto Show, it is learned that the famous SPEBSQSA chorus, directed by Earl Erickson, will make an appearance at the 40 et 8 event tomorrow evening.

Harold Carlson, president, also announces that several of the group's quartets will serenade on Saturday.

Since SPEBSQSA was introduced to the community, the local automobile dealers have always supported the organization at the time of its annual Parade of Barbershop quartets, this season scheduled for January 19, 1957, and a vocal "thank you" will be extended this weekend, adding considerable pleasure to an already thrill-packed auto show.

Barbershoppers are also engaged in a unique money-raising scheme, the construction of a house on Lookout street. Upon completion the house will provide funds for the Warrenites to attend the 1957 session planned for June 19-23 on the west coast.

## Business Faces Big Question Marks as Final Sprint Starts

New York, (AP)—Business starts the final sprint of the year with three big question marks.

Will shoppers come through as hoped and make this the biggest Christmas season for the stores which have large stocks on hand?

Will industry go ahead with ever larger expansion plans and, if so, where will the money come from?

And the biggest question of all: Will some trigger-happy nation start shooting?

There's a little businessmen or their customers can do about the third one but wait and see how international affairs work out.

But the first two find the consumer in the middle.

On one hand he is being urged by the banks and other financial institutions to save more money so that they will have more to lend to expanding business and thus end the tight money squeeze.

On the other hand the individual is being urged to spend freely to keep all the consumer goods industries and the merchants happy. You have only to look at the advertising in your newspaper to see

that a record drive is on to coax dollars out of your pocket.

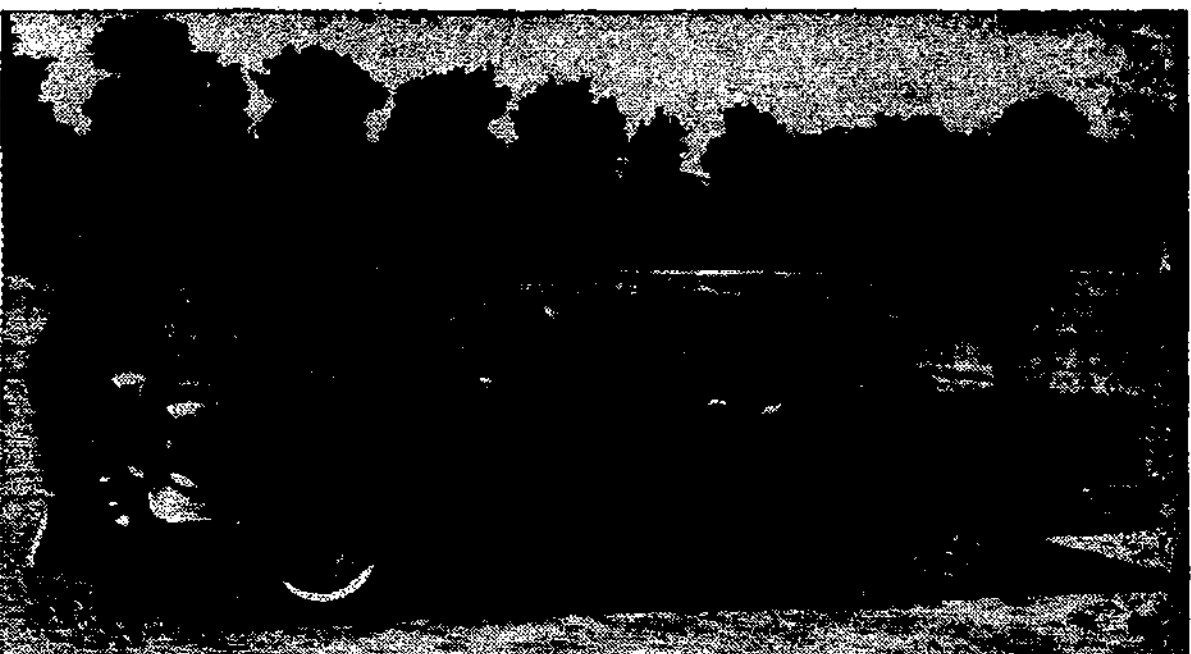

But on the other hand the Guaranty Trust Co. of New York in its December survey out today says that only through savings can this demand be met.

The pressing need for more capital also runs like a thread through all the meetings this week in Florida of the Investment Bankers Association of America. Industries saying they must have more growth funds include steel, atomic energy, railroads, electric utilities.

The bank agrees, saying "The economy appears to be facing a period of growth and expansion as spontaneous and dynamic as any that occurred in the past." It cites the needs of a growing population and the progress of industrial technology in creating more, new industries. But if savings blood for this growth the alternatives are "inhibited growth, inflation, or a combination of the two."

By his famous kite experiment, Benjamin Franklin proved the identity of lightning and electricity.

## Sweeping Model Change in '57 Oldsmobile

Completely new styling from hooded headlamps to taillights features Oldsmobile for 1957, with the most sweeping model change in 20 years, as presented in this Super "88" Holiday coupe. "Sky-line" heading down the roof extends into the rear deck and sets off the twin-strutted rear windows with three separate glass areas. Distinguishing the new front end are the new "hi-lo" bumper, twin front fender rocket emblems and parking lights adapted from the experimental Golden Rocket. Inside there is a new strut-mounted instrument panel and a wide variety of new upholstery fabrics and colors. Mechanically, there is a new 277-h. p. "Rocket" engine, known as the T-400 because of its high torque throughout the driving range offering livelier-than-ever performance when you need it; improved front and rear suspension, 14-inch wheels and a more efficient dual-range heater.

## 1957 Oldsmobile Has New Features

For its 1957 line, Oldsmobile offers a selection of paint and trims covering 2 different colors, of which 13 are brand new, 46 recommended two-tone combinations, and 53 upholstery choices.

Interiors of the '57 Oldsmobiles accentuate beauty and convenience and there's a brand new appearance plus mechanical innovations to provide a sweeping model change.

The body is completely new, creating a fashion-new exterior appearance with deeper bumpers and redesigned grill.

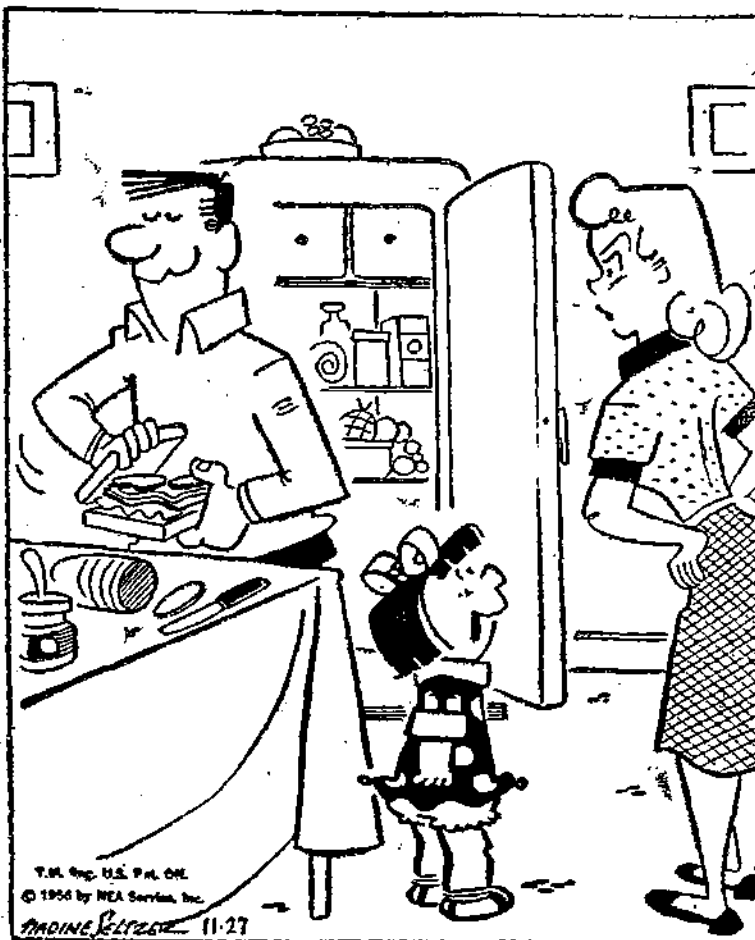

Mechanical and structural advances include a new wider and heavier chassis, new "pivot-poise" front suspension of a design that resists dipping, improved rear sus-

# 'Reveille Was When We Got Up' Navy Man Says of Antarctica

McMurdo Sound, Antarctica (P)—A lanky Navy man with a beard Abe Lincoln might have envied came back from the South Pole today. He brought the first account of life at the bottom of the world in 44 years.

"It's miles and miles of nothing," said Lt. John Tuck, Jr., of Auburn, Mass. But he added the cheerful note that because of 24-hour daylight: "Reveille was when we got up."

Tuck spent 12 days at the Pole with a party of American Seabees building a base for scientists who will live there during the pitch-black antarctic winter from March to October.

The tiny American colony brought the first human life since

## Newest and Finest "Best Buick Yet"

It takes a lot of things to bring about an evolution in automobiles—dreaming, designing, planning, testing, and finally, the building of the new product.

Buick has accomplished this for 1957, and today proudly presents the new Buicks that will launch a new way of motoring.

Buick's 1957 styling, the lowering of bodies, creating a new Low-Sweep silhouette, increasing the vision and enhancing the eye appeal are part of the evolution.

Buick's new engineering—the more powerful V-8 engine, Levelized Braking, improved Variable Pitch Dynaflo, new ride features—all bring further contributions in addition to pace-setting action.

At the 4th. annual Auto Show, C. C. Smith, Inc. will show the 1957 Buick, with its many features that will become standards for years to come—here's a chance to look at the most advanced automobiles ever offered—the newest and finest Buicks yet!

the polar summer of 1911-12 to the vast, white two-mile-high plateau. No one before has ever spent more than two or three days there.

Tuck flew back to this antarctic coast base in one of two ski planes that took Dr. Paul A. Siple of Washington, D. C., and five more Seabees to the Pole. Their arrival boosted the South Pole's population to 24 men. They are connected with Operation Deepfreeze and will build and run a polar station for use in the International Geophysical Year program.

"The first couple of days we went around like actors in slow motion," Tuck said.

This was because of the thin air at the Pole's high latitude, and the bone-chilling cold of 25 degrees below zero even in this period of summer.

Nowadays the sun shines 24 hours a day at the Pole.

"The time of day depends on where you stand because all time zones and date lines converge at the Pole," Tuck said.

Tuck spent last winter at this U. S. base 800 miles from the Pole and has been picked to head the Navy team that will winter in at the Pole itself with the scientific expedition headed by Dr. Siple.

The Americans, brought by airplanes, are the first persons to set foot at the Pole since the historic summer of 1911-12 when it was first reached by an expedition under Roald Amundsen of Norway. A few weeks later Capt. Robert Falcon Scott led a five-man British expedition to the Pole and found to their dismay they had been beaten. Scott and his four companions died in a blizzard en route back to the coast. Their bodies and diary notes were found a year later.

Besides Dr. Siple, the new members of the polar colony are H. Roberts of Ellabell, Ga.; Patrick D. McCormick, Flint, Mich.; Robert L. Chaudoin, Long Beach, Miss.; Harold G. McRillis, Sharpville, Pa.; and Gordon C. Tyler, Winters, Calif.

### FUNNY BUSINESS . . . . . By Hershberger

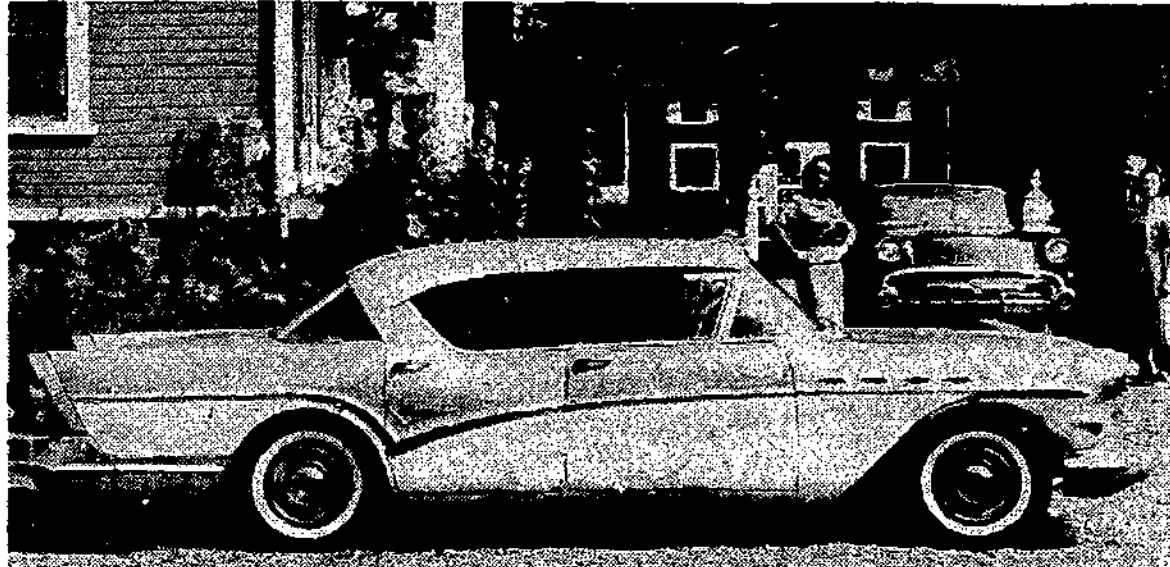

"He makes extra change keeping flies off Joe's dome!"

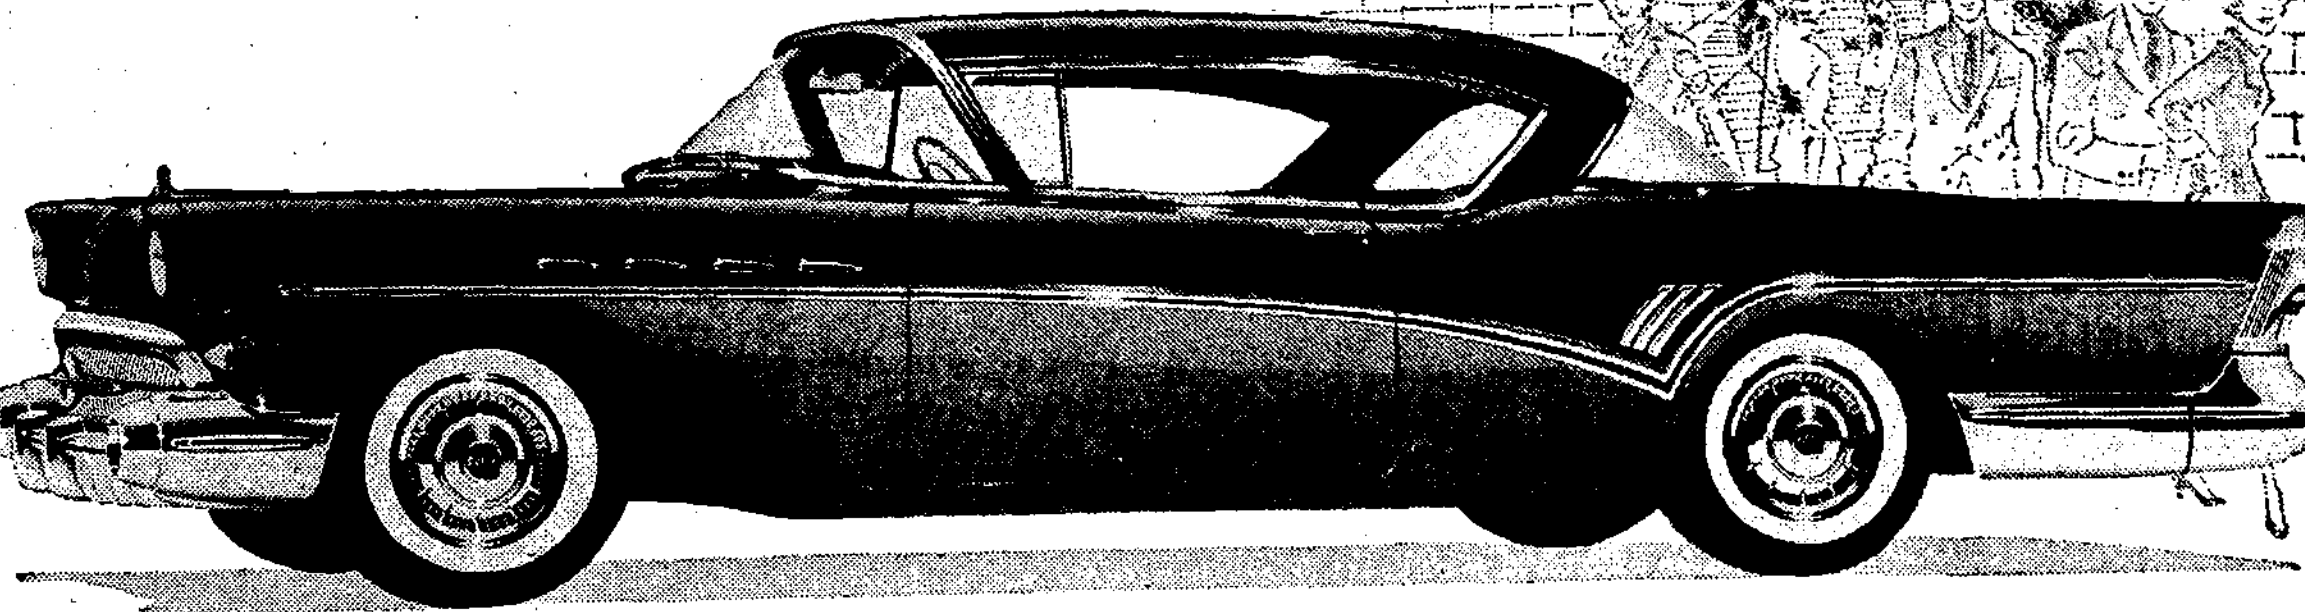

"You'll have to quit trying to play rock-an'-roll music with one finger!"

### New Dream Car Styling for Buick

The classic design of Buick's new dream car styling for 1957 is exemplified in the Super four-door hardtop with its low silhouette and racy lines. Powered by a 300-horsepower V-8 engine, with 10-to-1 compression ratio, the Super is one of the most agile cars on the highway. Bigger panoramic windshields, roomier bodies and a completely new chassis are featured on all new Buicks. Buick's variable pitch Dynaflo transmission and power steering are standard on the Super.

# Newest thing you'll see at the Auto Show...

# Newest Buick Yet

WHAT YOU'LL SEE when you visit the Buick Exhibit at the Auto Show is far more than just an array of new models.

You'll see a model array of *completely new cars*.

You'll see cars new in every classic line of their low-sweep styling. New in every ounce

of their roomy and rugged construction. New in ride, new in power, new in performance.

To be specific:

You'll see a new ROADMASTER of brilliant new distinction and luxury. A superb new SUPER of even roomier proportions. A sensational new CENTURY that sets a still hotter pace. A wallowing new SPECIAL of top-flight performance and low-range price.

You'll see, too, the dashing Caballero—a brand-new kind of Estate Wagon that brings true Riviera hardtop styling to the wagon train.

Most important, you'll find evidence of the new kind of motion to be had in these new Buick beauties—

From an ingenious new chassis that "nests"

the whole car to the lowest center of gravity in Buick history—to a new and mighty 364-cubic-inch V8 engine of swift and silken response—to an advanced new Variable Pitch Dynaflo\* so instantly obedient, so smooth and full-range in "Drive" that the need for "Low" is practically eliminated.

By all means, see everything that's Buick-new at the Auto Show.

Then drop in on us and see how all this newness translates into action—into instant response, into surer handling, into a deep new sense of comfort and security and fun and pride.

We'll be looking for you.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## Mercury for 1957 Named Dream Car

Introducing "dream car" design, the 1957 Mercurys are distinguished by an unusually low silhouette, a completely new and larger body, choice of 55-hp Safety-Surge V-8 or 90-hp Turnpike Cruiser engine and a unique new floating ride which pioneers air-cushion suspension on many models.

The new Mercurys present a concept of motoring with bold, new styling and many mechanical advances destined to influence the shape of cars for years to come.

Designed to provide unequalled driving ease, comfort, safety and performance on America's turnpikes and freeways as well as on rutty, rural roads or city streets Mercury presents one of the most extensive model changes in the history of the automotive industry.

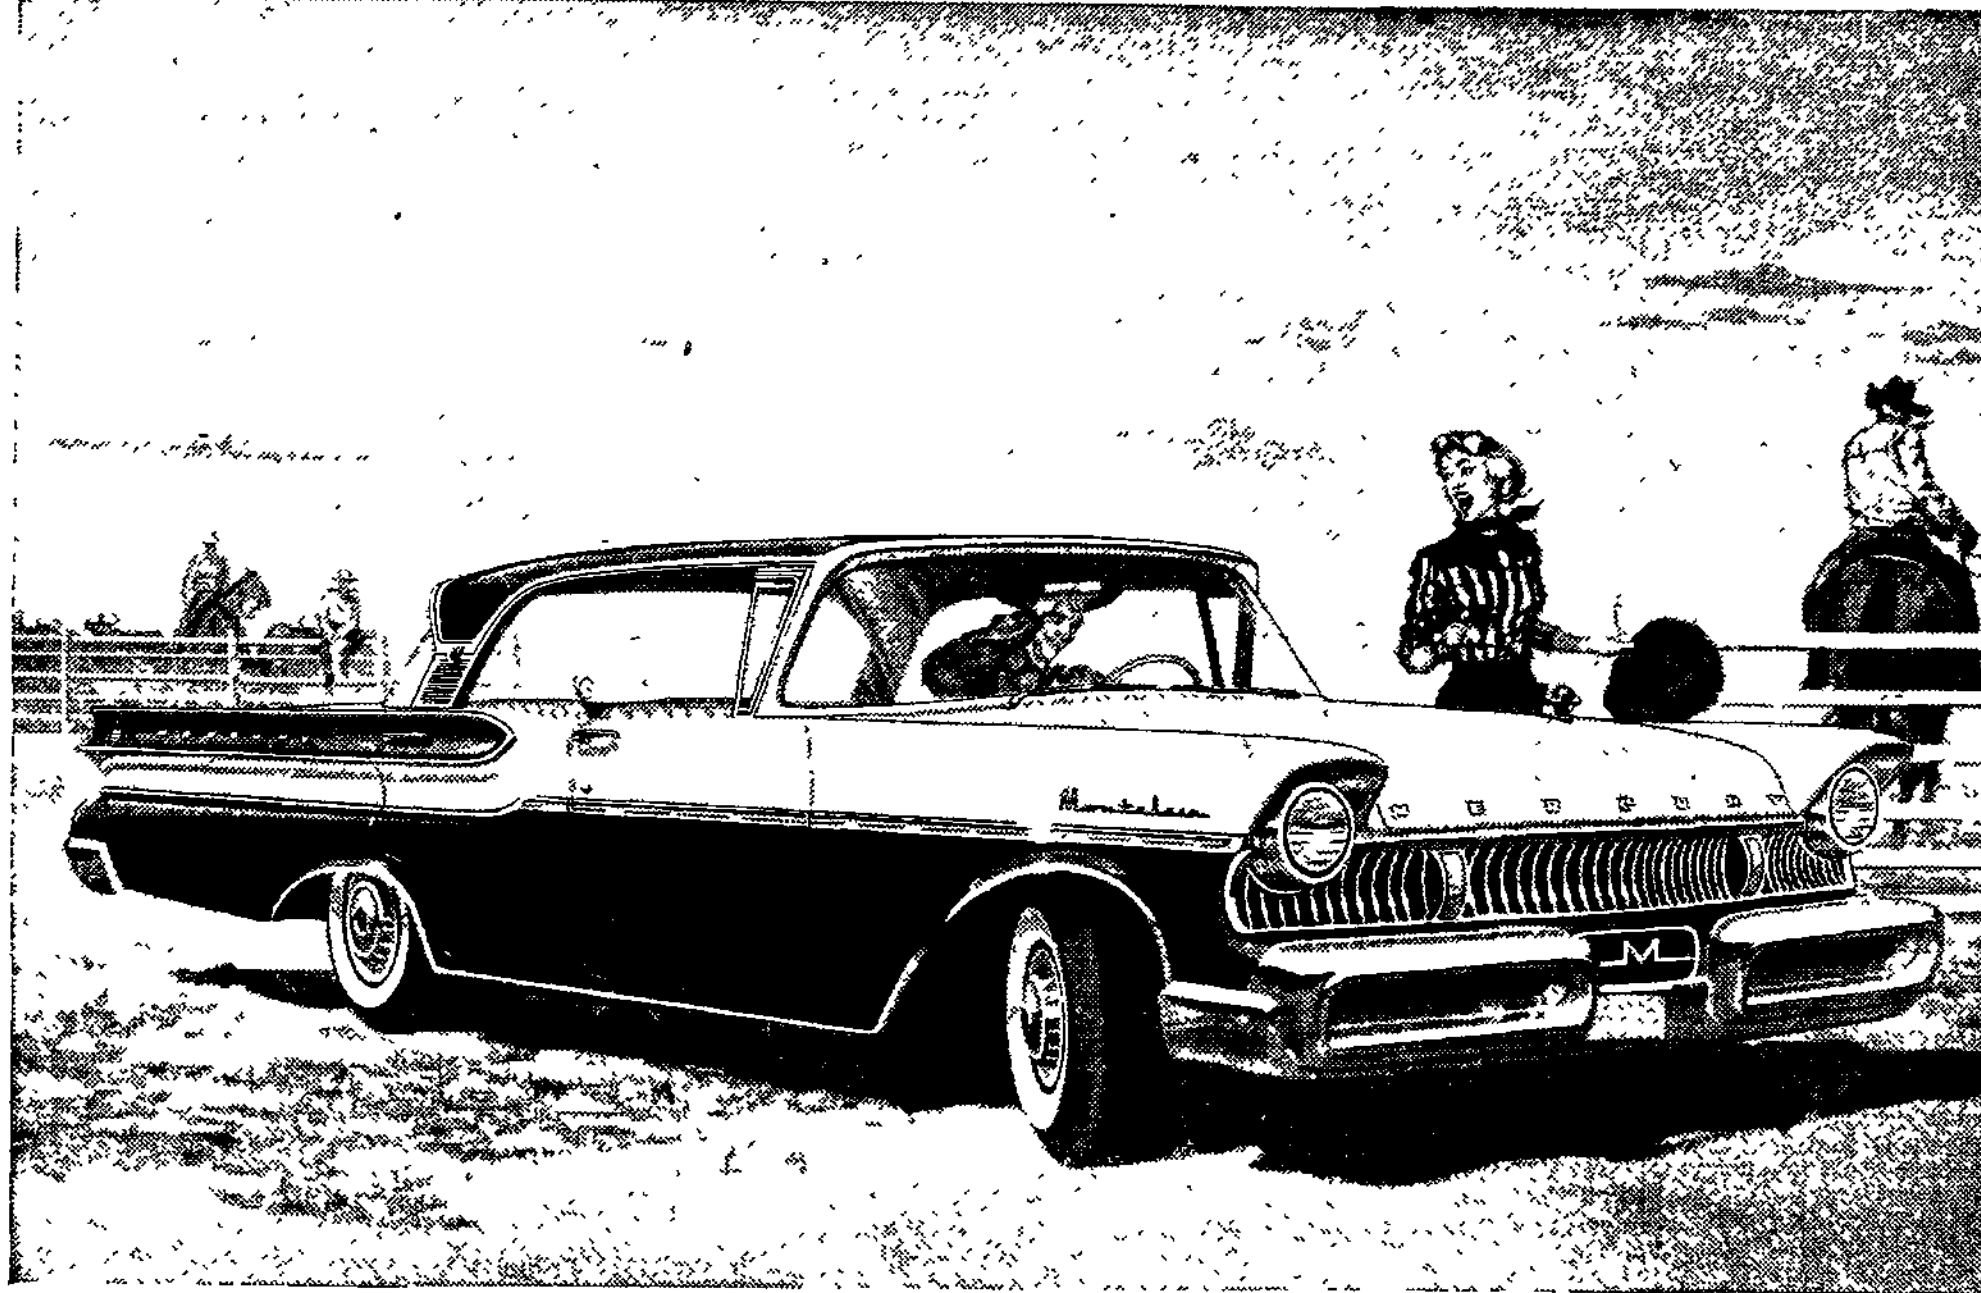

Long, flowing lines are highlighted by graceful, sculptured side projectiles topping low rear fenders and terminating in massive V-angle tail-lights which make Mercury unmistakable on any road.

In Warren it's Johnson Motors for "The Big M." Mercury is making newsworthy strides forward with new keyboard control, air cushion rear suspension; floating ride, 14 inch wheels, 15 models in 3 series, new body features and new body colors.

See Mercury for yourself at the annual Auto Show

### DON'T SHOOT!

Wenatchee, Wash. (AP)—Kenneth L. Hooper, owner of a gun and machine shop next door to a bank, played it safe. He had just finished repairing a gun and was going outside to test it when the bank's burglar alarm sounded. Gun in hand, halfway out the door, it occurred suddenly to him that police rushing to the scene might misunderstand. He stepped back inside quickly. "Even then, I felt kind of conspicuous," he said.

**YOU ENJOY INCREASED HEADROOM**—made possible by recessing the floor within the frame, and by the unique, straight-line design of the roof. Mercury's outside height is a sleek, shoulder-high 4 feet 8 inches.

## Texas-big all over! Far longer, wider! Bigger in every important dimension!

Here, by far, is the most spacious Mercury ever built. Even with 6 big passengers, there is no "hemmed in" feeling. There's move-around comfort for all.

**BIGGEST SIZE INCREASE IN THE INDUSTRY**—The new Mercury is over 17½ feet long, more than 6½ feet wide. Close to 2 tons big. The doors are much wider for easier entrance and exit. The passenger compartment alone is almost 9 feet long. Headroom has been generously increased. THE BIG M is family-car big—with much more leg room, shoulder room, and elbow room for all the family.

**FAR GREATER VISION**—You are sur-

rounded with up to 4,122 square inches of glass—more glass area than a picture window 3 feet by 9 feet. The corner posts are so slim you scarcely know they're there.

**DREAM-CAR STYLED**—A new look shared by no other car. Clean-cut, lean, dynamic, it will influence the shape of cars for years to come.

**BIGGEST VALUE INCREASE IN THE INDUSTRY**—Never before has so much bigness and luxury cost so little. Check the price tags—and our easy terms—at our showroom. You will be amazed at how little more it costs down—and per month—for a big new Mercury than for the lowest priced cars.

### YOU'LL SEE DREAM-CAR FEATURES WHEREVER YOU LOOK

- V-angle Tail-lights, Jet-Flo Bumpers, Color-keyed Rear Projectiles
- Merc-O-Matic Keyboard Control that outdates ordinary push-button transmissions
- Power seat that "remembers" your favorite driving position
- Power-Booster Fan, in Montclair series, saves power other cars waste
- Full-Cushion shock absorbers and 3 other bump-smothering advances give you Mercury's exclusive Floating Ride
- New 290-hp Turnpike Cruiser V-8 engine (optional), 255-hp Safety-Surge V-8 engine (standard)

## Men's Average '55 Earnings \$4,200; Women Drew \$2,700

Washington (AP)—Men who worked at full-time jobs throughout 1955 earned an average of \$4,200, or \$1,500 greater than the average for women, the Census Bureau reveals. The women's average was \$2,700.

The bureau said the difference was even greater between the sexes for all persons with some form of income, including full- or part-time work or other remuneration. It said 51 million men with some form of money income averaged a record of \$3,400 last year. This was \$2,300 higher than the \$1,100 average estimated for 30 million women.

About four-fifths of men with income worked at fulltime jobs in 1955. Some of them, however, worked only part of the year. The average was \$3,900 for those who had full-time jobs all or part of the year.

On the other hand, only about half of the 30 million women with income worked at full-time jobs during all or part of the year and for those working the average was \$2,100 or \$1,800 less than for men.

The record average of \$3,400 money income for men was an increase of about \$160 or five per cent higher than for the previous year. The bureau said this average for men has increased by \$1,500 or 85 per cent since World War II. For women, the increase has been \$200 or 24 per cent.

Census said the largest relative increases among men went to non-farm sales workers and proprietors whose incomes rose about 18 per cent—from \$3,900 in 1954 to \$4,500 in 1955.

Moderate gains were reported for operatives and craftsmen, the two largest occupational groups among men. The average for oper-

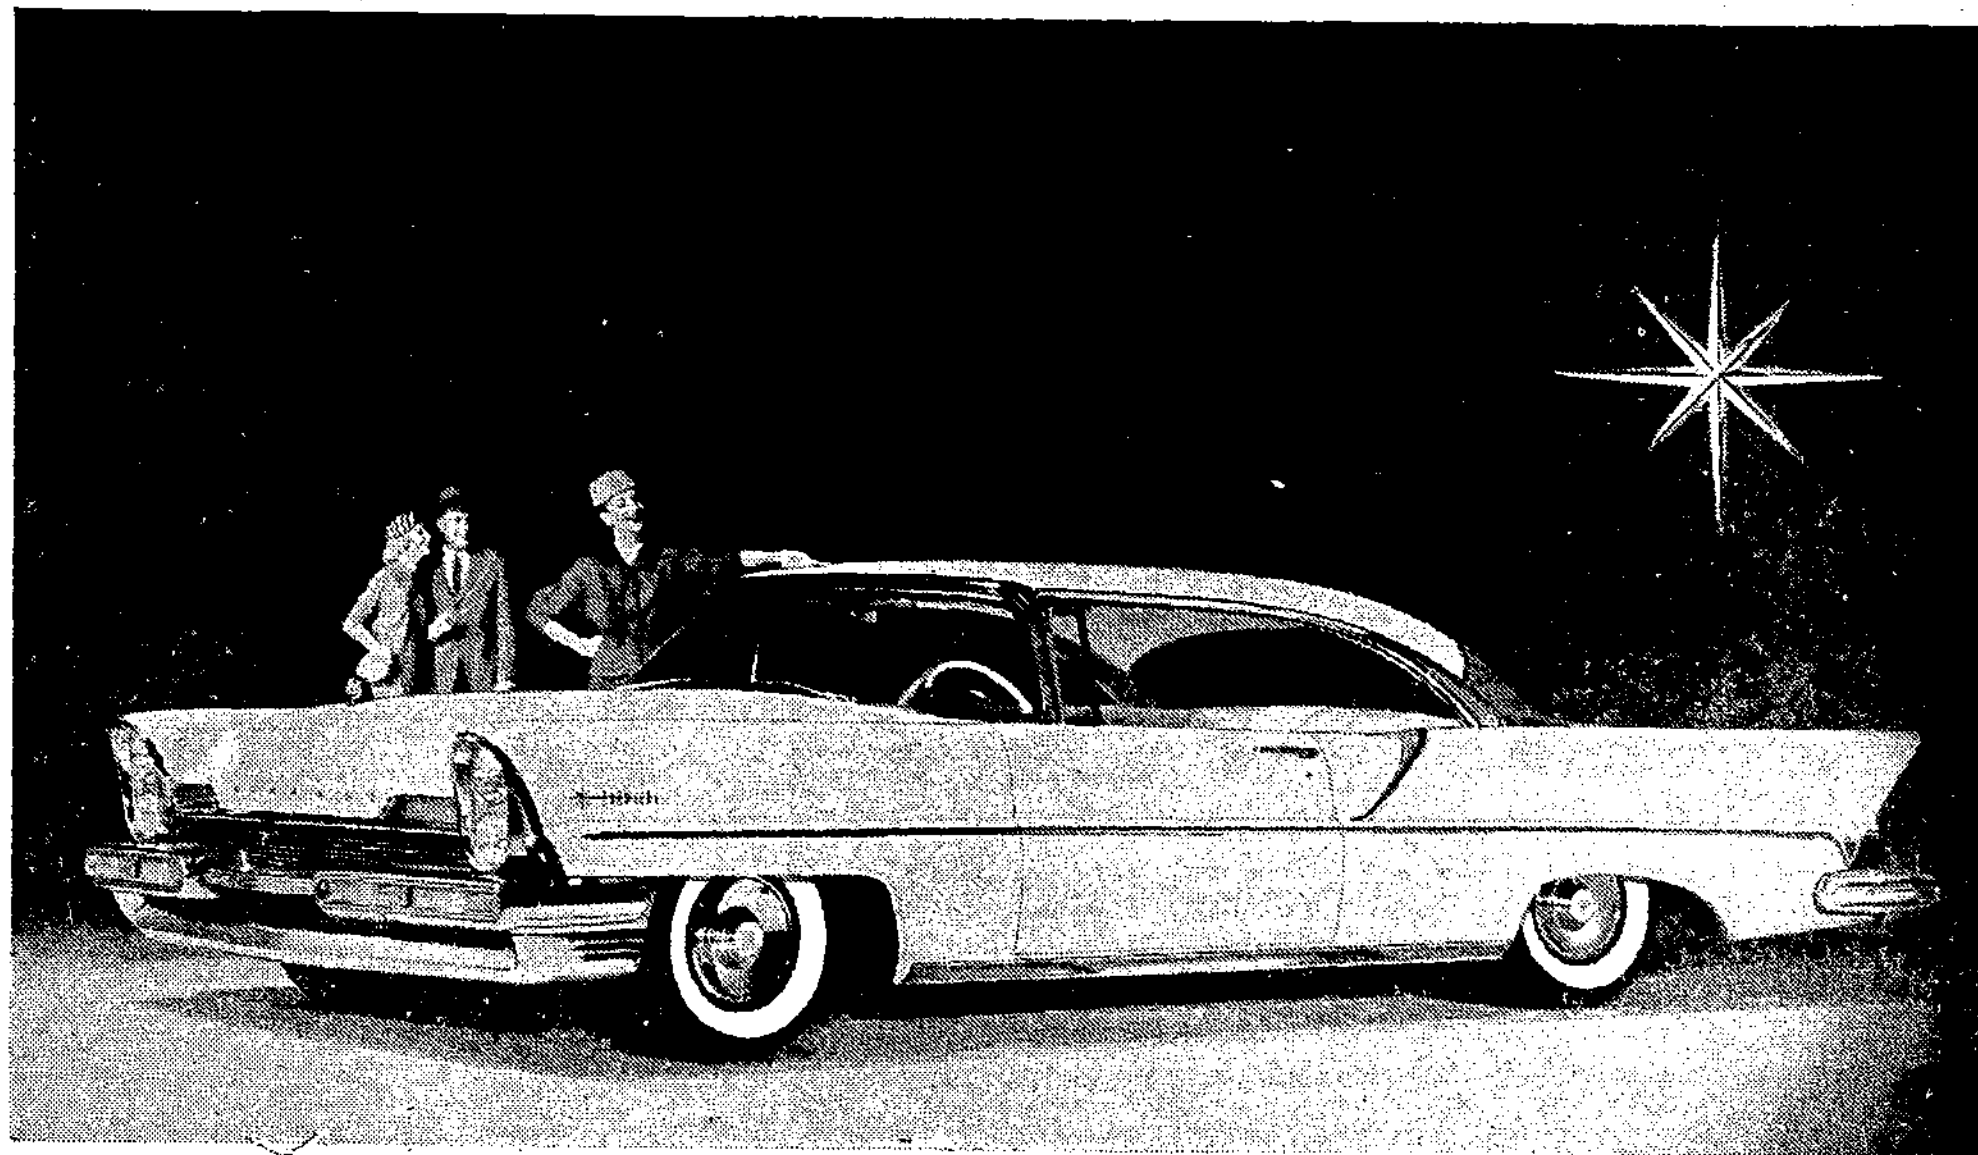

atives rose about 7 per cent, from \$3,500 to \$3,700. The average for craftsmen, the most highly skilled "blue collar" workers, increased 3 per cent, from \$4,300 to \$4,400.

Census said there were no significant gains for men in other occupational groups.

## Lincoln Cabriolet 1957 Prestige Car

Two of the most famous names in the automotive industry—the Lincoln Division of the Ford Motor Co. and the Derham Custom Body Co.—have collaborated in creating the Continental Mark II Cabriolet Convertible making its debut at the Texas State Fair in Dallas.

The first true Continental Convertible built since production of Lincoln Continental series was suspended in March, 1948, the Cabriolet carries out the theme of modern formal elegance typical of the Continental Mark II hardtop coupe, a prestige car being produc-

THE PREMIERE COUPE

Long, low, lovelier than ever—with dramatic new Quadra-Lite design

# LINCOLN FOR 1957

Powerfully new, too, in fine car performance—with a new array of power luxuries to make this the most effortless driving fine car ever built

Take a long, long look at this long low Lincoln—because you're looking at the brightest new star in the fine car field.

From dramatic new Quadra-Lite Grille to the clean sweep of canted rear blades, this is the longest, lowest, most distinctive Lincoln ever.

When you drive it, you'll discover that this most powerful Lincoln of all time has a new kind of swift, silken 300 horsepower . . . a new kind of fast-action Turbo-Drive transmission . . . a new kind of Hydro-Cushioned ride. And more . . . you'll discover a wonderful new array of optional

power luxuries—single-control electric door locks, power vent windows, 6-way power front seats, even power lubrication—to make Lincoln the most effortless driving fine car on the road.

In short, if you haven't yet had a chance to see—and drive—this beautifully new Lincoln for 1957, you're due for a wonderful new experience. Don't miss it!

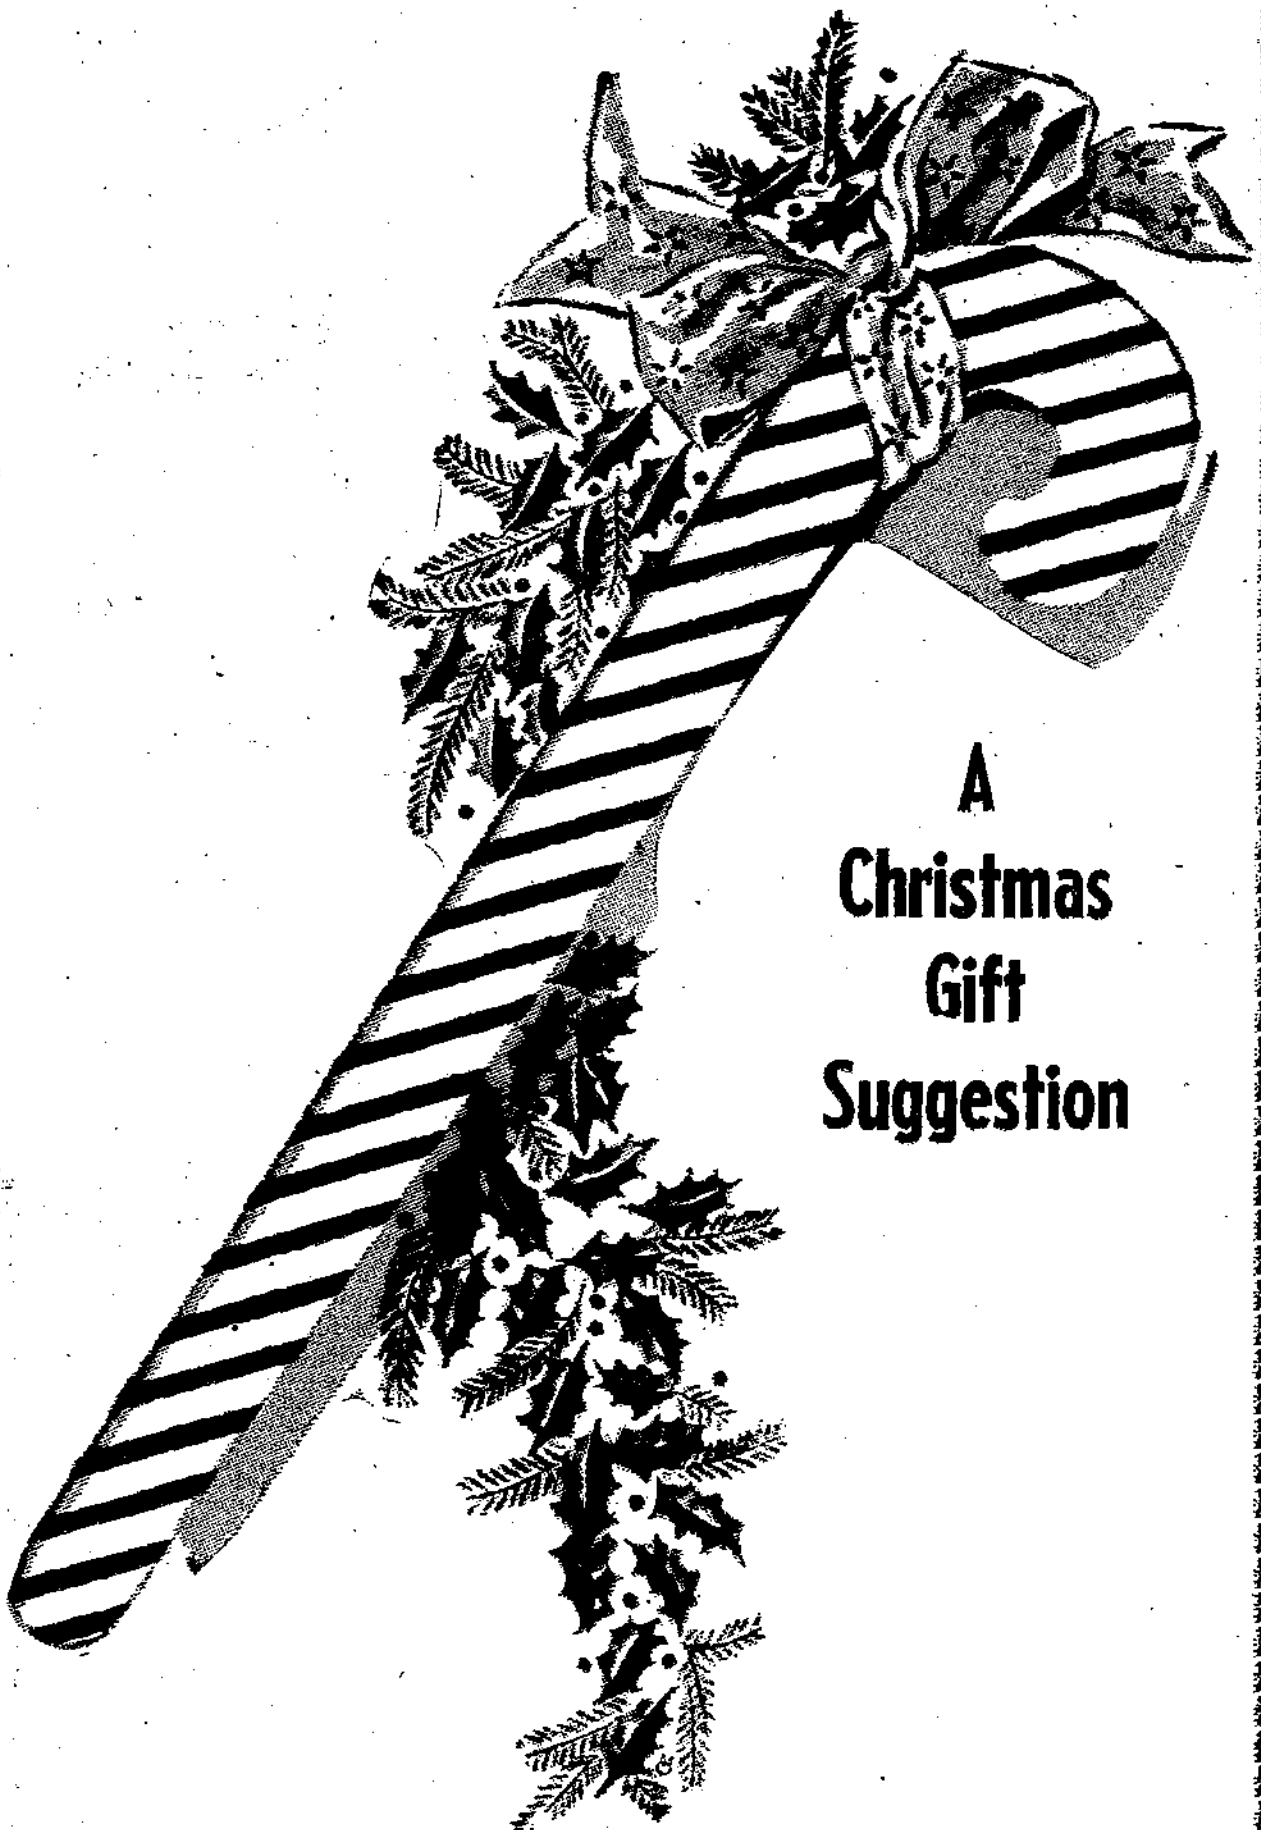

Unmistakably . . . the finest in the fine car field

ed in limited volume by Ford Motor Co.

The body has been widened at the pillars and reworked to retain the car's character lines. New windows, the slope of which is different than that found in the hardtop coupe, have been hand-made to follow the reworked contours of the body.

Despite the fact that the convertible top of the Cabriolet has been rounded more than the roof of the hardtop coupe, the car is only 57 inches high.

Introduction of the Continental II Cabriolet revives an association between Lincoln and Derham

which gained prominence in the late 1920's. A number of Derham-bodied Lincolns of that period have since become American automotive classics.

### OTHER PRODUCTS

Famed for its automobile production, Michigan also leads the nation in production of cereal foods, machine tool accessories, salt, and furniture for public buildings.

The word "jubilee" is derived from the Hebrew word "yobel," which means "a ram's horn or trumpet."

1957 CHRYSLER OFFERS NEW STYLING, NEW POWER

The Chrysler New Yorker for 1957 offers advanced Forward Look styling, a revolutionary new Tor- sion-Aire torsion bar suspension, a new three-speed push-button Torque-Flite transmission, twin head- lights and smoother-riding lower-pressure tires on 14-inch wheels. Approximately four-inches lower than last year, they feature a combined heater-air conditioner, up to 40 per cent larger windshield and a new 392 cubic-inch FirePower V-8 engine. Shown above is the Chrysler New Yorker two-door hardtop. They are available in a four-door sedan, four-door hardtop, convertible coupe and Town and Country wagon in a choice of 21 colors.

Oddities in News

By JOY MILLER  
New York (AP)—The world was full of never-fail remedies last week. Step right up and pick the one you need.  
Have a sick giraffe at home? Then follow the treatment the veter- inarian in Hamamatsu, Japan, prescribed for Choko-san, a 5-year- old zoo resident suffering from a cold. A course of gelling exercise followed by six bottles of beer for two days straight. Complete recov- ery reported.  
Guilty conscience? In St Louis a young woman cured hers by walking into the internal revenue office and tearfully handing over 1889. The director explained: "She said she could not rear her four children with this on her con- science. She left looking 10 years younger."  
Held up? Then play it cozy, like the Springfield, Ohio, woman when the man thrust a note at her in her candy store. She note read. "This is a holdup." Laughingly she hand- ed it back to him, explaining "I can't read English." The man threw down the note in disgust and stomped out. She really could read English.  
Traveling? Heed the advice of a Dutch widow at Santa Cruz de Tenerife, Canary Islands: "When ever you go abroad, take along a coffin." As she explained to cus- toms officials when they sighted a mahogany coffin brought ashore: "Death comes most unex- pectedly." She said she began carrying a coffin after her hus- band's sudden death in an arm chair in Cannes, France, in 1952.  
Chimpanzees are the most in- telligent of animals.

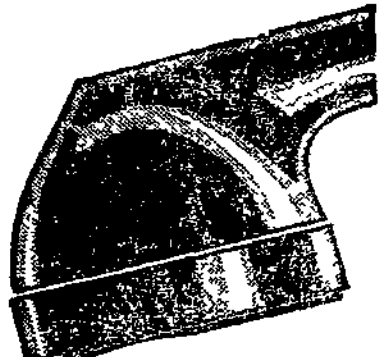

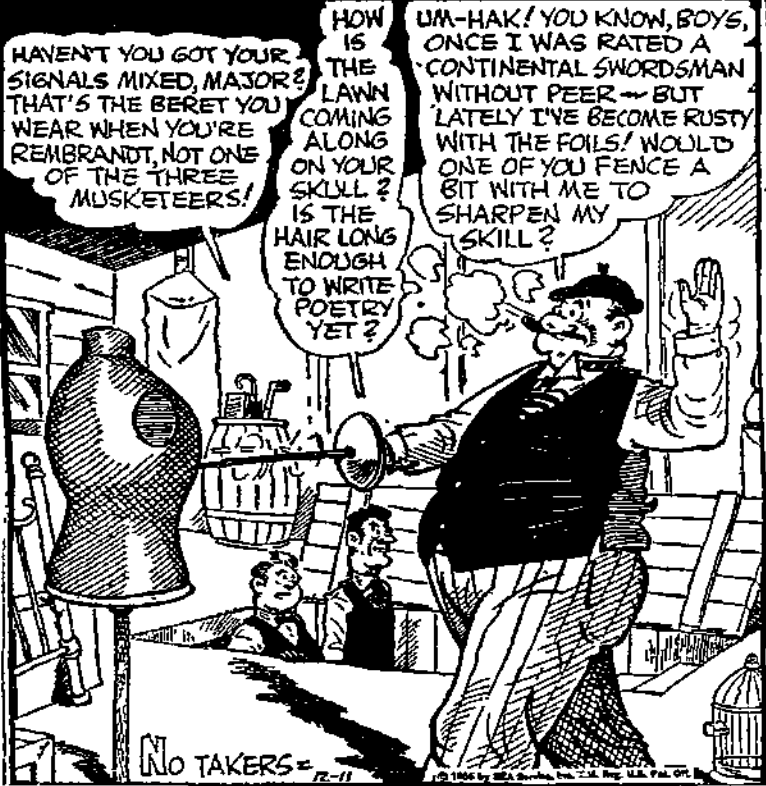

Real Luxury Shown In New Chryslers

A lower, sleeker and more pow- erful Imperial for 1957, featuring rakish, arrested-motion styling, new torsion bar suspension, curved side glass, dual headlight and four-way wraparound windshield was unveiled from coast to coast by Chrysler Corporation this fall.  
The finest Forward Look auto- mobile is offered for the first time in four distinct series and in every popular body style.  
Although retaining the elegance and commanding grace of its heri- tage, the 1957 Imperial sets a new standard in contemporary styles— incorporates such advanced engi- neering features as three-speed pushbutton Torque Flite drive; wider, lower pressure 14-inch wheels, infinitely-adjustable six-way power seats, combined air conditioning and heating system; recessed safe- ty door handles and torsion-bar top lock on the first Imperial con- vertible since 1951.  
Imperials are available in a choice of four separate series which include all popular body styles. They are available in a choice of 21 contemporary colors and 121 color combinations. Care- fully color-keyed interiors are available in beautiful fabrics as well as in leathers and vinyls.

## Mirrored in Our Times

On January 19, 1956, in recognition of the 3rd annual Auto show held in Warren by the 40 et of The American Legion, the special edition included many new items of interest. This year's show falls on an earlier date—but it's fun to look back once in a while.

We note that on Jan. 19, 1956—it was announced that through the benevolence of the late Dr. Elizabeth S. Beaty, a Diocesan Center on Lake Chautauqua for the Episcopal Diocese of Erie was made possible.

"He Declares He Still Has Not Decided About Being a Candidate."

"Many rural women will participate in March on Poho."

"Speed Fatigue and Bad Tires Cause Most Turnpike Accidents"

In January, 1956, it didn't seem possible that the automobile industry could come up with anything really new—really exciting—but it did! Be sure to attend the Auto Show—tomorrow or Saturday.

Actually we might as well face it—every year will find new and exciting developments—no matter what the field. For example—there's something else remarkable in Warren—an item that would lend itself well to the auto show

## Dramatic Changes In 1957 Cadillac

From bumper to bumper, from top to bottom, the 1957 Cadillac is completely new. Yet, in appearance it is unmistakably Cadillac.

The over-all silhouette has been lowered as much as three inches; the hood and rear deck are lower than the fender profile; the traditional Cadillac tail fin is restyled and two additional hardtops make their 1957 appearance.

These dramatic changes are to be found in eight of the ten models. The two Eldorados, the Biarritz and the Seville, are distinctively different, featuring a rear quarter panel and rear end styling that puts the "dream car" into reality as a limited production car.

Behind the front end is a 300 horsepower engine, the most powerful and the highest performance engine ever offered by Cadillac as standard equipment.

Like the exterior, the interiors are completely new. Immediately obvious is the increased visibility resulting from the rear slant of the windshield pillar post. Equally apparent are the newly designed instrument panel and the steering wheel with the hub recessed below the spokes for increased safety.

New fabrics, trims, leathers, floor coverings and headliners are combined into the finest of interiors.

## Veterans News

### QUESTIONS AND ANSWERS

Q—May a veteran change his Korean GI Bill program of training if his progress in his present course has not been satisfactory?

A—He may providing he shows VA that the lack of progress was not due to his own misconduct, neglect or lack of application, and if he has not changed his program prior to that time

Q—Are there any restrictions on GI insurance that would make the policy invalid if the veteran holds a hazardous occupation?

A—There are no such restrictions on GI insurance. The veteran may change in any occupation, no matter how hazardous, without altering the terms of his policy or the amount of his premium.

Q—Is it possible for a young man or woman to take a regular high school education under the War Orphans Schooling program?

A—No. The law prohibits regular high school studies under the program. Below - college - level courses may be taken only if they offer specialized vocational training that equips students for a vocational goal.

Q—I lost my discharge from the Armed Forces. Can VA provide me with another?

A—VA cannot provide you with a replacement for your lost discharge. Instead, you should write to the Department of Defense, Military Personnel Record Center, 9700 Page Boulevard, St. Louis, Mo.

(especially useful when it comes to signing a contract for your 1957 car). And just like the new automobiles, this appears in an array of fresh colors. All over the country, newspapers have heralded it as important news. Or, if you prefer to learn of it in foreign tongue—"Lt. Nueva Pluma Automática 61 Fue Anunciada Hoy Por Parker"—We'd gladly write it in Japanese but neither our typewriter or the contents of composing room cabinets is properly equipped.

However—here's a grand solution to any Christmas list problem—

The Parker "61"—the pen that crashed the sonic barrier. It fills itself, by itself—like no other pen in the world and operates with no moving parts but the ink. Also leak-proof, the new Parker "61" appears in six different colors and makes its local debut at The Warren Drug Store. Talk about progress! Here it is!

A friend of our requested that we admit via of the Mirror that we managed to burn a pot roast to a crisp the other day whilst spending too much time on less important matters. We did it—and a mighty thorough job of it—the dog, who doesn't mind a charcoal taste to his meat, enjoyed an unexpected feast.

Every new car on the market stresses "style" as being of utmost importance—and that's true in many ways. A car should be "distinctive"—"smart"—"expertly put together". Each famous manufacturer knows the importance of maintaining high standards year after year. A car must have durability and wearability and offer fine performance in countless circumstances. All of these essentials should also be applicable as wearing apparel. When a man buys a new car—he has a right to expect the best... and the same applies when he buys a new suit—or topcoat—or hat. It also should be expected when you select a suitable gift for your gentlemen—you want to be sure!

You are sure! when you shop at The Style Shop. If it's the BEST you want—then, you'll find the BEST! Choose your holiday gifts and join all the rest—who prefer The Style Shop's outstanding selection of fine menswear.

## State Bankers Are Planning for Annual Operations Clinic

The Pennsylvania Bankers Association will hold its seventh annual Bank Operations Clinic at the University of Pennsylvania, Philadelphia, on Wednesday and Thursday, January 30-31, in cooperation with the Wharton School of Finance and Commerce there.

A feature of the two-day program will be divided sessions for small and large banks during the afternoon of January 30. The small bank session, for banks with assets of less than \$10 million, will have a speaker and a panel discussion. Sterling L. Wandell, executive vice president and cashier, Farmers & Mechanics National Bank, Woodbury, N. J., will speak on "The Sale of Bank Services".

The panel will discuss "Operational Short-cuts and Everyday Customer Problems". The moderator will be R. Ernest Lighbown, auditor, Mellon National Bank & Trust Co., Pittsburgh. Members of the panel are: Charles H. Bracken, executive vice president, The Citizens National Bank of Corry; L. O. Hotchkiss, president, The First National Bank of Mervet; and Frank S. Smith, cashier, The First National Bank of Altoona.

The larger bank session, for those with assets of more than \$10 million, will feature three speakers on separate topics. The speakers and their subjects are: Paul D. Williams, vice president and comptroller, First National Bank & Trust Co., Camden, N. J., on "Audit and Control of the Installment Loan Department"; Harry E. Mertz, vice president, La Salle National Bank, Chicago, Ill., on "Personnel"; and Dr. Earl P. Strong, professor of management, College of Business Administration, The Pennsylvania State University, on "Management Techniques".

The split sessions will be held in Dietrich Hall, home of The Wharton School.

The Clinic will open on January 30 with an address by Dr. Willis J. Winn, vice dean of The Wharton School, followed by PBA President Melville M. Parker, executive vice president, The First National Bank of Lebanon.

TODAY is pay day for all who have classified ads.

## FOR NINETEEN FIFTY-SEVEN

ON DISPLAY AT THE WARREN AUTOMOBILE SHOW... DECEMBER 7-8

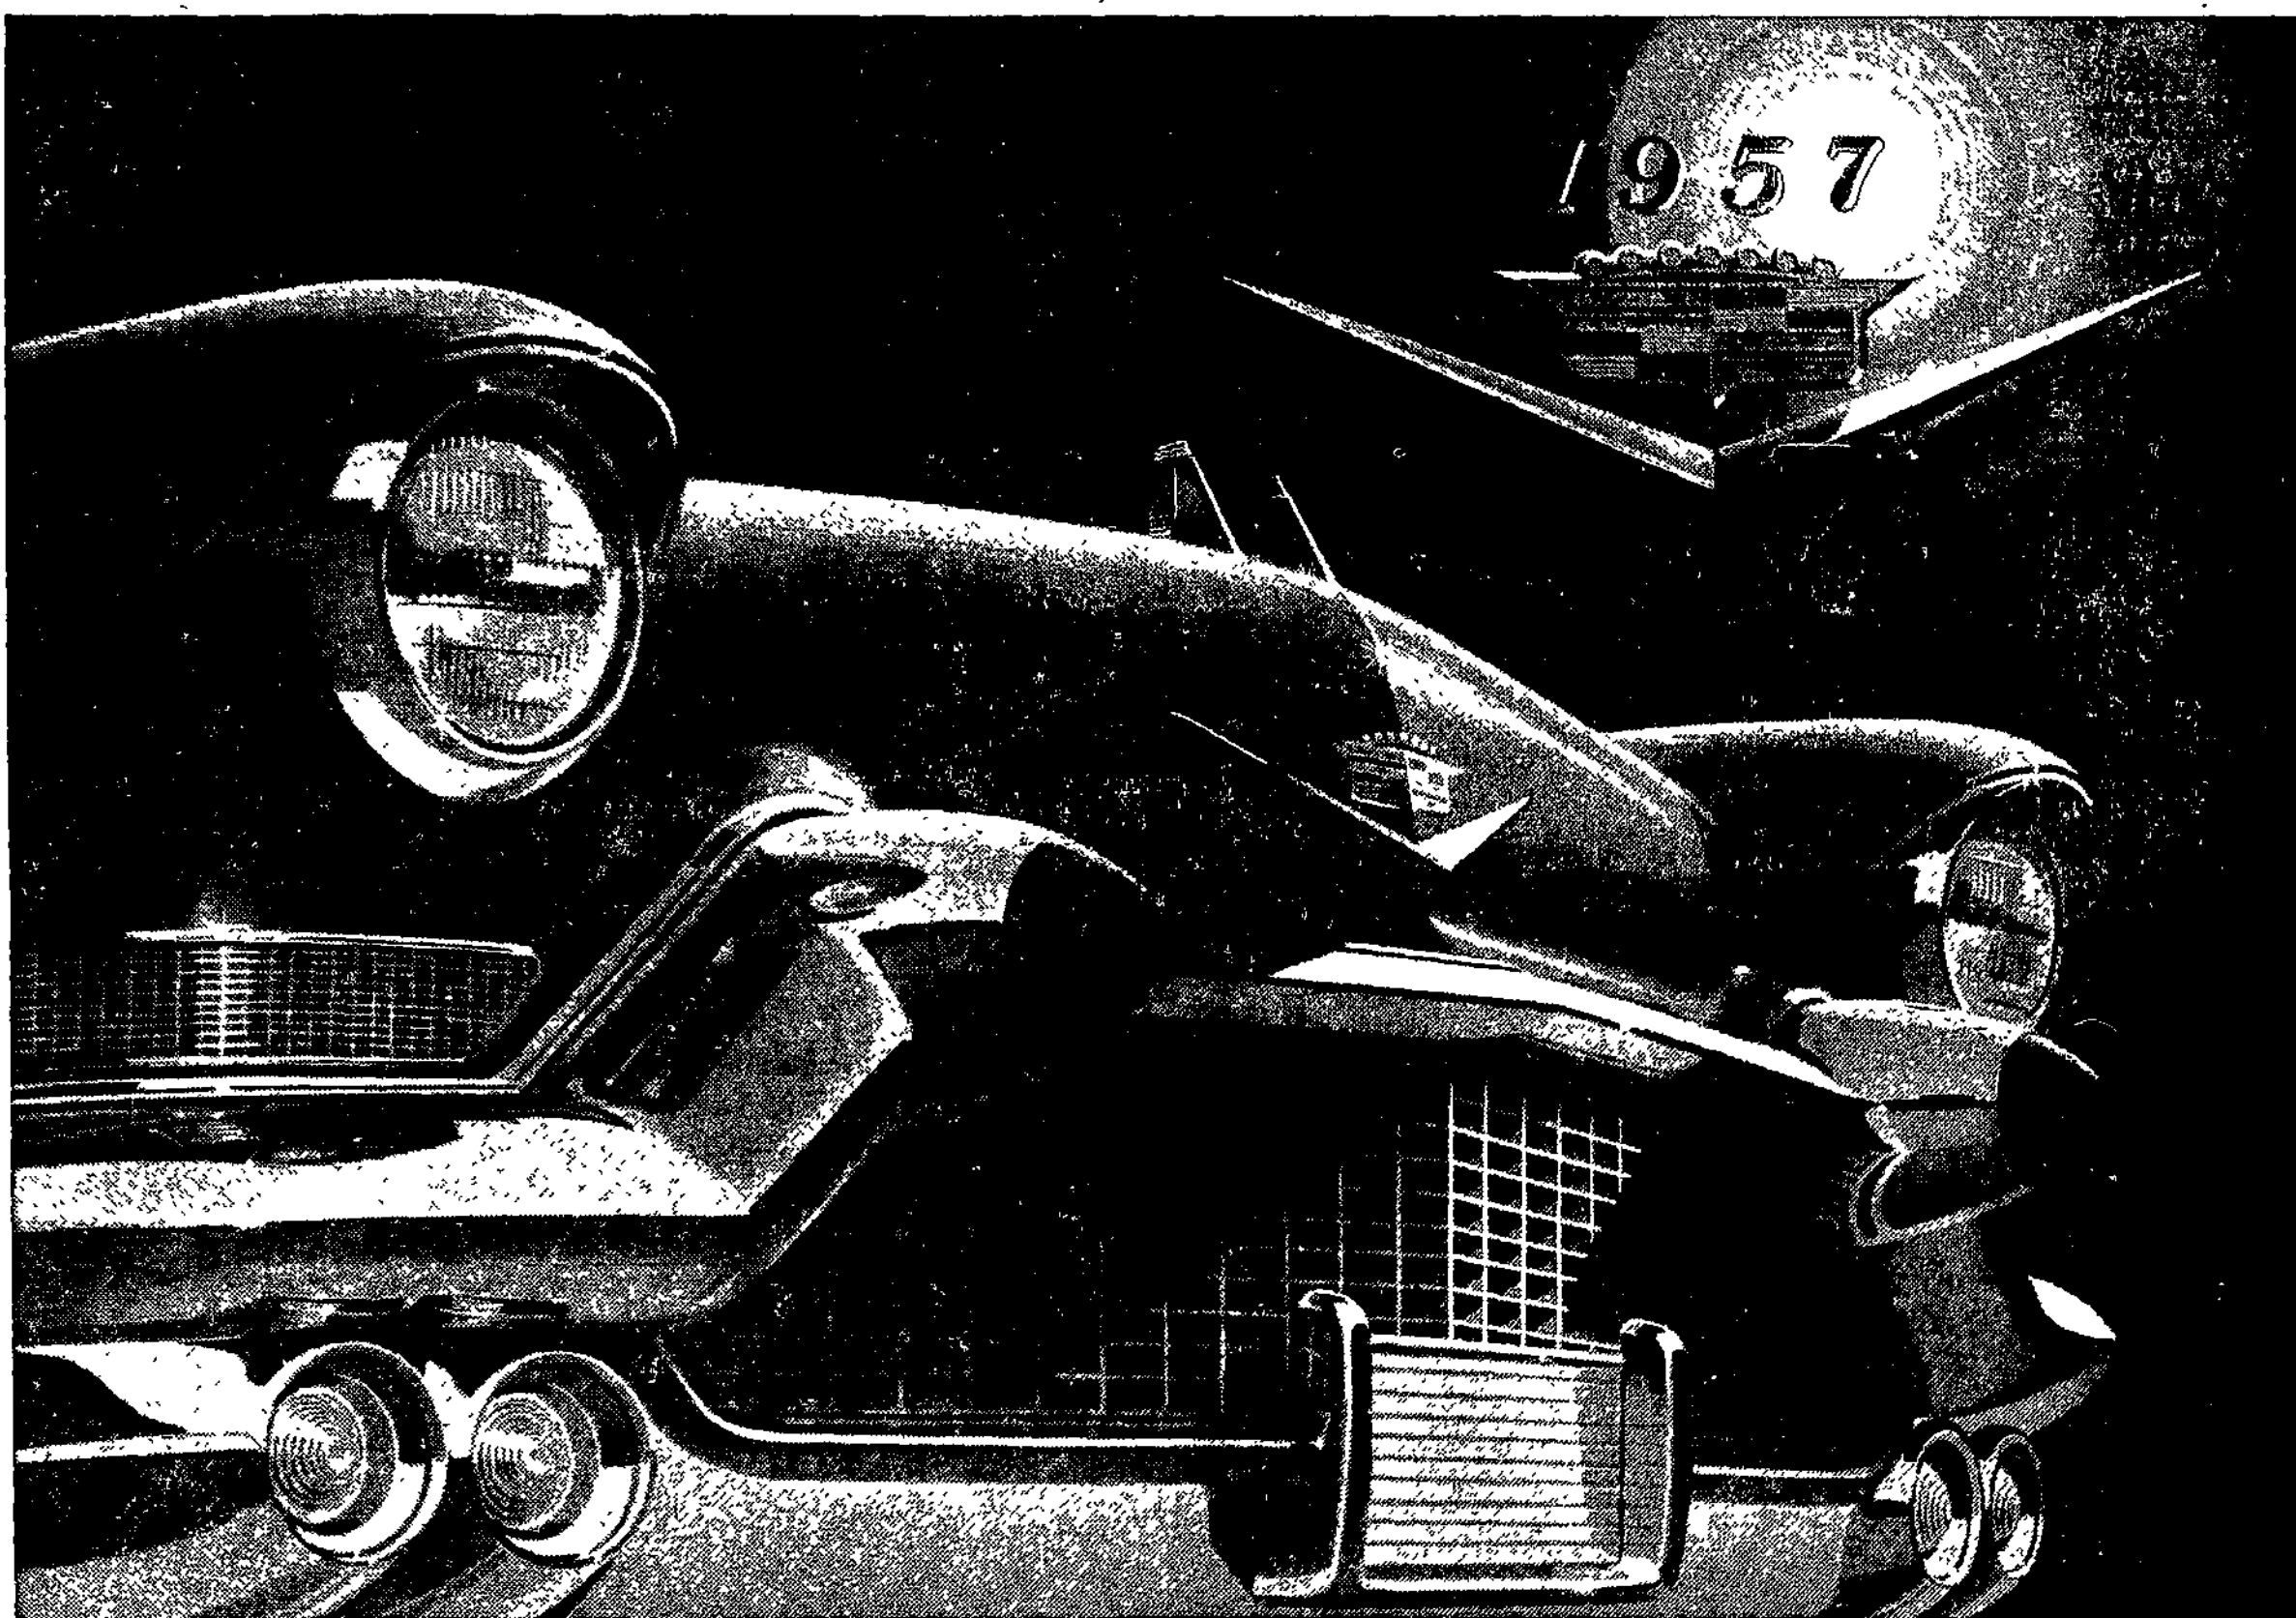

Your visit to the Automobile Show will provide you with a wonderful opportunity to see and to appraise the brilliantly new nineteen, fifty-seven Cadillac motor car creations.

Completely new in styling and engineering, there has never before been a Cadillac that even approaches them for sheer beauty.

Their majesty and grace of lines represent a dramatic departure from any previous concept of motor car design... their

interiors are furnished with fabrics and appointments that will inspire the most experienced Cadillac owner... and their sensational performance is smoother and more responsive than ever.

We'll be looking forward to seeing you at the Cadillac display where we will be happy to make all the arrangements for a personal demonstration. We can assure you, it will be the most enlightening experience of your motoring life.

**CADILLAC ELDORADO BROUGHAM**—This new five-passenger super luxury sedan embodies many outstanding engineering and styling features never before incorporated on a production automobile. Completely modern in every detail, this distinctive four-door hardtop with a brushed stainless steel top has an extremely low over-all height of 55.5 inches. The first production model of the former Cadillac "dream car" will make its debut at the National Automobile Show in New York, December 8-15.

## Swept-Wing Dodge Lower and Wider

Lower, longer and wider with far-reaching advances for smoother, quieter performance, the 1957 Swept-Wing Dodge passenger cars make a fine appearance at the annual Auto Show this weekend.

Straight from H. L. Link, Inc., dynamic new principles of auto design featured in Dodge, with exciting applications of materials combine to produce entirely new riding characteristics, virtually free of vibration, noise and road shock.

The '57 Dodge has a much lower center of gravity, providing road-hugging qualities formerly found in high priced sports cars.

There's a new twist in suspension; torque flight transmission; visibility for safety; new wheels and brakes; bigger engines; more luggage space; safety features and subtle color shades.

The 1957 Dodge line consists of four separate series—Coronet 6 and V-8, Royal V-8, Custom Royal V-8 and Station Wagon V-8—with four different four-door sedans, three four-door Lancers, three two-door Lancers, two club sedans, two convertibles and five station wagons.

From the wonderful world of autobodydynamics—view the Swept-Wing '57 Dodge.

## Your Forest Ranger

By L. E. Stotz

When, at this time of the year, so many Pennsylvanians migrate to the desert resorts of the South West to escape the snow and cold of winter, they perhaps fail to realize that they are leaving behind a northern desert which would be just as severe to plant life as the true desert if Nature did not prepare her woodland plants for the long winter drought.

The snows of winter seem like the very antithesis of the drought of a desert, but piling up to great depths on top of the frozen ground none of the moisture trapped in the tiny snow flakes is available to the roots of forest trees until the spring thaw permits the snow melt to replenish the soil beneath. All that prevents the Arctic barrens from becoming one of the world's greatest deserts is the stubbornness of the permafrost which prevents proper drainage during the brief period of snow melt.

The forests of the Allegheny Plateau are typical of the temperate zone, a zone which is far from being temperate, for in this zone the forest trees have to withstand the drought and icy blasts of winter, and the heat of summer with tremendous variations in temperature occurring over any twelve month period. Plagued by the oppressive weight of periodic ice storms which rend and tear, uprooted by vicious winds of near hurricane violence, and parched by summer droughts, which at times shrivel the leaves as the outgo of moisture through them exceeds the intake of mois-

ture from the parched ground, this marvelously complex deciduous forest has survived for thousands of years, and despite the axe and the torch of man continues to survive in a somewhat altered form.

Beautiful as a forest tree is in full leafage, under the bright sunlight of a summer sun, it is equally beautiful in its stark nakedness silhouetted against the winter's snow. In this state of hibernation it is secure against the drought or a Northern winter. No spiny desert cactus is more impervious to drouth than a maple or an ash stripped of its leaves, and with its trunk protected by its heavy layer of impervious bark. The miniature leaves, which will unfold in the spring, are encased in the tiny buds and are protected from the cold and the drying winter winds by tough bud scales.

No natural anti-freeze need be provided for the tree's water system, for stripped of its leaves in late fall, and with the sap no longer coursing through its trunk, it is impervious to cold.

Intermixed with this deciduous forest are the scattered coniferous Hemlock and White Pine. The tiny evergreen leaves, in the form of needles, are well adapted to both the extreme cold of winter, and the heat of summer so that the tree is able to withstand winter's drought and function efficiently during the growing season without shedding its needle-like leaves each season as winter approaches. People accustomed to living in a pure evergreen forest find our leafless deciduous forest, in the winter time, a dreary, lifeless place until they witness for the first time the miracle of unfolding leaves in the spring, and the beauty of the fall coloring in the autumn. In this drama of seasonal changes in the appearance of a deciduous forest lies its greatest charm.

## \$3.00 Shoe Clerk Louis Horowitz Dies a Millionaire

West Palm Beach, Fla. (AP)—Louis J. Horowitz, a onetime \$3-a-week shoe clerk who amassed more than 10 millions as builder of some of the nation's landmark buildings, has passed away. He was 82.

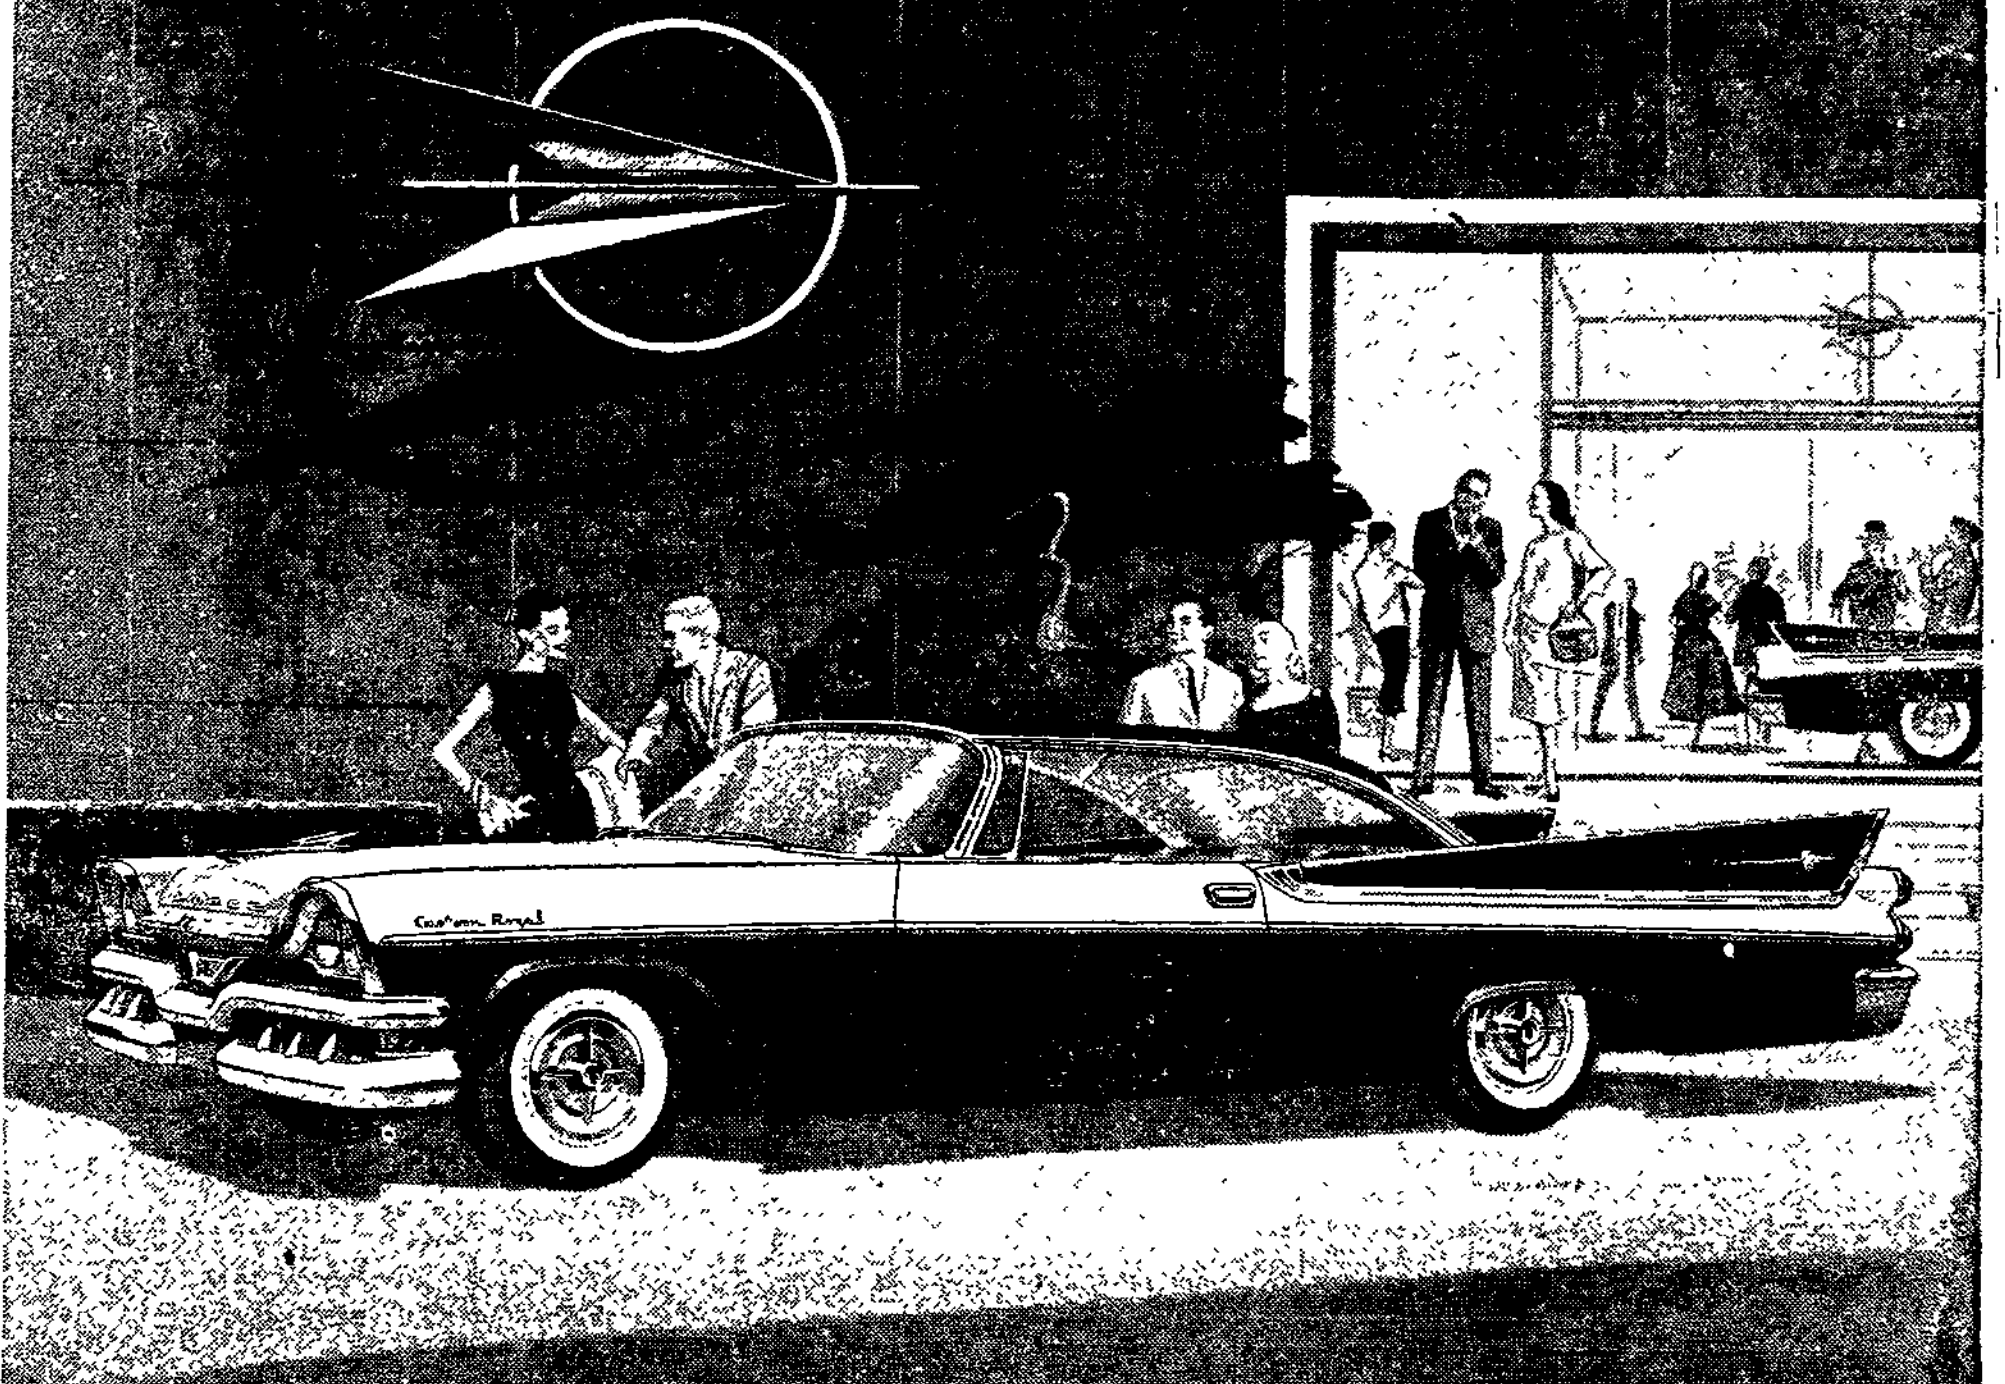

Horowitz was retired president of Thompson-Starrett Co., New York City, which built New York's Woolworth Building, the Waldorf-Astoria Hotel, the Tribune Building and other notable structures. The firm also built Washington's Union Station, the Palmer House in Chicago and Gimbel's department stores in New York and Philadelphia.

Horowitz and his widow, the former Mary Decker of New York, were active in philanthropic work through the Louis J. and Mary E. Horowitz Foundation. Horowitz recently expressed a wish that the foundation's principal funds, about \$1,600,000, be liquidated after his death and distributed to institutions aided by the foundation, including Massachusetts Institute of Technology, Yale University and Union College.

The residue of Horowitz's will, approximately nine million dollars, was bequeathed to New York University, the largest bequest ever given to the educational institution. Terms of the will specify that the bequest be used by the Institute of Physical Medicine and Rehabilitation, a unit of the New York University-Bellevue Medical Center.

Horowitz, born in Poland, emigrated to Germany at the age of 11 and arrived in the United States at the age of 18.

## Yule Buying Surge Brightens The Nation's Business Scene

New York (AP) — First signs of a long-awaited Christmas buying spree brightened the nation's business scene last week.

It was still too early to tell if the 1956 Christmas shopping boom would live up to expectations. But the latest news was good.

Reports from merchants around the country indicated that customers who had been holding off on their Yuletide purchases were finally getting into the swing.

To retailers who had stocked

## Exciting Exterior In Chevrolet Car

While the 1957 Chevrolet boasts a number of improvements that will enhance the comfort and safety of driving, major interest in the chassis story is found in the greatest variety of power plants ever produced by a low priced builder.

Each of the engines is improved mechanically, but the gain in power—up from a peak of 225 horses in the 1956 line—is primarily due to larger bore, higher compression ratios, higher lift camshafts and fuel injection.

An exclusive new transmission—Turboglide—heads a list of Chevrolet power train features that extends from the three-speed manual shift through an improved Powerglide automatic transmission and the gas-saving overdrive.

In eye appeal the 1957 Chevrolet differs strikingly from the '56 models. While two and one half inches have been added to overall lengths, the horizontal sweep of the new styling motif gives the impression that the car is even longer than its 200 inches.

The widest color choice in Chevrolet's history is offered with a total of 460 model-color combinations. Seats, fabrics and instrument panel carry the most striking interior styling changes for 1957 and a wide array of pattern cloths and vinyls, featuring modern finish designs are color keyed to exterior paints.

Dan's Chevrolet invites you to view what's new in Chevrolet at the annual Auto Show.

up to the hilt on Christmas merchandise, the jingle of cash registers was sweet music and the throngs jamming department stores a welcome sight. Judging from all outward signs, the annual holiday buying binge was on.

For one group of retailers the news this week was particularly good. New automobiles were being snapped up by eager customers almost as fast as the 1957 models arrived in dealers' showrooms.

The year-end boom in new cars raised one vexing question: would heavy consumer spending on automobiles put a crimp in department stores' Christmas sales? Not until final 1956 figures were in would merchants know the answer.

A mixture of good and not-so-good news came from the construction industry this week. A late slump in home building caused the government to take a downward hitch in its estimate of total construction spending this year.

Last June, experts in the U. S. Commerce and Labor Departments put the total value of new construction to be started in 1956 at \$44.125 billion dollars. But they hadn't figured on the recent sharp decline in home-building.

Taking this into account, they issued a new estimate which, while still a record, was considerably short of the previous forecast. The revised total: \$44,125,000,000.

Indicative of the year-end housing slump were the figures for October. Home starts totaled 90,800—down a hefty 13 per cent from a year ago. Builders in the first ten months this year dug foundations for 972,000 homes—smallest number since 1953.

## All-Family Night Plans At Wrightsville Church

Wrightsville—All-Family Night will be observed in the Community church basement at 8:00 p. m. Friday. A movie on Christmas will be shown and 50-cent gifts will be exchanged. All members are urged to "come and bring your neighbors for an evening of entertainment".

Word has been received from Cochran that Archie Sliter is very ill.

Walter Ward is a surgical patient in Hamot Hospital in Erie and would like to hear from friends.

Mr. and Mrs. Arden Bull and family, Columbus, were Sunday visitors of Mr. and Mrs. Luther Johnson.

More than \$70 were added to the church building fund through the very successful bazaar and supper held at the church last Saturday evening.

Leaves Huge Estate To a Nephew Slain In November 1955

Detroit (AP)—A will on file in Probate Court here leaves half of a million dollar estate to a man who was murdered a year ago.

Frederick B. Gray, 90, who died Wednesday, left the inheritance to his nephew, Alfred Williams, 66.

Williams and his mother, Mrs. Ada K. Williams, 87, Gray's sister, were slain in their home on Detroit's northwest side last Nov. 30. Their murders have not been solved.

A court aide said Gray was too ill to be told of the deaths. He lived with a niece, Mrs. Fanny H. Conway, who was appointed his guardian last spring. Mrs. Conway is the other beneficiary under Gray's will.

The will is to be examined Jan. 14 before Probate Judge Thomas C. Murphy.

Both Williams and his mother were beaten to death.

For the purpose of disposing their estates it is vital to determine which of them died first, so far, have been unsolved. The estates of the mother totaled \$67,000.

Mrs. Williams named her primary beneficiary in the will. She named as second beneficiaries, Gray, Mrs. Conway and her half-nieces.

Williams named his primary beneficiary in the will and Gray secondary beneficiary.

Gray made his money in real estate and wholesale furniture. He was an eccentric. His neighbors barely knew him. He spent money frugally. Although he left his home and returned at regular hours daily, it was not known what his business was.

Kittanning Man Is New Director of Automobile Dealers

Washington, D. C.—W. M. McCune, a Kittanning, Pa. Ford dealer, and a newly elected director of the National Automobile Dealers Association, will head a Pennsylvania delegation of new car and truck dealers to the 40th annual NADA Convention in San Francisco, January 26-30, 1957.

Mr. McCune, who is owner of Kittanning Ford Sales, Inc., has been active in the state automobile association, serving as a director since 1948, and in other association offices, including that of president in 1954.

In Kittanning, he is a member of the school board, a past president of the Chamber of Commerce, a member of the board of Armstrong County YMCA and a district representative on the Ford Dealer Council. He has also devoted time to Rotary Club and other local, civic and fraternal organizations.

Mr. McCune will be seated at his first board of directors meeting when the group gathers for its semi-annual conclave on January 24 prior to the opening of the convention.

Numerous Features In New Pontiacs

Pontiac introduces its 1957 models with three series, the Star Chief, Super Chief and the Chieftain, in 16 new body styles, and the '57 models are the most exciting cars ever offered.

From the massive, gleaming front to the smart streamlined fins of the rear fenders, Pontiacs are a triumph of modern design and safety engineering. The body design is new. The overall length has been increased by 12 inches; however, the lower silhouette and the dramatic styling creates a much longer and sleeker appearance.

Hooded head lamps surmounted by sleek, front-fender ornaments are prominent in the front-end styling.

A completely new instrument panel offers the ultimate in safety, convenience and modern styling. New finger tip heater and defroster controls, radio controls and clock are located near the center. Another influence is the deep swallow-tail steering wheel.

Convenience conscious people who equip their homes with the latest appliances also like extra conveniences in their new cars. For the driver who wants additional convenience and appearance items on his car, will appreciate Pontiac's wide range of accessories and optional equipment.

Be sure to see the '57 Pontiac—sold by Fernow Pontiac-Cadillac, Inc., in Warren.

A shot-put thrown to the east will be shorter than one thrown to the west, because of the effect of the earth's rotation.

### 1957 Studebaker Sharply Restyled

A new, soft level ride on rough roads, new driving control on slippery roads, and increased performance with the most powerful engines in Studebaker's history are top features of the Studebaker sedan for 1957.

The sharply restyled line of 15 sedans and station wagons in three series covering the low price field are introduced and demonstrated at Bowen-White Truck Co. and at the Auto Show.

The President Classic with a 225-horsepower engine heads the line of 11 two and four-door sedans in the President V-8, Commander V-8 and Champion six-cylinder series. The cars are two inches longer to emphasize the big car design to which the company has moved in its family sedans. The Classic's 120 1/4 inch wheel base is the longest in the low-price field.

With the 1957 models, Studebaker introduces two major automotive advances which are industry firsts. The new developments are the Luxury-Level ride with variable rate coil springing and the Twin-Traction axle with the non-slip power-diving differential.

Despite its increased power and big design, the '57 Studebaker will continue to hold a fuel economy leadership which has made it a perennial winner of the Mobilgas economy run.

A special safety device, developed by Studebaker, is continued in new models — the "hill-holder" which prevents any rollback of the vehicle when it is stopped on an incline.

### Nash Ambassador Sweeps Into 1957

The 1957 Nash Ambassador, which sweeps into the future with a revolutionary four-headlight system to highlight its new features, is lower by two inches and is also featured by a new V-8 engine developing 255 horsepower, "Lightning Streak" styling, increased maneuverability, and more luxurious interiors.

All 1957 Nash models are powered by the new, larger AMC V-8 engine, rated at 225 horsepower. The engine has compactness and balance between performance and economy. Its modern design and overhead valve arrangement permit free-breathing and maximum efficiency.

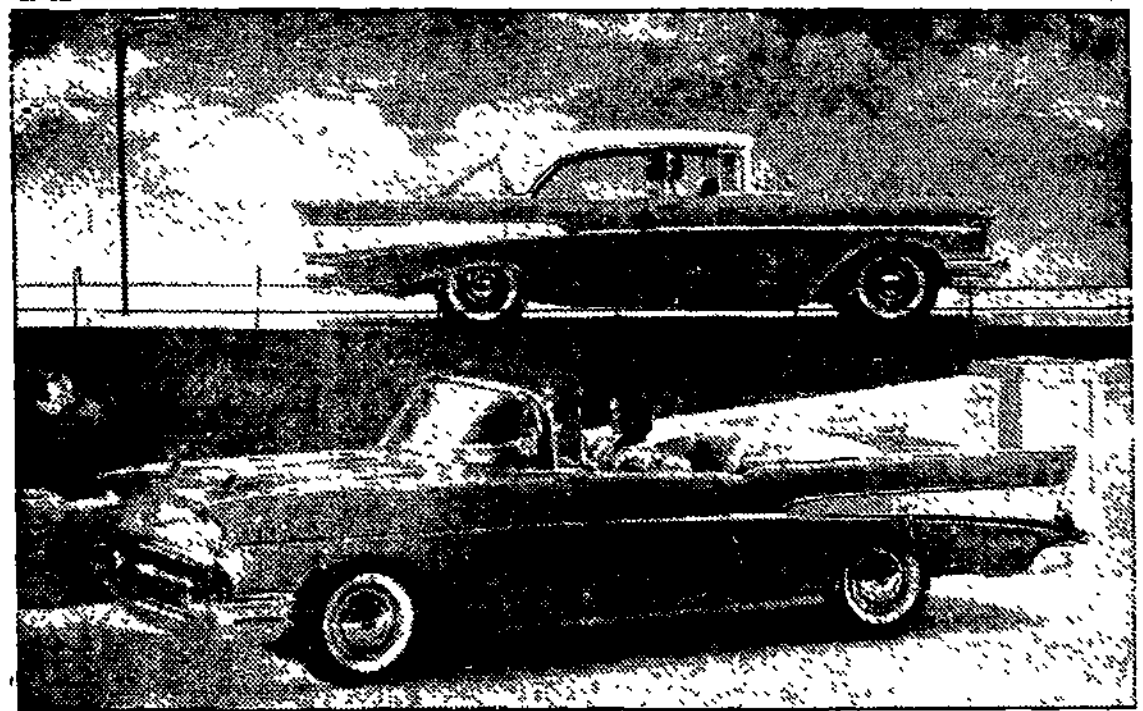

Four models are available in the line—Ambassador Custom Country Club hardtop, Ambassador Super Country Club hardtop, Ambassador Custom four-door sedan and Ambassador Super four-door sedan.

### Veteran Garageman Opens Own Station

A gala Grand Opening of a new Texaco station at the corner of Pennsylvania Avenue and Union Street is planned for Friday and Saturday by Chet Munksgard, a veteran garageman who dates experience as a mechanic back to his tenth year. The station at 712 Penn Avenue, west, beside the American Legion, will be handing out favors and prizes from 7 a. m. to 10 p. m. Friday and Saturday. Timesphoto by Saylor.

door sedan and Ambassador Super four-door sedan.

The 1957 Rambler features compactness, economy, new styling and a higher power range,

and because of its success as the only American compact car, becomes a separate make of automobile with its 1957 model debut. Fifteen colors are offered in the '57 Ramblers, four of which are metallics. In addition to full-sized interiors, the Rambler has greater than average space. Available in both V-8 and "six" series.

### State University Students Aiding Hungarian Relief

University Park — Students at the Pennsylvania State University are joining with residents of the borough of State College in a mammoth effort to aid Hungarian relief.

Alpha Phi Omega, national service fraternity, aided by many student groups, has been leading the drive to procure both clothing and funds.

Students have contributed hundreds of garments to a central collecting point established on front campus and these will be added to bundles of clothing collected by church groups and others in the community.

Fraternities joined with residents of the area in observance of Austerity Day on Thursday. Mush and milk were substituted for the usual luncheon or dinner and the money saved contributed to the American Red Cross or CARE for Hungarian relief. The State College Council of Churches sponsored Austerity Day.

The Borough of State College designated 10 a. m. to p. m. Saturday as Red Flag Day and during this period motorists were asked to contribute toward Hun-

A man whose experience in the garage business goes all the way back to his childhood is holding the Grand Opening of his own gas station on Friday and Saturday of this week.

"Chet" Munksgard is proud to announce the gala opening which will last from 7 a. m. to 10 p. m. Friday and Saturday at his new Texaco Station, corner of Pennsylvania Avenue and Union Street beside the American Legion. During those hours favors will be given the children and other special prizes and premiums will be awarded all customers.

Chet, a veteran of nearly a lifetime in the garage business, dates experience back to his ninth or tenth year when he sat on the fender of a car at his father's Munksgard Garage on Crescent Street and cleaned carbon from motors.

Since then Chet has worked at numerous garages in Warren, including the Hubbard shop, Cornplanter Motors and the old Ford garage. There was a 44-month interruption for Army service, 38 months of which were spent in the Pacific theater.

His new Texaco station at 712 Pennsylvania Avenue west, will offer the Texaco regular and Sky-chief gas with the power additive, "Petrox." Besides that the veteran garageman with a fine ear and a deft touch will carry on his specialty of "tune-ups" and other repairs. Many of his old friends from the garages where Chet used to work have already sought out his advice and ability at the new station which opened for business about the first of October.

He lives at 228 Central Avenue with his wife, the former Mary Wenzel, and five sons, Gregory 9, Jeffrey 6, Chester 4, John 2 and James 1.

Chet's father is Elmer Munksgard, a resident of Falconer, N. Y. He has a sister, Mrs. Ross Ruhlman, Jr., of this city, and a brother in Ponca City, Okla.

### REDUCED FORTS

Nationalism was made possible by the development of siege warfare to reduce the isolated forts that permitted local autonomy, according to the Encyclopedia Britannica.

garian relief by dropping their coins into special boxes rather than parking meters. Students aided in collecting these funds.

The extensive effort made in this community for Hungarian relief was spurred by the offer of Dr. Paul H. Schweitzer, professor of engineering research at Penn State, to match money contributions made by individuals of the community. Dr. Schweitzer, a naturalized citizen, came to this country from his native Hungary in 1920.

# Packard Hornet Has More Power

Packard Motors introduces its 1957 V-8 series, highlighted by a new, more powerful V-8 engine and many styling refinements. The new Hornet V-8 models are inches lower giving them a sleek appearance. The design rates high in driving smoothness and performance. The engine is designed for ease of accessibility and servicing and available with three transmissions: standard synchromesh, optional automatic overdrive, and the new optional "Flashaway Hydraulic".

Today, however, the unique sports car is rapidly becoming a familiar part of the highway scenery—more and more enthusiasts are realizing a dream; many an extra car for housewife or husband turns out to be one of the several more popular models.

In the average household, the boys can spot a sports car a mile away and immediately tell its particular make—they purchase them all in a piece or ready to assemble.

In Warren, we now enjoy an annual Red Leaf sports car rally and many of our local citizens participate both here and in other areas. We've had national tourney entries stop in Warren for a bite to eat while taking part in the big races.

Sports cars are fascinating—and have definitely become a big part of America.

# Packard Styling Is Most Outstanding

For 1957, Packard presents the latest Packard of them all—a car that outstrips time itself. There have been outstanding automobiles that were ahead of times in one way or another, the new Packard is FARTHER ahead in many ways.

He advanced, new Packard styling is a model of eloquent simplicity with inspired touches of the crowning of its distinctive beauty of today.

Packard creative engineering sees it possible for you to enter the mightiest force in any car.

There are numerous other Packard advancements dedicated to bringing you the pleasure of driving tomorrow—today!

In styling, engineering and performance, in pride of ownership and progress, in every way you choose to look at it—be sure to look at Packard for 1957.

# Sport Car Is Now A Familiar Sight

Not too long ago, the owner of a sports car was considered fairly unique—when you saw one driving along—you commented because the sight was somewhat uncommon.

Today, however, the unique sports car is rapidly becoming a familiar part of the highway scenery—more and more enthusiasts are realizing a dream; many an extra car for housewife or husband turns out to be one of the several more popular models.

In the average household, the boys can spot a sports car a mile away and immediately tell its particular make—they purchase them all in a piece or ready to assemble.

In Warren, we now enjoy an annual Red Leaf sports car rally and many of our local citizens participate both here and in other areas. We've had national tourney entries stop in Warren for a bite to eat while taking part in the big races.

Sports cars are fascinating—and have definitely become a big part of America.

**WRONG RAISE**

Dallas (AP)—Dallas County Commissioners had to reconsider the pay raise they voted for their assistant district attorneys. Through error, the assistants were officially raised to a salary of \$1,300 a month. That's more than the Commissioners make. The clerk didn't make the proposed raises read "bi-monthly" as they should have.

# New NAT Motors Present DeSotos

Practically meeting a deadline to become a part of the fourth annual special Auto Show edition, comes news of the granting of a new local franchise to NAT Motors, who will be featuring the daring, ultra-modern, new 1957 DeSoto.

"Niek" Tassone received the good word this week, and proudly presents the '57 DeSoto—dramatic, taut, eager and offering a striking forward look to the future.

Safety equipment is a "must" in DeSoto and the marvelous push-button drive is also incorporated in this truly smart automobile.

New larger engines, with substantial increases in power, keeping up with performance requirements of new super highways, are yours in DeSoto.

These cars are immediately recognized as the smartest looking ever produced—are lithe, clean and uncluttered.

# Plymouth Features Greater Safety

Safe! Safe! Safer!—Plymouth takes the spotlight for 1957 to give you the ultimate in safety, styling, power and comfort.

Plymouth is really going places—and you're going to enjoy going right along with them. Every new model soars to new heights in engineering know-how—and as for looks—everyone turns to look at the new automobile models by Plymouth.

Here is safe power to hustle you out of tight spots; for passing on crowded highways; for climbing the steepest hills.

On the automotive applause meter—Plymouth rates—Higher! Higher! Higher!—with plenty of special features to make driving a distinct pleasure—even fun!

## Millions Miss Tommy Dorsey And His "Golden Trombone"

Hollywood (AP)—The passing last week of Tommy Dorsey was deeply felt by many of the millions who fell under the spell of his golden trombone and his great band of the '30s and '40s.

Many of us thought TD was the greatest. Maybe Benny Goodman was swifter. Maybe Glenn Miller had more commercial success. But for all-around excellence, you could listen to him all night, as we often did, and not hear a dull number.

His band always was interesting. Perhaps that was due to the personality of the leader himself. Most of the swing band leaders were rather dull fellows with little animation.

Not Tommy. He was a fun-loving Irishman who obviously got a kick out of making music. Watching him cut up on the bandstand was a show in itself.

The difference between Tommy and Benny Dorsey was shown in their bands. Tommy was an extrovert, with great energy and enthusiasm. He would drive himself on five hours of sleep a night and drive his band to play beyond its capabilities. He constantly sought innovations in music.

Jimmy was the introvert. He found a smooth, easy style and stuck to it. While Tommy was having a ball playing one-nighters on the road, Jimmy preferred the security of backing Bing Crosby on his radio show. Jimmy's great hits were smooth, easy arrangements like "Green Eyes" and "Marie Elena."

"It was inevitable that the two brothers couldn't get along as partners in their younger days.

The split came on May 30, 1935, when their band was playing the Glen Island Casino in New York. They exchanged hot words and Tommy stalked off the stand.

"I'm going to start my own band," he vowed. "I won't give up until it's twice as good as his."

And what a band it was! All of the sidemen were great musicians, including such stars as Buddy Rich and Ziggy Elman. The vocalists were the greatest assembled for a band—Frank Sinatra, Jo Stafford, Connie Haines and the Pied Pipers.

Having realized his ambition—and mellowed quite a bit—Tommy joined forces with Jimmy. They had tired of feuding. The band business had faded to a shadow of its onetime prosperity, and they figured they could do better together than apart. They did, but it was nothing compared to the success they had known before.

**NO APPLE FOR THE TEACHER**

Phoenix, Ariz. (AP)—A company which wanted to welcome the annual convention of the Arizona Teachers Assn. left a barrel of apples in the school gymnasium where the meeting was to be held. But there were no apples for the teachers when they arrived. The students got there first.

**ITS OWN TIME**

El Paso, Tex., uses mountain standard time although an act of Congress in 1921 placed all of Texas within the central standard time zone.

**BUY U. S. SAVINGS BONDS**

## New Plymouth Hardtop

The 1957 Plymouth Sport Coupe (hardtop) has a low silhouette, long wheelbase, more powerful Fury 301 engine and revolutionary new Torsion-Aire ride—said to be the most important advancement in automotive design since the introduction of independent front suspensions. Car pictured here is the Belvedere with Sportone trim.

## 1957 Dodge Lancer Hardtop Five Inches Lower

THE 1957 SWEPT-WING DODGE, lower and longer, has the most exclusive styling and engineering improvements in history. Height of the two-door Lancer hardtop models like the Custom Royal Lancer shown above, has been reduced by five full inches so that the new Dodge stands barely four and a half feet high. Rear fenders sweep upward and backward to keynote the car's swept-wing styling, accenting a sport car appearance that is also a mark of the jet aircraft age.

## Government Boosts Interest Rate on Home Loans 5 Percent

Washington (AP)—The government has boosted the interest rate on FHA home loans from 4½ to 5 per cent in a move designed to prime the dwindling flow of mortgage funds available to prospective home buyers.

The move was denounced by Sen. Lehman (D-NY) as an added hardship on low and middle income groups. He called for a congressional investigation.

But from another quarter, Rep. Barratt O'Hara (D-Ill.), a member of the House subcommittee on housing, suggested the possibility of congressional action to raise the rate on government-guaranteed GI home loans as well.

The increased interest rate on loans insured by the Federal Housing Administration becomes effective Dec. 4 on future FHA commitments. It was described as "a decisive step to help home buyers to obtain mortgage financing."

Albert M. Cole, housing and home finance administrator, said the importance of the government action was "manyfold," asserting: "Primarily we are thinking in terms of people. People in America want to buy homes and this will assist them to get the financing they need."

The practical effect of today's action should make it easier to get a home loan because of the more attractive return to lenders, but at the same time means an increase of millions of dollars in financing costs to future home owners.

Translated into terms of a \$10,000 25-year mortgage, the half a per cent interest hike adds nearly

\$900 in interest costs to the total amount of repayment, according to FHA figures.

On such a mortgage the monthly payment would go up from \$55.80 to \$58.50, the increase reflecting the higher interest rate.

The increase in FHA interest rates does not effect the 4½ per cent rate on GI home loans guaranteed by the Veterans Administration. This rate is fixed by Congress, and any increase would have to be approved by both House and Senate.

In raising the possibility that Congress will follow the action of FHA in respect to GI loans, O'Hara told newsmen he expects the housing subcommittee to discuss such a step before Congress returns Jan. 3.

"There is no question but that mortgage money is drying up," O'Hara said.

### LARGEST OF ITS KIND

Hardy dam, on Michigan's Muskegon River, is the largest earthwork dam of its kind in the world. It is 1,000 feet wide, 120 feet high and forms a lake more than 16 miles long.

The title "mister" came into general usage after the French revolution.

## Salvage Torches Soon Will Claim Old Mississippi

Newport News, Va. (AP) Salvage torches in a Baltimore yard soon will tackle a job that proved too tough for Japanese ships and planes—destroying the USS Mississippi.

The gallant "Missy," resting quietly here, was sold for scrap yesterday to Bethlehem Steel Corp. of Bethlehem, Pa. The 32,000-ton battleship brought \$1,660,784.

The Missy, active through two world wars, was retired from active duty last July 31. She was towed to her pier here after 5th Naval District workers removed equipment used in her last years as an experimental gunnery ship.

The Mississippi was commissioned Dec. 18, 1917, at the Newport News Shipbuilding and Dry Dock Co.

She started service during World War I on convoy duty in the North Atlantic and aided in the blockade of Germany. Her first shots fired in anger, however, came during World War II when she joined in the bombardment of Kiska, Alaska, in 1943.

Later that year, she suffered her first wartime casualties. A flare-back in a gun turret killed an officer and 40 men.

By January 1944 she had been repaired and was busy mopping up coastal defenses for D Day at Kwajalein. There she showed the Navy what over-age battlewagons were good for—softening defenses of enemy-held islands.

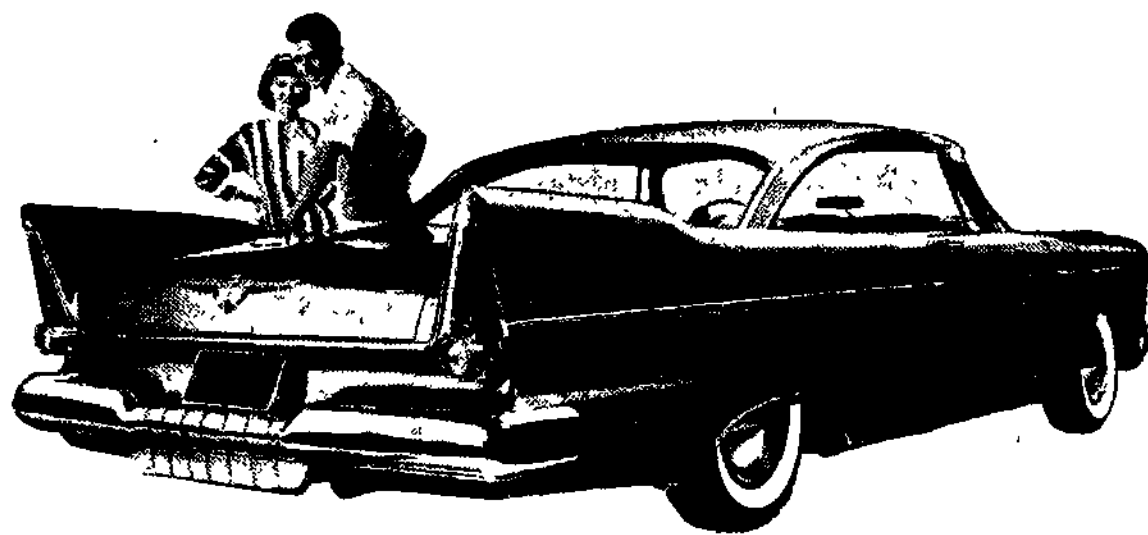

Off the Philippines Jan. 9, 1945, a Japanese suicide plane screamed out of the sky, headed for the nav-

# SUDDENLY, IT'S 1960 PLYMOUTH...

## ...AMERICA'S MOST WANTED CAR!

Most stared after, most longed for car in the country! And no wonder! If you're like everybody else, you'll find it hard to believe that this breath-taking new Plymouth is a low-priced car instead of a much more expensive make. And when you see and drive it you'll prove to yourself that this Plymouth is actually three full years ahead of anything in its field. For example, there's the unequalled comfort of Torsion-Aire Ride that tames any road... the surging power of the mightiest V-8 in the low-price 3—now up to 290 hp... the extra safety of Total-Contact Brakes. See this car today and you'll see the car of 1960—at your Plymouth dealer's.

gation bridge, barely missed and crashed into the anti-aircraft battery on her boat deck.

Another brush with a suicide plane off Okinawa required the Mississippi to put in for repairs near the end of the Pacific War.

But the Missy, playing Dixie and flying the Mississippi State flag, was part of Adm. William (Bull) Halsey's 3rd Fleet at the time of the Japanese surrender in Tokyo Bay.

A Navy unit commendation was awarded the Mississippi for her World War II action. She was cited for "outstanding heroism in action" against the Japanese in the Pacific from Oct. 12, 1944, to June 18, 1945.

The past nine years she spent in top-secret work perfecting guided missiles.

### SANFORD

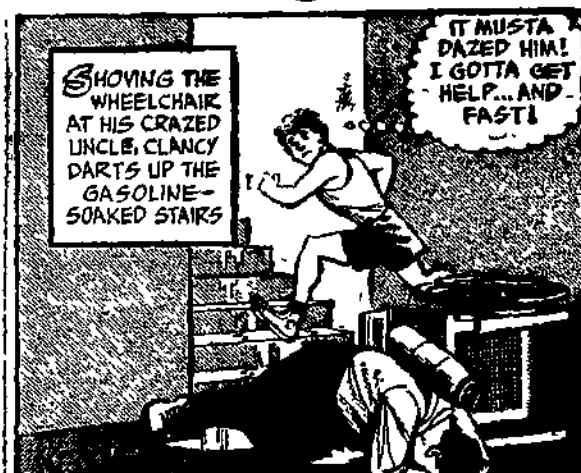

Sanford—Earl Brown was one of the lucky nimrods locally, getting a seven-point buck about 8:00 a. m. on their farm, and his brother, Junior, shot one during the afternoon. Several others have been successful, but details have not been learned.

Mrs. Florence Parker, Mrs. Pearl Brown, Mrs. Faye Scott, Mrs. Betty Danielson and Mrs. Lily Garber tied a quilt for a needy family Monday afternoon at the home of Mrs. Bessie Meabon.

Mrs. Lily Garber was a Warren visitor last week, calling on her niece, Mrs. Ann Ruhlman, and going to the funeral home to pay her respects to James Richards, who died Wednesday.

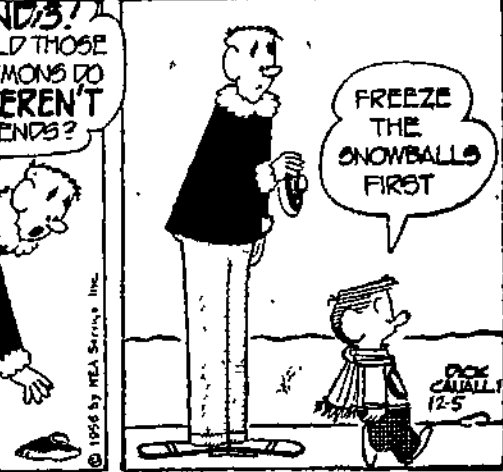

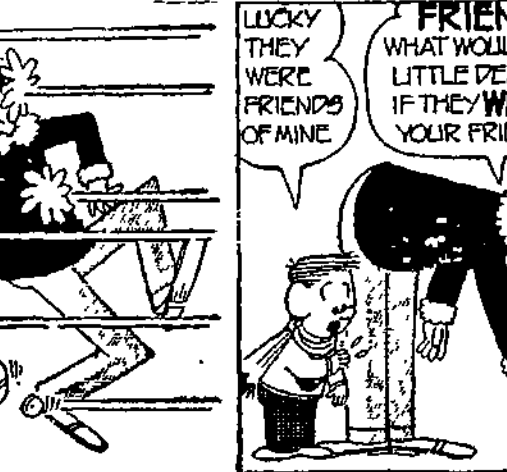

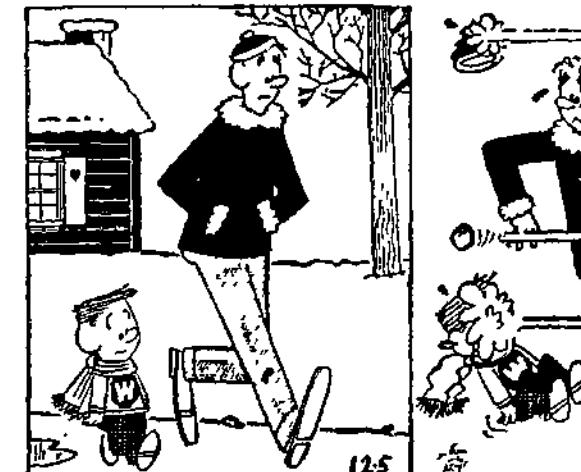

Mr. and Mrs. Carl Dougherty, Warren, O., are spending the week at their camp here, while the former is hunting. Also at their lo-

Josephine Platz, Dayton, O., was a guest for a couple of days of Lorraine Scott.

Sanford Ladies Aid will meet Wednesday, December 12, at the home of Mrs. Faye Scott, who will be assisted by Mrs. James Scott for the Christmas party and 50-cent gift exchange.

Newton Dinner Club will meet December 20 at the home of Mr. and Mrs. Charles Weldon.

### "DIVINE WIND"

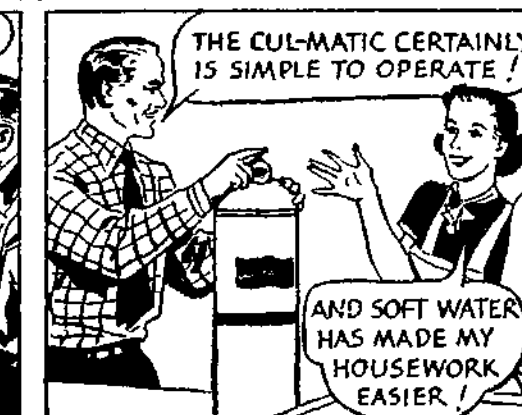

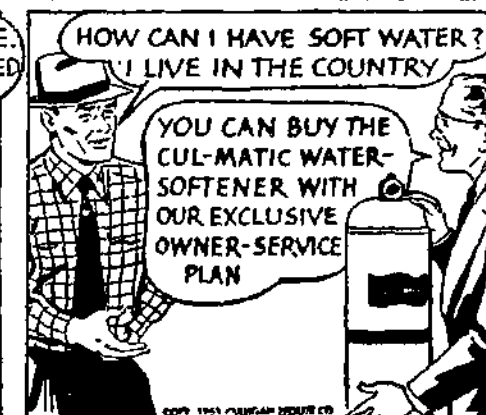

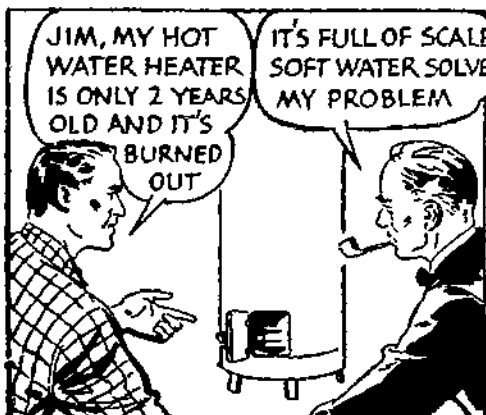

Kamikaze means "divine wind." The Japanese gave the name to a typhoon which saved Japan from invasion by the Mongols in the 1200s and they revived the name in World War II in the hope that the Kamikaze spirit would once more save Japan.

### GREATEST ENEMIES

Razorback hogs are one of the greatest enemies of longleaf pine in the South. One hog will root out and destroy up to 600 little longleaf pines in a single day.

CLASSIFIED ADS accepted until 11 a. m. on day of publication.

### Record Yield of Potatoes Reported in Pennsylvania

Harrisburg—Excessive rains in western Pennsylvania counties during the latter part of the potato growing season resulted in losses of up to 100 bushels per acre for some growers when tubers rotted in the ground, the State Department of Agriculture reports.

In spite of adverse weather conditions, blight and interrupted spraying schedules, a new all-time State record average yield of 165 bags per acre was established for fall potatoes.

A new record yield per acre was also established for late summer potatoes, mostly Cobblers, at 170 bags of 100 pounds each, Federal-State surveys disclosed.

Old records were 154 bags per acre for fall potatoes, set in 1954, and 145 bags per acre for late summer varieties, set in 1950 and equalled in 1955.

Full spud production estimates as of November 1 are for a total crop of 7,425,000 bags compared with 7,569,000 bags in 1955 and the 10-year average of 9,051,000 bags.

This year's Pennsylvania potato crop was harvested from the smallest commercial acreage ever known in the State, according to Department records. The total of 15,000 acres is 7,200 less than in 1955.

Dry weather during the second and third weeks of October permitted daily attention to harvesting of potatoes and nearly all were out of the ground by late October. The dry spell was especially welcome in rain-soaked western counties.

Yields apparently were best in the York County area. Yields and quality were generally good in the Lehigh area but some rotting, snail injury and sunburn was reported.

Approximately 2,400 persons are killed accidentally by firearms in the United States every year.

### SHEFFIELD

Sheffield—Mrs. J. A. Allen was hostess Monday evening for the Woman's Christmas party, with 27 members present, also one guest, Mrs. Charles Shick, Newport, R. I. Emma Christian, program chairman, gave The Christmas Story in an interesting manner and recorded carols were in charge of Mrs. A. S. Brown. Mrs. Harry Baldensperger, Mrs. C. H. Whittaker and Mrs. L. O. Eisenhauer served refreshments.

WSCS members of First Methodist church met at the church Tuesday for a covered-dish luncheon enjoyed by 22 members at 1:00 p. m. Hostesses were Mrs. Bruce Smith, Mrs. F. E. Shick, Mrs. Page Vashaw, with Mrs. J. A. Allen as chairman. A gift exchange followed.

Devotions, the lesson, and Christmas carols were in charge of Mrs. Wayne Chamberlain, the topic being "For All Children". Participating in a panel discussion were Mrs. C. H. Whittaker, Mrs. Fred Carlson, Mrs. Donald Huber, followed by a prayer, "A Tribute to a Teacher", by Mrs. P. J. Finerty. The society welcomed Mrs. Grant Mottern, who has returned to Sheffield and is residing at 16 Mill street.

### LANDER

Lander—Regular meeting of the PTA will be held at the Lander School at 8:00 p. m. Tuesday, when a Fathers' Night program will use the theme "Uniting the Home at Christmas" and present Everett Erickson, Jamestown, as guest speaker.

Mr. and Mrs. Lynn Burgett attended the Guernsey Breeders' banquet held at Youngsville.

Lander Sunshine Club will meet at the home of Mrs. Emil Sandeen on Friday, December 14, with a tureen dinner at 12:30 o'clock. A collection will be received for the Salvation Army instead of the usual gift exchange.

The hyena laughs when it is in search of food.

## You, Too, Can View That New Kind of FORD Tomorrow

# At Warren's 3rd Annual AUTO SHOW

### BEATY BUILDING DECEMBER 7th and 8th

#### Enjoy That New Kind of FORD Look

It's the sculptured look. You'll see it the moment you let your eyes wander over this fine car. In a '57 Ford you belong... anywhere:

It's the long, lean lines. There's a greyhound grace to the new Ford: No useless "fat," no showy "padding." Ford is as trim as a jet fighter:

It's the hardtop styling. Fairlane Club and Town Sedans have the hardtop look of Ford Victorias! In these Fairlane beauties, superthin, superstrong center pillars are smartly concealed by bright-metal window frames... to give hardtop beauty when doors are closed.

It's the freedom of choice. Colors? Fabrics? Accessories? Far more than that! Ford gives you a choice of two new, bigger sizes... longer, lower, roomier!

It's the ride that stays gentle. With a new frame that rides sweeter and lower, new springs, new suspension all around, even the roughest roads can't ruffle the poise of the new Ford.

It's the Thunderbird power. Ford celebrates its Silver Anniversary of V-8 leadership with the biggest selection of V-8's in Ford history.\* In addition to all this Thunderbird GO, there's a new and more powerful Mileage Maker Six.

"Six or V-8, the going is great!"

Just looking at this Fairlane Club Sedan is a special kind of fun!

It's the record-breaking performance. On the Salt Flats at Bonneville, Utah, a '57 Ford traveled 50,000 miles in less than 20 days... an average speed of 108.16 mph, including all pit stops! Another Ford averaged over 107 mph. Altogether, 458 national and international performance records were smashed as Ford rewrote the record book.

It's the big dollar value that lasts and lasts. Styled for tomorrow, a new Ford keeps its value longer. And wonder of wonders, all this extra strength, extra beauty, extra length is yours at low Ford prices!

\*Included is a special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 312 Super V-8 delivering up to 265 hp.

Wise man say: "Don't just look—buy it today!"

### Colorful Styling 1957 Ford Feature

Ford's 1957 line introduces 19 entirely new body styles in five series, and features three different body sizes on two redesigned chassis lengths.

The "hardtop convertible" styling formerly available only in Ford's Victoria models set the trend for design of all the closed bodies in the new Fairlane 500 and Fairlane series. Stylists slimmed down the center pillars and top silhouettes of conventional two four and four door models, with the result that when the doors are closed, they have virtually the same outside appearance as the popular pillarless types.

There are five models in Ford's station wagon series for 1957. The Ranch Wagon and Del Rio Ranch Wagon are two-door, six-passenger models. The six-passenger Country Sedan; the nine passenger Country Sedan and the nine passenger Country Squire are four-door models.

All colors, upholstery materials and trim are new on the 1957 Ford and the new line has 12 solid exterior colors and 19 two-tone combinations.

Basic colors for solid treatments are Colonial White, Raven Black, Flame Red, Dueskin Tan, Dresden Blue, Starmist Blue, Willow Green, Cumberland Green, Woodsmoke Gray, Gunmetal Gray, Silver Mocha and Inca Gold.
